Empowered For Witness:

Empowered for Witness Robert P. Menzies,1994 *Empowered for Witness* Robert Menzies,2004-10-13 With this study Menzies sets a new standard for pneumatology Beginning with an overview of the pneumatological perspectives of intertestamental Judaism including literature from the Diaspora Palestinian Qumran and rabbinic sources the first section concludes that for the most part these sources consistently identify experience of the Spirit with prophetic inspiration The next section aims to uncover Luke s distinctive pneumatology employing a redaction critical method of analysis in order to illustrate Luke s similarly consistent portrayal of the Spirit as the source of prophetic inspiration rather than as the source of Christian existence The final section goes on to explore how this conclusion impacts on contemporary theological reflection and spiritual life Robert P Menzies is Lecturer in New Testament at Asia Pacific Theological Seminary Baguio City Philippines

Empowered for Witness 102 David M. Westra,2023 *Empowered for Witness, Works and Wonders* Empowered21,2020-02-08 A Daily Devotional for Supernatural Impact Achieve victory over your day to day circumstances through words that activate God s power Find meaning and put the purpose God has given you into motion Empowered21 devotions written by key leaders will help you begin each day feeling empowered and Spirit led as you hear the Lord speak to you through the written word WHAT IS EMPOWERED21 Empowered21 is an organization that is helping shape the future of the Spirit empowered movement throughout the world by focusing on crucial issues facing the movement and connecting generations for intergenerational blessing and impartation **Asian Journal of Pentecostal Studies, Volume 20, Number 1** Dave Johnson,2018-04-03 THE JOURNAL SEEKS TO PROVIDE A FORUM To encourage serious theological thinking and articulation by Pentecostals Charismatics in Asia to promote interaction among Asian Pentecostals Charismatics and dialogue with other Christian traditions to stimulate creative contextualization of the Christian faith and to provide a means for Pentecostals Charismatics to share their theological reflections *Tongues of Fire* Frank D. Macchia,2023-03-28 In this volume Frank Macchia offers a systematic theology written with Christ s outpouring of the Holy Spirit from the heavenly Father at Pentecost as its dominant motif Christ s death and resurrection provide for our reconciliation with God and make way for the Spirit for the divine overflowing onto all flesh The church is born in the grace of that overflowing From the abundance of this divine self giving spring forth many different tongues aflame with the church s praise and witness This systematic theology seeks to join and further guide these tongues in their diverse contexts by reflecting in a coherent fashion across the spectrum of Christian doctrine The first three chapters offer an extensive treatment of modern approaches to theology Subsequent chapters explore all of the major topics of importance to theology historically This is theology written from a Pentecostal interest yet seeking to speak beyond it to a larger ecumenical horizon *The Spirit and Suffering in Luke-Acts* Martin W. Mittelstadt,2004-10-12 This work illuminates the tension between divine empowering and the neglected element of the work of the Spirit in contexts of opposition This lacuna not addressed in previous Pentecostal scholarship is at

the heart of Mittelstadt's exegesis. Thus Jesus not only lives and ministers in the power of the Holy Spirit but also experiences opposition and persecution as a man of the Spirit. Further, the Lukan Jesus not only transfers the Spirit to his disciples but also anticipates a similar fate for his followers. Finally, Luke forecasts that this divine enablement of the Spirit also available for future witnesses brings with it a similar anticipation of the same rejection and opposition as was experienced by Jesus and the disciples. While Pentecostals owe a debt of gratitude for the pioneering work of Pentecostal scholars, this book furthers their efforts by exploring the implications of Spirit-led witness in Luke Acts.

The Prophethood of All Believers Roger Stronstad, 1999-01-01. For centuries Christians have had the concept of the priesthood of all believers firmly engrained in their minds. The prophethood of all believers on the other hand is so, Stronstad believes, the main focus of Spirit baptism in Luke Acts. A landmark study in Lukan pneumatology, this book is aimed at a mixed readership ranging from the scholar to the informed layperson. The role of the Spirit in Luke is clearly portrayed in terms of vocational empowerment. Traditionally, Lukan pneumatology has been viewed through Pauline or Johannine spectacles but by interpreting Luke independently of the other Gospels and the epistles, Stronstad has cogently argued for the historical and contemporary relevance of Spirit baptism. He challenges the reader to develop a new appreciation of Luke's theology of the Holy Spirit and in fact to consider the role of the prophethood of all believers for today's world.

Reading Acts Theologically Steve Walton, 2022-06-30. Steve Walton has consistently focused his research and scholarship upon the theological perspective of Acts while considering the book's nature and focus, its portrait of the early Christian communities and their mission in the culturally varied first-century world and its major theological themes. Walton now collects several of his key essays into an expansive and coherent perspective, bringing together studies published over nearly two decades during his time of study and reflection in the process of writing the Word Biblical Commentary on Acts. The collection begins with an exploration of what reading Acts theologically means, the divine perspective of Acts and how Luke theologizes through narrative. Walton presents analyses covering the nature of the early Church and the main terms used by the communities, the believers' sharing of possessions, early Christian attitudes to the Jewish temple, decision-making among the earliest Christians and the church's engagement with the Roman empire and its representatives. This volume studies theological themes in Acts such as Jesus' role as a character in the text while also located in heaven and the cosmology and anthropology communicated by Acts, thus providing a new reflection on the early Christian understanding of God, Jesus and humanity.

The Spirit and the Secular Phil William Zarns, 2021-03-31. How does one make disciples and plant the church in a secular environment? Does it take technical production? Is a great venue or mother church necessary? Does it take a well-networked team? Tangible factors such as these are easily remedied by consulting seasoned church planting experts. Yet what if some obstacles to plant the church aren't tangible at all? *The Spirit and the Secular* examines the ways that Spirit-led Christians trust the Holy Spirit while church planting amidst a secular cultural backdrop. A review of Luke and the Acts of the Apostles traces a Spirit-led Christ and Spirit-led church as they make

disciples To better discern the challenge of what it means to be a contemporary church planter in Sweden a historical review of Swedish culture reveals the rise of secularism alongside of the flourish of the Pentecostal church of the 1900s What follows is a groundbreaking fieldwork study using a current investigative interview method Q Methodology measuring the perceptions of thirty church planters in Sweden who reveal their collective ideal and differing practices The study wraps with a comprehensive analysis grounding the research in a theory of Spirit led church planting *Spirit and Word* Timothy Wiarda,2016-12-15 A number of New Testament passages depict the Holy Spirit acting in conjunction with gospel preaching or other forms of humanly given communication about Jesus yet there is considerable disagreement about how these passages should be interpreted Unresolved exegetical debates about the correlative action the dual testimony of the Spirit and the humanly conveyed word plague the interpretation of whole writings extended sections of individual works and important themes This book examines this contested motif in a focused and comprehensive way It begins by taking the Pauline Johannine and Lucan writings in turn subjecting the central texts that express dual testimony to detailed exegetical analysis On the basis of this exegetical work it then moves to a big picture analysis of the way each corpus expresses and uses the dual testimony motif identifying individual emphases and tendencies as well as shared elements that can be observed across the three bodies of writing Two final chapters offer brief reflections on possible developmental scenarios and points at which the preceding exegetical findings may impinge on questions of contemporary theology **The Continuing Conversion of the Church** Darrell L. Guder,2000-03-20 Western society is now a very different very difficult mission field In such a situation the mission of evangelism cannot succeed with an attitude of business as usual This volume builds a theology of evangelism that has its focus on the church itself Darrell Guder shows that the church s missionary calling requires that the theology and practice of evangelism be fundamentally rethought and redirected focused on the continuing evangelization of the church so that it can carry out its witness faithfully in today s world In Part 1 Guder explores how under the influence of reductionism and individualism the church has historically moved away from a biblical theology of evangelism Part 2 presents contemporary challenges to the church s evangelical ministry especially those challenges that illustrate the church s need for continuing conversion Part 3 discusses what a truly missional theology would mean for the church including sweeping changes in its institutional structures and practices Written for teachers church leaders and students of evangelism this volume is vital reading for everyone engaged in mission work **The Medical Practitioners' Legal Guide** Hugh Weightman,1870 **Be My Witnesses** Darrell L. Guder,1985 What is the church s mission in the world What message does it proclaim and who is to proclaim it The mission says Darrell Guder in this book is to complete the work of salvation that God began in the incarnation of his son Jesus Christ The message is the gospel the good news of the incarnate Christ And the messengers are the Body of Christ the church who have been called to be his witnesses Only as we understand Christ s incarnation and the church s role in proclaiming its meaning according to Guder can we understand our calling to be

Tuppurainen, 2019-10-16 Lukan narrative takes its readers into God's story how his salvation plan in Jesus began on the slopes of Judea and at the Sea of Galilee ending on the hill of Calvary and the Mount of Olives yet moving on and telling how the Spirit descended onto the Temple Mount empowering God's people who then began to fulfill the given mandate in the presence of the Spirit Yet readers of Luke Acts throughout the centuries have had a meandering journey as they have tried to understand the narrative's persuasion and Spirit references This book seeks to bring awareness to these challenges by some of the most respected Pentecostal biblical scholars and systematicians Here their vigorous labor with the questions of hermeneutics and theology in relation to Lukan writings have come to fruition These contributions have been collected as a Festschrift in honor and celebration of the career of Roger Stronstad a Pentecostal biblical scholar whose contribution to Lukan studies have moved Pentecostal scholarship from shadows into daylight The editor of this volume invites the readers of

The Hermeneutical Spirit Amos Yong, 2017-11-06 In the contemporary biblical studies climate proposals regarding the theological interpretation of Scripture are contested particularly but not only because they privilege encourage and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood Within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition This volume builds on the author's previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post Pentecost meaning after the Day of Pentecost outpouring of the Spirit on all flesh in anticipation of the coming reign of God In that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The Hermeneutical Spirit thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty first century global context
