*For the Souls of Black Folks* Cari Jackson, 2013-05-21 For the Souls of Black Folks examines the impact of black religious culture in shaping the ethical values and sociopolitical condition of U S blacks The

book reviews the nexus of theological traditions and historical factors that have formed black churches as environments where preachers serve as the moral compass for black churchgoers For the Souls of Black Folks builds upon the work of sociologist W E B Du Bois who highlighted the presence of a double consciousness in the collective psyche of blacks stemming from racial oppression The book explores the ways in which that double consciousness often reflected in black preaching socializes black Christians to subjugate their own moral authority to that of black preachers The central argument is that this socialization to submit to preachers greatly underserves black churchgoers in developing and exercising their own power and authority as social agents and thus significantly impedes the full sociopolitical liberation of all blacks The book offers important new preaching strategies that more effectively facilitate the empowerment of blacks as critical agents of social transformation and healing in the twenty first century

Contemporary African American preaching P3040 , L Susan Bond reveals the full range and diversity of African American preaching in this exploration of African American homiletical theories Portraying the many approaches that are empowering preaching in African American churches today Bond shows how different theological perspectives produce different methods of sermon preparation and delivery different strategies for selecting illustrative material and even different ways of beginning and ending sermons Her goal is not to lift up the right way to preach in the African American tradition but to show the richness and nuance contained within this powerful cultural expression

**Christian Faith and Social Justice: Five Views** Vic McCracken, 2014-06-19 The Judeo Christian tradition testifies to a God that cries out demanding that justice roll down like waters righteousness like an ever flowing stream Amos 5 24 Christians agree that being advocates for justice is critical to the Christian witness And yet one need not look widely to see that Christians disagree about what social

justice entails What does justice have to do with healthcare reform illegal immigration and same sex marriage Should Christians support tax policies that effectively require wealthy individuals to fund programs that benefit the poor Does justice require that we acknowledge and address the inequalities borne out of histories of gender and ethnic exclusivity Is the Christian vision distinct from non Christian visions of social justice Christians disagree over the proper answer to these questions In short Christians agree that justice is important but disagree about what a commitment to justice means Christian Faith and Social Justice makes sense of the disagreements among Christians over the meaning of justice by bringing together five highly regarded Christian philosophers to introduce and defend rival perspectives on social justice in the Christian tradition While it aspires to offer a lucid introduction to these theories the purpose of this book is more than informative It is purposefully dialogical and is structured so that contributors are able to model for the reader reasoned exchange among philosophers who disagree about the meaning of social justice The hope is that the reader is left with a better understanding of range of perspectives in the Christian tradition about social justice

### Liberating Black Theology

Anthony B. Bradley, 2010-02-03 When the beliefs of Barack Obama s former pastor Rev Jeremiah Wright assumed the spotlight during the 2008 presidential campaign the influence of black liberation theology became hotly debated not just within theological circles but across cultural lines How many of today s African American congregations and how many Americans in general have been shaped by its view of blacks as perpetual victims of white oppression In this interdisciplinary biblical critique of the black experience in America Anthony Bradley introduces audiences to black liberation theology and its spiritual and social impact He starts with James Cone s proposition that the victim mind set is inherent within black consciousness Bradley then explores how such biblical misinterpretation has historically hindered black churches in addressing the diverse issues of their communities and prevented adherents from experiencing the freedoms of the gospel

Yet Liberating Black Theology does more than consider the ramifications of this belief system it suggests an alternate approach to the black experience that can truly liberate all Christ followers *Mothership Connections* Theodore Walker Jr.,2012-02-01 Bringing a black Atlantic approach to constructive postmodern efforts to understand and transcend modern worldviews and modern world orders Mothership Connections draws upon the work of scholars in the tradition of W E B Du Bois Charles H Long Alfred North Whitehead and Charles Hartshorne The author shows that connections to the originating influences of transatlantic slavery and black Atlantic experiences are essential to any adequate account of modernity and postmodernity He also argues that metaphysics is essential to theology and moral theory synthesizing neoclassical metaphysics and black theology to develop a black Atlantic account of metaphysical aspects of struggle power and ethical deliberation **Pentecostalism: A Guide for the Perplexed** Wolfgang Vondey,2012-12-18 Pentecostalism is the fastest

growing religious movement of our time The unexpected birth of the modern day Pentecostal movement at the doorsteps of the twentieth century is as perplexing as its continuing existence and unprecedented expansion worldwide Once marginalized from public discourse Pentecostals have entered into mainstream culture religion politics academia and social action However the unprecedented growth of Pentecostalism in all its diversity has led to characterizations ripe with platitudes stereotypes and misrepresentations This Guide for the Perplexed sheds light on the most persistent contrasts characterizing the Pentecostal movement the tension between local manifestations and global Pentecostalism the inconsistency between spiritual discernment and charismatic excess the gap between rampant denominationalism and the pursuit of Christian unity the disparity between poverty among many Pentecostals and the popularity of the prosperity gospel the division between Oneness Pentecostals and their trinitarian counterparts and the worldview of Pentecostals beyond the confines of a religious movement Those tensions form the essence of global Pentecostalism and represent the emergence of a global Christian world **A Church Wide Enough for Everyone** Steven H. Propp,2018-02-03 Robert Schaeffer and

Douglas West are best friends living in Oklahoma in 1963when they discover that they both sense a calling to become ministers in a mainline Christian denomination But from seminary and their early years in ministry to their golden years looking back on what it takes to lead a congregation a stimulating sometimes puzzling yet often inspirational world of theological controversies and congregational concerns would unfold for these two men of God A Church Wide Enough for Everyone follows these two men on their journey to demonstrate the continuing relevance of the Christian faith in a postmodern world After moving to Berkeley California to attend college and seminary they have little time to ponder the vast social changes taking place before they immediately enter into intensive critical study of the Bible and Christian theology And as Robert is then thrust into the ordained ministry with his wife Faye both men must in their own ways face the political cultural and ideological pressures of each passing decade responding to challenges from both within the church and from outsiders Are mainline churchesand Christian theologydead Or might they be revitalized in the current century A Church

Wide Enough for Everyone and the inspired journeys of two ministers offers a window into how this revitalization and new understanding is possible
