Empty Rice Bowl:

Empty Rice Bowl Russell R. Herron, 1995-04-01 Like clockwork drought has returned to central China The central region's rice paddies are now mere vats of pulverized dust China's ageing leaders intend to respond to this crisis the same way they have always responded an opportunity to thin the ranks of the Country's 1.1 billion people Unbeknownst to the ageing leaders a new expansionist political faction intends on seizing power in China Their goal is to take possession of Lake Baykal representing one fifth of the world's surface fresh water supply from a weakened Russian military The bonus China's vast armies would be in a position to cross the winter Ice Bridge in the Bering Strait take the rich state of Alaska from the Americans The new military minded President of the United States of America does not intend to allow the endless armies of the People's Republic of China to just park their military machine 50 miles from the state of Alaska So it's up to the forces of the U.S. Joint Special Operations Command JASOC to cut the People's Liberation Army's supply arteries rescue U.S. citizens being held hostage by the new communist regime To order contact Beaver Creek Pub Co P.O. Popular Protest in China Kevin J. O'Brien, 2008-11-21 Unrest in China from the dramatic events of 1989 to more recent stirrings offers a rare opportunity to consider how popular contention unfolds in places where speech and assembly are tightly controlled The contributors to this volume argue that ideas inspired by social movements elsewhere can help explain popular protest in China

The Clan Records Toshiyuki Kajiyama, Yoshiko Kurata Dykstra, 1995-01-01 Although little known in the West Kajiyama Toshiyuki was one of Japan's most prolific and popular writers Celebrated for his crisp fast paced style and incisive analysis Kajiyama's popularity may be attributed to his finely tuned sense of what many Japanese felt but could not articulate the feeling of irreplaceable loss that lay beneath post World War II Japan's highly successful economic recovery The son of a civil engineer Kajiyama was born in Seoul in 1930 and remained there until his family was repatriated to Japan at the end of the war The Clan Records Five Stories of Korea not only offers a sampling of Kajiyama's work in English for the first time but also represents the first English translations from the Japanese that deal with Korea under Japan's harsh military rule which lasted from 1910 to 1945 Kajiyama intended these tales to be one of the components of his lifework a trilogy that remained

unfinished at the time of his death in 1975 Kajiyama had outlined a tour de force that was to have focused on three interlocking landscapes Korea the place of his birth and childhood Hawaii his mother's birthplace and the setting for the Japanese immigration experience and Hiroshima his father's birthplace and the site of the atomic bombing The Clan Records includes five of Kajiyama's Korea tales among them the title story *Richo zan ei* winner of the prestigious Naoki Prize and the basis of a highly acclaimed movie made in Korea in 1967 Laced with local expressions and accurate descriptions of Korean culture Kajiyama's narratives infuse his Korean protagonists with dignity and courage They depict sensitive subjects in an unusually subtle and emphatic manner without being patronizing In these stories too Kajiyama avoided the temptation to soften the often brutal consequences of the inhumanity of the Japanese occupation **Guppy Trading** Daryl

Flowing Waters Never Stale Mark Anthony Jones, 2008

Detailed encounters with ethnic Tibetan Hui and Ba Pai Ya minorities, an introduction to Shenzhen's mythologised history, experienced as simulacrum, adventures in consumerism, exotic cuisines, and flying pigs: all the vibrant chaos that is modern China captured here as a balance of serious analysis and light-hearted fun. *Flowing Waters Never Stale* brings together a collection of China travel tales written over a five-year period from early 2002 to the end of February 2007, capturing the complexity, variety, and spirit of the country in a way that few other books have ever managed to achieve. The proverb used as the book's title, it is argued, captures the essential spirit of the Chinese character: a generally very pragmatic people. The Chinese have a long history of integrating foreign ideas, products, and technologies into their lives, but in ways that are culturally specific, enabling them to modernise while still retaining their Chinese characteristics.
