How to Be an Intellectual in the Age of TV Marcie Frank, 2005-10-25 An analysis of how Gore Vidal as a public intellectual negotiates the print screen media divide

Ancient Narrative Volume 4 , Categorically Famous Guy Davidson, 2019-06-18 The first sustained study of the relations between literary celebrity and queer sexuality Categorically Famous looks at the careers of three celebrity writers James Baldwin Susan Sontag and Gore Vidal in relation to the gay and lesbian liberation movement of the 1960s While none of these writers came out in our current sense all contributed through their public images and their writing to a greater openness toward homosexuality that was an important precondition of liberation Their fame was crucial for instance to the growing conception of homosexuals as an oppressed minority rather than as individuals with a psychological problem Challenging scholarly orthodoxies Guy Davidson urges us to rethink the usual opposition to liberation and to gay and lesbian visibility within queer studies as well as standard definitions of celebrity The conventional ban on openly discussing the homosexuality of public figures meant that media reporting at the time did not focus on his protagonists private lives At the same time the careers of these semi visible gay celebrities should be understood as a crucial halfway point between the era of the open secret and the present day post liberation era in which queer people celebrities very much included are enjoined to come out
