## Emilie De La Nouvelle:

, *Notable Canadian Children's Books*, 1980      **The International Reception of Emily Dickinson** Domhnall Mitchell, Maria Stuart, 2011-10-27 Emily Dickinson's poetry is known and read worldwide but to date there have been no studies of her reception and influence outside America This collection of essays brings together international research on her reception abroad including translations circulation and the responses of private and professional readers to her poetry in different countries The contributors address key translations of individual poems and lyric sequences Dickinson's influence on other writers poets and culture more broadly biographical constructions of Dickinson as a poet the political cultural and linguistic contexts of translations and adaptations into other media It will appeal to all those interested in the international reception of Dickinson and nineteenth century American literature more widely      **Promised Lands** Sam Rohdie, 2019-07-25 An attempt to locate cinema alongside philosophy painting geography and travel in terms of a history of modernism The book focuses on a collection of geographical and ethnographic films and photographs amassed by banker Albert Kahn in the 1900s arguably an instance of French modernism      *Trübner's American, European and Oriental literary record*, 1884      *Trübner's American and Oriental Literary Record*, 1884 A monthly register of the most important works published in North and South America in India China and the British colonies with occasional notes on German Dutch Danish French Italian Spanish Portuguese and Russian books      *Trubner's American and Oriental Literary Record*, 1884      *Trübner's American, European, & Oriental Literary Record*, 1883      **The New annual register, or General repository of history, politics, and literature**, 1812      **The New Annual Register, Or General Repository of History, Politics, and Literature, for the Year ...**, 1812      *Laws for the Government of the District of Louisiana Passed by the Governor and Judges of the Indiana Territory Louisiana*, 1838      *Acts Passed at the ... Session of the Legislature of the State of Louisiana ... Louisiana*, 1853      *Conduct Books for Girls in Enlightenment France* Nadine Berenguier, 2016-05-23 During the eighteenth century at a time when secular and religious authors in France were questioning women's efforts to read a new literary genre emerged conduct books written specifically for girls and unmarried young women In this carefully researched and thoughtfully argued book Professor Nadine Berenguier shares an in depth analysis of this development relating the objectives and ideals of these books to the contemporaneous Enlightenment concerns about improving education in order to reform society Works by Anne Thérèse de Lambert Madeleine de Puisieux Jeanne Marie Leprince de Beaumont Louise d'Epinay Barthélemy Graillard de Graville Chevalier de Cerfvol abb Joseph Reyre Pierre Louis Roederer and Marie Antoinette Lenoir take up a wide variety of topics and vary dramatically in tone But they all share similar objectives acquainting their young female readers with the moral and social rules of the world and ensuring their success at the next stage of their lives While the authors regarded their texts as furthering the common good they were also aware that they were likely to be controversial among those responsible for girls' education Berenguier's sensitive readings highlight these tensions as she

offers readers a rare view of how conduct books were conceived consumed re edited memorialized and sometimes forgotten In the broadest sense her study contributes to our understanding of how print culture in eighteenth century France gave shape to a specific social subset of new readers modern girls      **Book-prices Current** ,1913      **Civilizing Habits** Sarah A. Curtis,2010-08-31 *Civilizing Habits* explores the life stories of three French women missionaries Philippine Duchesne Emilie de Vialar and Anne Marie Javouhey who crossed boundaries both real and imagined to evangelize far from France s shores In so doing they helped France reestablish a global empire after the dislocation of the Revolution and the fall of Napoleon They also pioneered a new missionary era in which the educational charity and health care services provided by women became valuable tools for spreading Catholic influence across the globe Philippine Duchesne traveled to former French territory in Missouri in 1818 to proselytize among Native Americans Thwarted by the American policy of removing tribes even further west she turned her attention to girls education on the frontier Emilie de Vialar followed French troops to Algeria after its conquest and opened missions throughout the Mediterranean basin in the mid nineteenth century Prevented from direct evangelization she developed strategies and subterfuges for working among Muslim populations Anne Marie Javouhey evangelized among Africans in the French slave colonies including a utopian settlement in the wilds of French Guiana She became a rare Catholic proponent of the abolition of slavery and a woman designated a great man by the French king Paradoxically through embracing religious institutions designed to shield their femininity these women gained increased authority to travel outside France challenge church power and evangelize among non Christians all roles more commonly ascribed to male missionaries Their stories teach us about the life paths open to religious women in the nineteenth century and how both church and state benefitted from their initiative to expand the boundaries of faith and nation      **Le Correspondant** ,1925      *Montreal Pharmaceutical Journal* ,1904      **Death and Afterlife in Modern France** Thomas A. Kselman,2014-07-14 Although today in France church attendance is minimal when death occurs many families still cling to religious rites In exploring this common reaction to one of the most painful aspects of existence Thomas Kselman turns to nineteenth century French beliefs about death and the afterlife not only to show how deeply rooted the cult of the dead is in one Western society but how death and the behavior of mourners have been politicized in the modern world Drawing on sermons preached in rural and urban parishes folktales and accounts of seances the author vividly re creates the social and cultural context in which most French people responded to death and dealt with anxieties about the self and its survival Inspired mainly by Catholicism beliefs about death provided a social basis for moral order throughout the nineteenth century and were vulnerable to manipulation by public officials and clergy Kselman shows however that by mid century the increase in urbanization capitalism family privacy and expressed religious differences generated diverse attitudes toward death causing funerals to evolve from Catholic neighborhood rituals into personalized symbolic events for Catholics and dissenters alike the civil burial of Victor Hugo being perhaps the greatest symbol of rebellion Kselman s discussion of the growth of

commercial funerals and innovations in cemetery administration illuminates a new struggle for control over funeral arrangements this time involving businessmen politicians families and clergy This struggle in turn demonstrates the importance of these events for defining social identity Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*Phenomenology in French Philosophy: Early Encounters* Christian Dupont, 2013-11-20 This work investigates the early encounters of French philosophers and religious thinkers with the phenomenological philosophy of Edmund Husserl Following an introductory chapter addressing context and methodology Chapter 2 argues that Henri Bergson's insights into lived duration and intuition and Maurice Blondel's genetic description of action functioned as essential precursors to the French reception of phenomenology Chapter 3 details the presentations of Husserl and his followers by three successive pairs of French academic philosophers Léon Noë and Victor Delbos Lev Shestov and Jean Hering and Bernard Groethuysen and Georges Gurwitsch Chapter 4 then explores the appropriation of Bergsonian and Blondelian phenomenological insights by Catholic theologians Édouard Le Roy and Pierre Rousselot Chapter 5 examines applications and critiques of phenomenology by French religious philosophers including Jean Hering Joseph Maréchal and neo Thomists like Jacques Maritain A concluding chapter expounds the principal finding that philosophical and theological receptions of phenomenology in France prior to 1939 proceeded independently due to differences in how Bergson and Blondel were perceived by French philosophers and religious thinkers and their respective orientations to the Cartesian and Aristotelian Thomist intellectual traditions

*The Story of French New Orleans* Dianne Guenin-Lelle, 2016-02-04 What is it about the city of New Orleans History location and culture continue to link it to France while distancing it culturally and symbolically from the United States This book explores the traces of French language history and artistic expression that have been present there over the last three hundred years This volume focuses on the French Spanish and American colonial periods to understand the imprint that French socio-cultural dynamic left on the Crescent City The migration of Acadians to New Orleans at the time the city became a Spanish dominion and the arrival of Haitian refugees when the city became an American territory oddly reinforced its Francophone identity However in the process of establishing itself as an urban space in the Antebellum South the culture of New Orleans became a liability for New Orleans elite after the Louisiana Purchase New Orleans and the Caribbean share numerous historical cultural and linguistic connections The book analyzes these connections and the shared process of creolization occurring in New Orleans and throughout the Caribbean Basin It suggests French New Orleans might be understood as a trope for unscripted original Creole social and cultural elements Since being Creole came to connote African descent the

study suggests that an association with France in the minds of whites allowed for a less racially bound and contested social order within the United States
