*Emily Carr Country* Courtney Milne, Emily Carr, 2001 Though fame came late to Emily Carr today she is hailed as a major and influential figure in the history of Canadian art and as a writer of unique and extraordinary talent In this book Courtney Milne has taken the best of Carr's writing about the land she loved and has matched it to a stunning selection of his own photographs of the West Coast In a vigorous and colourful post impressionist style Emily Carr painted the vanishing native villages and totem poles of her beloved coastal British Columbia and later in her career produced beautifully lyrical paintings expressive of the spirit and rhythms of Western forests beaches and skies She also poured her talent into books about her life and art her love of animals and nature her frustrations and disappointments her many sources of joy An annual visitor to the West Coast Courtney Milne has been making photographs with the words of Emily Carr in mind for close to 20 years To put this book together he has collected his favourite quotes from Carr and combed through many thousands of his photographs to find the perfect image to match a chosen piece of prose The result is a spellbinding duet of text and pictures from two gifted and sympathetic artists **A.Y. **Before the Country** Stephanie McKenzie, 2007-11-25 In the late 1960s and early 1970s Canada witnessed an explosion in the production of literary works by Aboriginal writers a development that some critics have called the Native Renaissance In *Before the Country* Stephanie McKenzie explores the extent to which this growing body of literature influenced non Native Canadian writers and has been fundamental in shaping our search for a national mythology In the context of Northrop Frye's theories of myth and in light of the attempts of social critics and early anthropologists to define Canada and Canadian literature McKenzie discusses the ways in which our decidedly fractured sense of literary nationalism has set indigenous culture apart from the mainstream She examines anew the aesthetics of Native Literature and in a style that is creative as much as it is scholarly McKenzie incorporates the principles of storytelling into the unfolding of her argument This strategy not only enlivens her narrative but also underscores the need for new theoretical strategies in the criticism of Aboriginal literatures *Before the Country* invites us to engage in one such endeavour **A Fair Country** John Ralston Saul, 2009-09-22 In this startlingly original vision of Canada renowned thinker John Ralston Saul argues that Canada is a M t i s nation heavily influenced and shaped by Aboriginal ideas Egalitarianism a proper balance between individual and group and a penchant for

negotiation over violence are all Aboriginal values that Canada absorbed An obstacle to our progress Saul argues is that Canada has an increasingly ineffective elite a colonial non intellectual business elite that doesn't believe in Canada It is critical that we recognize these aspects of the country in order to rethink its future Country Roads of British Columbia Liz Bryan,2011-02-01 Join Liz Bryan on 18 picturesque journeys through the diverse landscapes of the British Columbia Interior Winding through sagebrush and forest grassland plateaus and mountain valleys beside river canyons and multicoloured volcanic rocks these road trips reveal the rich variety of the province's geology and natural history and show how the strands of human history are closely interwoven with the land First Nations fur traders explorers gold miners ranchers and homesteaders all have left their mark *Country Roads of British Columbia* is an invitation to celebrate the province's scenic heartland and to learn a little of the history of this westernmost province Driving instructions and maps complement the text and Bryan's colour photographs show just how beautiful British Columbia is **Caesar Country** Aaron Harowitz,Zack Silverman,2022-06-07 *Caesar Country* is a love letter to Canada by way of one cocktail our cocktail the Caesar In this stunning book Aaron Harowitz and Zack Silverman co founders of Walter Craft Caesar take you on a deep and detailed dive through the art and science of Caesar making They share a compelling collection of cocktail and food recipes including contributions from some of Canada's top bartenders and chefs showcasing the countless ways to reinterpret the classic Caesar *Caesar Country* is inspired by travels across Canada the people met places seen drinks enjoyed and seamlessly weaves together the Caesar's history evolution and the innovators behind it to create a visual and culinary celebration of the country it calls home *Country Roads of Western BC* Liz Bryan,2011-05-15 In her third book of off the beaten track explorations of western Canada Liz Bryan travels scenic roads of British Columbia's Lower Mainland and Vancouver Island From country routes winding through the Fraser Valley to forest roads on Vancouver Island leading to coastal settlements such as Zeballos and Telegraph Cove these journeys celebrate amazing landscapes and trace the early human history of these regions Since some of coastal BC's interesting places are accessible only by boat the book also takes readers on excursions along the fjord riven coast to such places as Friendly Cove and Sechart Whaling Station From sandy bays to rocky headlands quiet farmland to rugged forest high mountains to rushing rivers Liz Bryan captures the beauty of western British Columbia *Canada, A Country of Change* Graham Broad,Mathew Rankin,2021-08-02 *Canada A Country of Change 1867 to Present* explores the characters and events that have shaped Canada Through Confederation two world wars Depression and post war prosperity Canada has risen to become the free country we know today In this book your students will discover the exciting story that defines our nation It includes Historical photographs and artwork Primary archival documents including letters and other first person accounts Sidebars that extend the main text Profiles of Canada's prime ministers Fun facts that connect history to children's own experiences Maps and charts designed for young readers and Much more **Country Album** James Capozzi,2011-12-15 At one moment while reading James Capozzi's manuscript it occurred to me that he might

actually be a Martian who learned to write by studying the incomplete works of John Donne Raymond Queneau and J G Ballard But that only tells part of the story He seems to have traveled to different countries Spain New Jersey and Nevada and recognized that all of them are foreign Ghosts and ghostly voices rise up from the ground Without falling into some obvious pattern or strategy Capozzi puts words together that sound as if they have been connubial all along The best poems worm their way into the reader s brain adding their own wires and synapses JOHN YAU **A Painter's Country** Alexander Young Jackson,Vincent Massey,1963 Blair & Ketchum's Country Journal ,1979-07 Stones Will Shout Helen E. *Opposite Contraries* Emily Carr,2009-07-01 Collected from Emily Carr s private and public writings these previously unpublished pieces reveal the outspoken artist at her most forthright Expurgated sections from Carr s journals detail her anguished meditations on her spiritual mission musings about Native culture and the white community s reaction to it and thoughts about her family Her groundbreaking 1913 Lecture on Totems her first recorded writing on Native art and people is also included as are some of her most fascinating letters to friends and colleagues *Sketches from an Unquiet Country* Dominic Hardy,Annie Gérin,Lora Senechal Carney,2018-06-08 Canadian readers have enjoyed their own graphic satire since colonial times and Canadian artists have thrived as they took aim at the central issues and figures of their age Graphic satire a combination of humorous drawing and text that usually involves caricature is a way of taking an ethical stand about contemporary politics and society First appearing in short lived illustrated weeklies in Montreal Quebec City and Toronto in

the 1840s usually as unsigned copies of engravings from European magazines the genre spread quickly as skilled local illustrators engravers painters and sculptors joined the teams of publishers and writers who sought to shape public opinion and public policy A detailed account of Canadian graphic satire Sketches from an Unquiet Country looks at a century bookended by the aftermath of the 1837-38 Rebellions and Canada's entry into the Second World War As fully fledged artist commentators Canadian cartoonists were sometimes gently ironic but they were just as often caustic and violent in the pursuit of a point of view This volume shows a country where conflicts crop up between linguistic and religious communities a country often resistant to social and political change for women and open to the cross currents of anti-Semitism xenophobia and fascism that flared across Europe and North America in the early twentieth century Drawing on new scholarship by researchers working in art history material culture and communication studies Sketches from an Unquiet Country follows the fortunes of some of the artists and satiric themes that were prevalent in the centres of Canadian publishing **Canada**
