Creative Realities Maxine Borowsky Junge,1998 Creative Realities The Search for Meanings brings a unique approach to the difficult study of the creativity of artists through a researcher who is also an artist Maxine Borowski Junge explores the creative processes of fourteen visual artists and writers through interviews and examination of their work She accomplished this through a four part alternative realities perspective which also includes a documentation of her own work as an artist The four case studies establish differences between the creative experience and the interaction with the outside world Distinctive patterns of relationship are discovered between the artist in the creative mode and his or her personality in the

outside world The patterns noticed designated The Ariadne Effect represents the effect that the specific realities have on the creative process yet noting that the particular universe does not create creativity *Hemingway and Women* Lawrence R. Broer, Gloria Holland, 2002-10-06 Moving from fiction to biography the collection concludes with a group of essays about the real women in Hemingway's life those who cared for him competed with him and ultimately helped to shape his art

National Library of Medicine Current Catalog National Library of Medicine (U.S.), 1971 First multi year cumulation covers six years 1965-70 Children Surviving Persecution Judith S. Kestenberg, Charlotte Kahn, 1998-10-23 This international study of children's experiences of organized persecution explores the Holocaust and its aftermath as prototypical social trauma Traumatized persons feelings of shame and guilt as well as a sense of being different may prevail and they may attribute great power to others seek safety in isolation or search for a rescuer Nevertheless as a group the child survivors of the Holocaust have achieved remarkable success as adults Drawing on the wealth of personal and interview information the contributors create a synthesis of personal history and psychological analysis Adult memories of traumatic childhood experiences are accompanied by discussions of their effects and by analysis of the various coping mechanisms used to establish a viable post war existence These accounts are distinguished by the fact that they are by and about individuals who grew up in undistinguished Christian and Jewish families not those of prominent figures or resistance fighters or rescuers All experienced unrest and many suffered trauma during the Nazi regime as a result of the war and during the post war turbulence An important collection for students and scholars of the Holocaust and for those professionals in a position to help surviving victims of other organized persecution civil violence strife and abuse Trauma Cinema Janet Walker, 2023-11-15 Trauma Cinema focuses on a new breed of documentary films and videos that adopt catastrophe as their subject matter and trauma as their aesthetic Incorporating oral testimony home movie footage and documentary reenactment these documentaries express the havoc trauma wreaks on history and memory Janet Walker uses incest and the Holocaust as a double thematic focus and fiction films as a point of comparison Her astute and original examination considers the Hollywood classic *Kings Row* and the television movie *Sybil* in relation to vanguard nonfiction works including Errol Morris's *Mr Death* Lynn Hershman's video diaries and the chilling genealogy of incest Just Melvin Both incest and the Holocaust have also been featured in contemporary psychological literature on trauma and memory The author employs theories of post traumatic stress disorder and histories of the so called memory wars to illuminate the amnesias fantasies and mistakes in memory that must be taken into account along with corroborated evidence if we are to understand how personal and public historical meaning is made Janet Walker's engrossing narrative demonstrates that the past does not come down to us purely and simply through eyewitness accounts and tangible artifacts Her incisive analysis exposes the frailty of memory in the face of disquieting events while her joint consideration of trauma cinema and psychological theorizing radically reconstructs the roadblocks at the intersection of catastrophe memory and historical representation Trauma Cinema focuses on a new breed

of documentary films and videos that adopt catastrophe as their subject matter and trauma as their aesthetic Incorporating oral testimony home movie footage and documentary reenactment these documentaries ex The Mind Object Edward G. Corrigan, Pearl-Ellen Gordon, 1995-11-01 How to Help People Who Have Only Their Minds to Love Can a person relate to his or her own mind as an object depend upon it to the exclusion of other objects idealize it fear it hate it Can a person live out a life striving to attain the elusive power of the mind s perfection yielding to its promise while sacrificing the body s truth Winnicott was the first to describe how very early in life an individual can in response to environmental failure turn away from the body and its needs and establish mental functioning as a thing in itself Winnicott s elusive term the mind psyche describes a subtle yet fundamentally violent split in which the mind negates the role of the body its feelings and functions as the source of creative living Later Masud Khan elaborated on Winnicott s notions This exciting book extends Winnicott s and Khan s ideas to introduce the concept of the mind object a term that signifies the central dissociation of the mind separated from the body as well as underscores its function When the mind takes on a life of its own it becomes an object separate as it were from the self And because it is an object that originates as a substitute for maternal care it becomes an object of intense attachment turned to for security solace and gratification Having achieved the status of an independent object the mind also can turn on the self attacking demeaning and persecuting the individual Once this object relationship is established it organizes the self providing an aura of omnipotence However this precocious schizoid solution is an illusion vulnerable to breakdown and its associated anxieties Making a unique contribution The Mind Object explores the dangers of knowing too much the lure of the intellect for the patient as well as for the therapist The authors illuminate the complex pathological consequences that result from precocious solutions
