Julia Schneider

Employee Participation And Labor Law In The American Workplace A Delusion And A Snare:

Bowker's Law Books and Serials in Print ,1998 **Subject Guide to Books in Print** ,1996 *Books in Print Supplement* ,1994 *Forthcoming Books* Rose Army,1992 **Labor Relations Reference Manual** ,1994 Vols 9 17 include decisions of the War Labor Board **Labor Cases** Commerce Clearing House,1995 A full text reporter of decisions rendered by federal and state courts throughout the United States on federal and state labor problems with case table and topical index **Government Employee Relations Report** ,1985 Daily Labor Report ,1985 Construction Labor Report ,1985 Employee Participation and Labor Law in the American Workplace Raymond L. Hogler,Guillermo J. Grenier,1992 Governing the Workplace Paul C. Weiler,1993-01-01 Labor lawyer Paul Weiler examines the social and economic changes that have profoundly altered the legal framework of the employment relationship He not only discusses a wide range of issues from wrongful dismissal to mandatory drug testing and pay equity but he also develops a blueprint for the reconstruction of the law of the workplace especially designed to give American workers more effective representation

The TEAM Act United States. Congress. Senate. Committee on Labor and Human Resources,1996 The Excuse Factory Walter K. Olson,1997 The Excuse Factory will spur outrage and spark a national debate about the role of government in the workplace Olson s expose is certain to shake up the legal industry rattle government regulators and cause thousands of workers and managers to nod in vigorous agreement **Worker Participation and American Unions: Threat Or Opportunity?** Thomas A. Kochan,Harry Charles Katz,Nancy R. Mower,2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Emerging trends in employment and labor law United States. Congress. House. Committee on Education and the Workforce. Subcommittee on Employer-Employee Relations,2002 **Precarious Claims** Shannon Gleeson,2016-09-30 A free ebook version of this title is available through Luminos University of California Press s Open Access publishing program for monographs Visit www.luminosoa.org to learn more Precarious Claims tells the human story behind the bureaucratic process of fighting for justice in the U S workplace The global economy has fueled vast concentrations of wealth that have driven a demand for cheap and flexible labor Workplace violations such as wage theft unsafe work environments and discrimination are widespread in low wage industries such as retail restaurants hospitality and domestic work where jobs are often held by immigrants and other vulnerable workers How and why do these workers despite enormous barriers come forward to seek justice and what happens once they do Based on extensive fieldwork in Northern California Gleeson

investigates the array of gatekeepers with whom workers must negotiate in the labor standards enforcement bureaucracy and ultimately the limited reach of formal legal protections The author also tracks how workplace injustices and the arduous process of contesting them carry long term effects on their everyday lives Workers sometimes win but their chances are precarious at best

A Shameful Business James A. Gross, 2010 In a book that confronts the moral choices that U S corporations make every day in the treatment of their workers James A Gross issues a clarion call for the transformation of the American workplace based on genuine respect for human rights rather than whatever the economic and regulatory landscape might allow Gross questions the nation s underlying fabric of values as reflected in its laws and our assumptions about workers and the workplace Arguing that our market philosophy is incompatible with core principles of human rights he forces readers to realign the country s labor policies so that they conform with the highest international human rights standards To make his case Gross assesses various aspects of U S labor relations freedom of association racial discrimination management rights workplace safety and human resources through the lens of internationally accepted human rights principles as standards of judgment His findings are chilling Employers who maintain workplaces that require men and women and sometimes even children to risk their lives and endanger their health and eyes and limbs in order to earn a living are treating human life as cheap and are seeking their own gain through the desecration of human life Gross argues and such behavior should be considered as crimes against humanity rather than matters of efficiency productivity or morale By revealing how truly unacceptable management s best practices can be when considered as human rights issues **A Shameful Business** encourages a bold new vision for workers whether organized or not that would signify a radical rethinking of social values and the concept of workplace rights and justice in the courtroom the boardroom and on the shop floor Robert Hebdon McGill University

The Law of the Workplace James W. Hunt, Patricia K. Strongin, 1994 This is the first book to read and the most concise reference to keep for answers about employers obligations under the complex web of labor and employment laws The authors summarize the key laws rules and regulations that affect on the job practices and benefits programs including The Americans With Disabilities Act ADA Family and Medical Leave Act FMLA plant closings and layoffs WARN Act privacy and individual employee rights legality of testing applicants and employees union activity and collective bargaining issues and much more You get clear explanations checklists and examples plus a glossary of terms you need to know to succeed in the employment law and employee relations arena And since states requirements can differ the authors also give you a listing of state labor departments human relations commissions and NLRB field offices for your specific follow up Use of this handbook can help protect any organization from legal blind spots and help protect individuals from personal liability

Unfair Advantage Lance A. Compa, 2004 We are not shy about reporting human rights abuses around the globe We are much more reluctant to recognize them at home This book exposes the violations of human rights witnessed daily in workplaces across our country Based on detailed case studies in a variety of sectors it reveals an unfair advantage in U S law

and practice that allows employers to fire or otherwise punish thousands of workers as they seek to exercise their rights of association and to exclude millions more from laws that protect their rights to bargain and to organize Unfair Advantage approaches workers use of organizing collective bargaining and strikes as an exercise of basic rights where workers are autonomous actors not objects of unions or employers institutional interests Both historical experience and a review of current conditions around the world indicate that strong independent democratic trade unions are vital for societies where human rights are respected In Lance Compa s view human rights cannot flourish where workers rights are not enforced While researching workers exercise of these rights in different industries occupations and regions of the United States Human Rights Watch found that freedom of association is under severe often buckling pressure when workers in the United States try to exercise it Cornell University Press is making this valuable report originally published in August 2000 available again as a paperback with a new introduction and conclusion that bring the story up to date U.S. Labor Law and the Future of Labor-management Cooperation ,1989
