The Soul's Religion Thomas Moore, 2009-03-17 In this companion volume to his worldwide bestseller *Care of the Soul*, Thomas Moore offers a way of living in this new and confusing century. Drawing on faith's front all over the world as well as from his own vast well of knowledge and personal experience, Moore shows its low religion can be used to embrace others rather than exclude them. Intimate and provocative, Moore writes with the compassion of a parent and the wisdom of a trite teacher.

Picnic Comma Lightning: The Experience of Reality in the Twenty-First Century Laurence Scott, 2019-05-28 A stylish, playful exploration of what digital life is doing to the way we find meaning in the world. Guardian. In Vladimir Nabokov's *Lolita*, Humbert Humbert offers a memorably brief account of his parents' death picnic. *Picnic Comma Lightning* too opens with death: that of Laurence Scott's mother. Because for a philosopher, death raises a profound existential question: How do we know what is real, especially when we have come to question the reality of

so many of our day to day experiences Writing from the intersection of philosophy politics and memoir Scott transforms his personal meditation on loss into a beguiling exploration of what it means to exist in the world today It used to be that our lives were rooted in reasonably solid things to people places and memories Now in an age of online personas alternative truths constant surveillance and an increasingly hysterical news cycle our realities are becoming flimsier and more vulnerable than ever before Scott's far ranging examination charts the ways our traditional mental models of the world have started to fray He ponders how ubiquitous cameras reframe our private lives an event only exists once someone posts the video how mysterious algorithms undermine our attempts at self definition through their own data driven portraits and what happens in those moments when our illusions about reality are ruptured by incontrovertible facts like the death of a parent or a bolt of lightning A report from the front line of the online generation Sunday Times Picnic Comma Lightning is an essential account of how we've started to make sense of our strange new world
