En Dialogo I:

En diálogo Jorge Luis Borges, Osvaldo Ferrari, 2005 En los últimos años de su vida Jorge Luis Borges mantuvo inolvidables diálogos en los encuentros radiales con el escritor Osvaldo Ferrari No fueron reportajes o entrevistas sino estrictamente conversaciones nacidas del placer de tratar temas con los que ambos a pesar de las diferencias de edad tenían afinidades Los tomos En diálogo I y En diálogo II recogen estas conversaciones tan elogiadas a través de los años Jesús y Moisés en diálogo Isaac Moreno Sanz, 2021-07-20 La relevancia de Moisés en la obra lucana es el punto de partida de la presente disertación llevada a cabo en la Pontificia Universidad Gregoriana de Roma y dirigida por el profesor Massimo Grilli El estudio conecta a través de la figura de Moisés textos que recorren la obra lucana Lc Hch y que al mismo tiempo abordan grandes temas de importancia teológica cristológica y eclesiológica la relación entre Antiguo Testamento y Nuevo Testamento la Ley y el Templo el profetismo de Jesús y el anuncio del Reino la pobreza la riqueza y la solidaridad la conversión el paso de la incomprensión de los discípulos a la configuración de la Iglesia naciente Es necesario conocer lo que los autores de ambos Testamentos desean comunicar con sus palabras pero a no más cuanto el Dios de Jesucristo pretende cambiar liberar y salvar con sus acciones Lo que el ser humano hace con las palabras es limitado lo que Dios consigue con su Palabra no conoce límites Philosophical Challenges of Plurality in a Global World David Díaz-Soto, Delia Manzanero, Bianca Thoilliez, 2014-07-24 This book is a collection of essays by a select array of international scholars on a range of issues concerning plurality pluralism and other closely related concepts which constitute the framework and guiding thread for the whole volume The themes and subjects dealt with here address issues of the greatest concern particularly in the delicate context of present day Europe and of modern societies with a global scale The volume's basis is the belief that pluralism globality technology mass media and computer networks are distinctive traits of contemporary society in all its complexity and that therefore such notions provide essential conceptual tools for explaining and understanding the current age Featured in this volume are twelve contributions by scholars from different fields of philosophy the humanities and the social sciences In their essays the contributors address the complexities of the contemporary world and the challenges with which it confronts all these disciplines In this way they provide a philosophical analysis of phenomena situations and problems that are typical of this complex world Their different approaches and disciplinary perspectives all share an open mindedness which is characteristic of the philosophical attitude but also take into account the results of research in different fields of the human sciences as applied to the study of contemporary society politics and culture as well as artistic practice and aesthetic experience This book will be of interest for scholars in the fields of philosophy political sciences Spanish thought theory of art and literature for students in programs of cultural studies or of the different fields of the humanities and for the general reader with an interest in philosophical reflection on the complexities of pluralism and the modern world **Chicanas Y Chicanos en Diálogo**, 1989 **The First America** D.
