in Hong Kong China The aim of this international convention is to bring together experts and scholars from around the world  
and offer them a chance to share the latest research results in the field of Energy and Power Engineering We all know that  
over the past few decades a great change has happened in the field of the environment technology and the science  
technology is growing faster and faster In order to keep up with the daily changing situation we have sent invitations to  
experts scholars and other people who have devoted himself in related fields and it is a great honor to us that most of them  
have accepted our invitation and supported the EPE2014 with their latest studies Up till now we have received over three  
hundred papers from various countries this shows that there has been a growing interest in the field of energy and power  
engineering Among those papers received we have eventually chosen about a hundred to be presented and included in this  
proceeding These papers generally represented the current research status in this field and the future trend We sincerely  
believe that these papers could be valuable to the future work of yours Finally on behalf of the committee I would like to  
deeply express our gratitude to those who have supported the EPE2014 especially the international experts who helped  
reviewing papers the DEStech Publications help publish the conference proceedings and last but not least the authors of  
these inspiring papers Without the help from these people EPE2014 would not be as half successful as it is now Here  
welcome to EPE2014 and let s hope that it will be a great success Tim Chou      **Energy Research Abstracts** ,1985
