**Shades of Sexuality** Amanda Leamon, 2023-11-27 *Shades of Sexuality* Colors and Sexual Identity in the Novels of Blaise Cendrars by Amanda Leamon is currently one of the few studies on the modernist poet and novelist Blaise Cendrars to be written in English. Of interest to scholars of Cendrars, Modernism, Twentieth Century French Literature, and early Twentieth Century Art and Humanities, *Shades of Sexuality* is unique among the growing body of criticism and analysis of Cendrars' fiction in that it explores the ways in which Cendrars makes use of the spectrum of fragmented colors and other elements of disguise and *trompe l'oeil* both as an artistic device in the construction of the fictional text and as a recurrent motif in the representation and exploration of the male subject and his relation to woman. The author demonstrates how Cendrars effects intersections of gender in the text through the manipulation of colors and their associations with femininity, ultimately undermining the illusory facade of male autonomy which dominates his fictional corpus. **Blaise Cendrars** Yvette

Bozon-Scalzitti, 1977 Dans cette importante étude Yvette Bozon-Scalzitti nous convainc que Cendrars est dans ses écrits un remarquable tisseur de texte et non pas un collectionneur bavard d'anecdotes vécues. Elle invite plutôt le lecteur à chercher le fil secret du texte sans pour autant bloquer l'ouverture dynamique du récit et montrer que l'apparente improvisation n'est plus de nécessité que de hasard. *Emmène-moi au bout du monde!* ... **écrivain protéiforme** Georgiana M.M. Colville, 2023-10-09 This book's aim is to provide a critical bird's eye view of Blaise Cendrars' oeuvre through readings which sample its interdisciplinary diversity as indicated by the protean metaphor of the title. Colville's six essays on the Franco-Swiss literal and literary vagabond have been organized under the headings of Cendrars' three main genres: poetry, fiction, and journalism. The heterogeneous assemblage of verse and prose texts analyzed here with a variety of theoretical approaches should convey and reflect Cendrars' eccentricity and intellectual independence. His highly experimental writing techniques, often influenced by the plastic arts as well as his posthumous avoidance of the Canon, are explored. Ce livre a pour but de donner un panorama sélectif de l'œuvre cendrarsienne à travers des lectures qui en soulignent la diversité de la métaphore protéenne du titre. Les six essais de Georgiana Colville sur le burlingueur franco-helvétique organisent selon les trois genres principaux pratiqués par Cendrars: poésie, fiction et reportage. Le choix hétérologue des textes en vers et en prose analysés ici ainsi que la variété des méthodes utilisées devraient relever et refléter l'excentricité et l'indépendance intellectuelles de Cendrars. Ses techniques expérimentales d'écrivain influencées par les arts plastiques et la persistance posthume de sa marginalité. **Encyclopedia of French Film Directors** Philippe Rège, 2009-12-11 Cinema has been long

associated with France, dating back to 1895 when Louis and Auguste Lumière screened their works, the first public viewing of films anywhere. Early silent pioneers Georges Méliès, Alice Guy, Blaché, and others followed in the footsteps of the Lumière brothers, and the tradition of important filmmaking continued throughout the 20th century and beyond. In *Encyclopedia of French Film Directors*, Philippe Rège identifies every French director who has made at least one feature film since 1895. From

undisputed masters to obscure one timers nearly 3 000 directors are cited here including at least 200 filmmakers not mentioned in similar books published in France Each director s entry contains a brief biographical summary including dates and places of birth and death information on the individual s education and professional training and other pertinent details such as real names when the filmmaker uses a pseudonym The entries also provide complete filmographies including credits for feature films shorts documentaries and television work Some of the most important names in the history of film can be found in this encyclopedia from masters of the Golden Age\_Jean Renoir and RenZ Clair\_to French New Wave artists such as Fran\_ois Truffaut and Jean Luc Godard **Paris Out of Hand** Karen Elizabeth Gordon,Barbara Hodgson,Nick

**The Paris Zone** James Cannon,2016-02-24 Since the mid 1970s the colloquial term zone has often been associated with the troubled post war housing estates on the outskirts of large French cities However it once referred to a more circumscribed space the zone non aedificandi non building zone which encircled Paris from the 1840s to the 1940s This unusual territory although marginal in a social and geographical sense came to occupy a central place in Parisian culture Previous studies have focused on its urban and social history or on particular ways in which it was represented during particular periods By bringing together and analysing a wider range of sources from the duration of the zone s existence this study offers a rich and nuanced account of how the area was perceived and used by successive generations of Parisian novelists including Zola and Flaubert poets songwriters artists photographers film makers politicians and town planners More generally it aims to raise awareness of a neglected aspect of Parisian cultural history while pointing to links between current and past perceptions of the city s periphery **Complete Poems** Blaise Cendrars,1992 At last A superb translation
