

The background of the book cover is a reproduction of a painting in the Impressionist style, likely by J.M.W. Turner. It depicts a busy Parisian street scene, possibly the Rue de la Harpe, with figures in 19th-century attire, horse-drawn carriages, and buildings in the background. The brushwork is visible and the colors are somewhat muted and atmospheric.

expressionist Paul van Ostaijen Bru locates these writers within their exceptional democratic context and demonstrates how the modernist avant garde during the First World War and the upheavals that followed found itself caught up in a series of states of exception In such states legal democratic institutions were bracketed and set aside and literature as an autonomous realm was temporarily suspended Faced with extreme forms of politicisation avant gardists throughout Europe tried to safeguard literature s autonomy in a variety of ways These included turning politics and law into genuinely artistic materials and producing a repertoire of alternatives to existent frameworks of democracy Against assertions that anti art avant garde gestures were meant to overcome art s autonomy and approximate the condition of politics Bru shows that European avant gardists may well have been one of the staunchest defenders of art s sovereignty in modern times Key Features Facilitates dialogue between Anglo American and European modernist studies Presents new interpretations of Berlin Dada futurism and expressionism and brings an innovative historical framework with which to analyse continental modernism Provides an original perspective on modernist writing and theory during the first decades of the foregoing century Offers in the introductory chapter a survey of ways in which to relate experimental writing to politics *En avant Dada* ,1930
