Enciclopedia De Los Oscar Volumen :

The Assoluta Voice in Opera, 1797-1847 Geoffrey S. Riggs, 2003 It is unusual for styles in opera to carry over from one era into another It would be even more unusual for one era s characteristics to linger two generations into the next Yet this is precisely what happened during the first half of the nineteenth century when the intricacies of the fleet bel canto style were combined with the Romantic era s heroic declamation and formidable orchestral emphasis resulting in the creation of the assoluta voice This work traces the emergence of the impressive vocal writing that resulted from the marriage of the bel canto and Romantic eras It also covers the uniquely versatile divas who were given the opportunities to make their mark on opera from the time of Cherubini to that of a young Verdi Here both the wide ranging vocalism in the scores themselves and the artists capable of performing this style are referred to as assoluta Chapters consider Luigi Cherubini s Medee Gioacchino Rossini s Armida Carl Maria von Weber s Oberon Gaetano Donizetti s Anna Bolena Vincenzo Bellini s Norma Donizetti s Gemma di Vergy and Roberto Devereux the time of transition in the late 1800s and early 1900s and Giuseppe Verdi s Nabucco and Macbeth

Hombres y documentos de la filosofía española Gonzalo Díaz Díaz, 1980 Ab Bd 3 ersch bei C S I C Centro de Estudios Historicos Madrid

Stefan Zweig Randolph J. Klawiter, 2020-05-01 Originally published in 1965 this volume presented the only comprehensive bibliography of the writings of the Austrian novelist journalist and playwright Stefan Zweig and of the books and articles about his work

Jorge Zalamea Enlace de dos mundos López Bermúdez, Andrés, 2015-04-07 Inscrita en el marco de la historia social de la literatura esta investigaci n contextualiza la obra literaria del escritor bogotano Jorge Zalamea en su trayectoria vital 1905 1969 Parte de la premisa de que texto y autor constituyen una unidad inseparable por lo que el ciclo vital del literato puede aportar a la comprensi n de su producci n intelectual Puntualiza las posturas del personaje estudiado frente a t picos como la funci n social del escritor y la profesionalizaci n del oficio su lugar dentro de un tejido de relaciones y contextos sus vinculaciones con instituciones sociales y literarias su percepci n sobre la responsabilidad intelectual y su integraci n a c rculos de pensamiento y poder influyentes sobre la configuraci n de la sociedad de su tiempo Relaciona entonces desde una perspectiva sociol gica la situaci n de un escritor espec fico con estructuras clases o grupos sociales en aras de la formulaci n de explicaciones y an lisis

Philosophical Lectures on Probability Bruno de Finetti, 2008-05-20 Bruno de Finetti 1906 1985 is the founder of the subjective interpretation of probability together with the British philosopher Frank Plumpton Ramsey His related notion of exchangeability revolutionized the statistical methodology This book based on a course held in 1979 explains in a language accessible also to non mathematicians the fundamental tenets and implications of subjectivism according to which the probability of any well specified fact F refers to the degree of belief actually held by someone on the ground of her whole knowledge on the truth of the assertion that F obtains

Volume 16, Tome I: Kierkegaard's Literary Figures and Motifs Katalin Nun, Dr Jon Stewart, 2014-10-28 While Kierkegaard is perhaps known best as a religious thinker and

philosopher there is an unmistakable literary element in his writings He often explains complex concepts and ideas by using literary figures and motifs that he could assume his readers would have some familiarity with This dimension of his thought has served to make his writings far more popular than those of other philosophers and theologians but at the same time it has made their interpretation more complex Kierkegaard readers are generally aware of his interest in figures such as Faust or the Wandering Jew but they rarely have a full appreciation of the vast extent of his use of characters from different literary periods and traditions The present volume is dedicated to the treatment of the variety of literary figures and motifs used by Kierkegaard The volume is arranged alphabetically by name with Tome I covering figures and motifs from Agamemnon to Guadalquivir

Interacting Francoism José M. Faraldo, Gutmaro Gómez Bravo, 2023-06-23 The book presents various investigation into 20th century European dictatorships with its focus on Franco's dictatorship and the Spanish Civil War Francisco Franco's dictatorship in Spain 1936 1939 1975 1978 was a modern form of authoritarianism with a strong totalitarian period like many other dictatorships of the time Francoism occupies a place in history alongside other different dictatorships of its age and a comparative analysis might prove to be a powerful tool in order to understand how in the middle of the 20th century such a repressive and authoritarian form of political control emerged One of the most forgotten fascisms which at the same time was influenced by and influenced other dictatorships there are many aspects of the transnational connections of Francoism that remain under researched Following this methodology thus an attempt is made to situate Francoism in the context of the other dictatorships of the time in an attempt to transcend explanations centered on the nation The chapters cover groundbreaking topics such as the Spanish Civil War as one of the first total wars or Spanish fascism in context as one of the main European totalitarianisms The chapters always have more than one dimension they speak of interrelation entanglement collaboration and diffusion and in general put the different dictatorships essentially Francoism diverse Fascisms and Communism in context and comparison **Roofed Theaters of Classical Antiquity** George C. Izenour, 1992-01-01 This book is the first to explore the roofed theater sites of classical antiquity George Izenour one of the most distinguished modern experts on theater design engineering and acoustics examines the archeological remains of twenty four Greek Greco Hellenistic and Roman buildings He provides detailed architectural drawings of their probable original appearance and discusses how these huge spaces were spanned and what the precise effects might have been on sound lighting and ventilation Basing his discussion on the principles of classical architecture and on his observations and site photographs of ancient theater ruins Izenour explores the structure and design of classical roofing systems seating systems sight lines to the

stage lighting and acoustics He also offers a succinct comparison of ancient and modern roofed theater design In eight useful appendixes he addresses subjects that range from the remodeling of Greco Hellenistic outdoor theaters to the drop curtain movable painted scenery controversy in the Roman theater

Performance and Politics in Popular Drama David Bradby, Louis James, Bernard Sharratt, 1980 Since the beginning of the nineteenth century many forms of theatre have been called popular but in the twentieth century the term popular drama has taken on definite political overtones often indicating a repudiation of commercial theatre Does this mean that political theatre is or tries to be more attractive to more people than commercial theatre Does it conversely mean that commercial theatre has no political effects The articles in this book were submitted as papers for a conference on the theme of popular theatre film and television Contributions came from people with very different types of experience from an ex animal trainer to a lecturer in film studies from playwrights directors and actors to professional critics and academics Each author focused on a particular problem of defining drama in performance drawing together the conditions of performance the types of audience and the political effects of the plays or films in question The result was a series of fruitful connections and juxtapositions that shows the remarkable continuity of the problems raised in attempts to create a popular political drama
