Congress,2009 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Threshold Phenomena Michael Naas,2024-08-20 Threshold Phenomena reexamines Jacques Derrida s thinking of hospitality from his well known writings of the 1990s to his recently published seminars on the same topic The book follows Derrida s rereading of several central figures and texts on hospitality Sophocles Oedipus at Colonus Kant s Perpetual Peace Levinas s Totality and Infinity and his attempt to rethink questions surrounding not only private but also public hospitality in the form of immigration law the contemporary treatment of migrants or stateless peoples and the establishment of cities of asylum Naas develops many of the central themes of Derrida s seminar the relationship between hospitality and teletechnology telephone internet cyberspace etc the role of fatherlands and mother tongues in hospitality questions of purity immunity and xenophobia and the possibility of extending hospitality beyond the human to animals plants gods and clones Reframing Derrida s approach to ethics Naas reconsiders the relationship between hospitality and deconstruction concluding that hospitality is not merely a theme to be treated by deconstruction but one of the best ways of describing its work Naas s book turns around a figure that Derrida himself returns to several times throughout the seminar the threshold a figure of hospitality par excellence but also in his seminars another name for what Derrida in the 1960s began calling *différance* Threshold Phenomena concludes that Derrida s seminar on hospitality is one of the best introductions we have to Derrida s work in general and one of the surest signs of its continuing relevance a seminar that is at once fascinating and engaging in its own right and necessary for analyzing today s increasingly nationalistic and xenophobic political climate **Information Structure and the Dynamics of Language Acquisition** Christine Dimroth,Marianne Starren,2003-09-18 The papers in this volume focus on the impact of information structure on language acquisition thereby taking different linguistic approaches into account They start from an empirical point of view and examine data from natural first and second language acquisition which cover a wide range of varieties from early learner language to native speaker production and from gesture to Creole prototypes The central theme is the interplay between principles of information structure and linguistic structure and its impact on the functioning and development of the learner s system The papers examine language internal explanatory factors and in particular the communicative and structural forces that push and shape the acquisition process and its outcome On the theoretical level the approach adopted appeals both to formal and communicative constraints on a learner s language in use Two empirical domains provide a testing ground for the respective weight of grammatical versus functional determinants in the acquisition process 1 the expression of finiteness and scope relations at the utterance level and 2 the expression of anaphoric relations at the discourse level **Confronting Desire** Ilan Kapoor,2020-09-15 By applying

psychoanalytic perspectives to key themes concepts and practices underlying the development enterprise *Confronting Desire* offers a new way of analyzing the problems challenges and potentialities of international development Ilan Kapoor makes a compelling case for examining development s unconscious desires and in the process inaugurates a new field of study psychoanalytic development studies Drawing from the work of Jacques Lacan and Slavoj i ek as well as from psychoanalytic postcolonial and feminist scholarship Kapoor analyzes how development s unconscious desires speak out most often in excessive and unpredictable ways that contradict the outwardly rational declarations of its practitioners He investigates development s many irrationalities from obsessions about growth and poverty to the perverse seductions of racism and over consumption By deploying key psychoanalytic concepts enjoyment fantasy antagonism fetishism envy drive perversion and hysteria *Confronting Desire* critically analyzes important issues in development growth poverty inequality participation consumption corruption gender race LGBTQ politics universality and revolution *Confronting Desire* offers prescriptions for applying psychoanalysis to development theory and practice and demonstrates how psychoanalysis can provide fertile ground for radical politics and the transformation of international development Our Paper ,1899 Catalog of Copyright Entries.
