Celebrating the Lectionary for Junior High 2010-2011 Leisa Anslinger,2010-07-15 Because He Has Spoken to Us Brad Bursa,2022-05-11 Pope John XXIII called the Second Vatican Council so that the Church s doctrine might be more widely known more deeply understood and more penetrating in its effects However since the close of the Council in 1965 the results are wanting Rather than announcing the gospel boldly in the present age the Church has been seemingly reduced to silence How did she lose her voice How did the structures of proclamation intended to hand on the Catholic faith devolve and even contribute to vaporizing a Catholic culture Because He Has Spoken to Us traces such developments from fixed points drawn from the fluid theology of Karl Rahner to their postmodern condition successive steps that usher in the crisis by subduing dismissing and silencing the tradition This postconciliar anthropocentric structure can now be better understood critiqued and displaced by a Ratzingerian approach Rather than embracing a given demanded by contemporary context Ratzinger proposes the revelation of the Logos in Jesus Christ as the given the true object of Christian faith His alternate proposal requires the courage to face the full scope of the Christian structure accessed through the Church s tradition and a willingness to proclaim the gospel personally and with humble confidence **Encountering Signs of Faith** Allison

Sri,2015-08-13 Man cannot live without love His life is senseless if love is not revealed to him if he does not encounter love if he does not experience it and make it his own if he does not participate intimately in it John Paul II Redemptor Hominis If you were asked what immediately comes to mind when you hear the words Catholic Church would you answer an intimate relationship with the God who loves me If not you would do well to read this engaging and thought provoking book which explains why such a relationship is the reason for everything the Church does and teaches Professor Edward Sri will show you how all the pieces of the Catholic faith including the most baffling ones fit together to make one beautiful mosaic of God's love for us and our own participation in that all encompassing love Using the Catechism of the Catholic Church as his itinerary Sri will walk you through all the important aspects of the Catholic Church what Catholics believe about God and the difference it should make in life Along the way he addresses such often heard questions as Why do I need the Church can't I be spiritual on my own Isn't one religion just as good as another How is the death of a man two thousand years ago relevant

for my life today Why does the Church talk so much about morality Can t I make up my own morals Is it really our responsibility to care for the poor doesn t God help those who help themselves Why do Catholics and Protestants disagree Must Catholics worship Mary and always obey the pope More than an intellectual enterprise this work is also a deep spiritual reflection and a practical guide to living out our faith in Christ It aims to form both the head and the heart not only helping us to understand Jesus and his plan of salvation but inspiring us to love God and our neighbor better

The Fragility of Language and the Encounter with God Florian Klug, 2021-09-28 Drawing on recent philosophical developments in hermeneutics and poststructuralism The Fragility of Language and the Encounter with God offers a theological account of the contingency of language and perception and of how acknowledging that contingency transforms the perennial theological question of the development of doctrine Klug applies this account to humanity s encounter with God and its translation into language Because there exists no neutral epistemological standpoint Klug integrates contemporary insights on the theory of the subject especially those of _i_ek and Badiou and presents humanity as a subject that transforms its experience of and with God into language and places it in a shared space for reception But can the speaking subject have authority and legitimacy in making statements about the Absolute What role do the Christian faithful play in evaluating that authority These questions are addressed both to biblical texts and doctrinal statements Crucial is the Catholic perspective that legitimate statements of faith and insights are only possible through the Holy Spirit However humanity cannot command or control the Holy Spirit but can only show its influence indirectly through the receptive tradition of the universal church The Fragility of Language and the Encounter with God argues that statements of faith cannot overcome contingency Instead the Catholic notion of receptive tradition attempts to cope rationally with the fragility of perception and language in humanity s orientation toward God

Naming Our Sins Jana Bennett, David Cloutier, 2019-05-24 What would it take to renew our ability to name our sins in a meaningful and pertinent way Naming sins is a particularly important task for Catholic moral theology but it is one that often falls back into a paradigm of simple violations of rules While laws and commandments are essential Vatican II s universal call to holiness and the revival of virtue ethics require moving further Yet in part because moral theologians today tend to be lay people not priests there has been a de emphasis on the confession of sins Contemporary questions like poverty racism and abortion are usually connected to questions about sin in some way but they are disconnected from the idea of naming specific sins in the sacrament of penance Lay moral theologians raise these issues in a way that makes clear their implications for a parish social justice committee or the voting booth but not their implications for the naming of sins in the sacrament of reconciliation Naming Our Sins proposes to re make that connection the moral theologian s task of helping people name individual sins needs to be restored though in ways distinctive from dominant pre Vatican II notions In this volume editors Jana Bennett and David Cloutier gather some of the best of the current generation of moral theologians in order to reflect on the classic tradition of the vices It is crucial to the Christian understanding of sin that

we recognize a we bear at least some responsibilities for injuries and b God wants us to participate in the process of healing and conversion Neither the sin itself nor the healing simply come from somewhere else the task of naming sins enlists us as mature growing disciples Each chapter takes on a different classical vice describing the vice exploring its dimensions in contemporary experience and moving the reader toward naming specific sins that arise from the vice The concluding chapters from Catholic priests explore two basic dimensions of the sacrament of penance liturgical and communal
