*Encounters with Biblical Theology* John Joseph Collins, 2005 *Encounters with Biblical Theology* is a collection of recent articles by a highly respected Old Testament professor. **A New Introduction to Theology** Richard Bourne, Imogen Adkins, 2020-09-17 Encountering theology for the first time is exciting but it can also be daunting. Some struggle to connect with doctrinal discussion they perceive to be abstract or abstruse. Others may find the scope of theology and the connections between different theological issues dizzying. In order to address these difficulties and keep the initial excitement alive, *A New Introduction to Theology* offers a range of accessible practical, experiential and interactive encounters with the major elements of academic Christian theology. The guiding motif of this book is the claim that theology is full-bodied thought. The phrase full-bodied shows both the richness of the experience of theology and its nature as a thoroughly embodied encounter with ways of knowing God and God's ways with the world. This motif allows the authors to bring together topics ranging from theology through the arts, sexuality and the body and the nature of the church's everyday life to mystical theology, spirituality, political action and ecology. Working imaginatively with the five senses and the notions of loving and resting, each chapter provides a range of activities, guided discussions and reflections on key theological texts, authors and issues. This is a unique introduction to the key innovative and interdisciplinary elements from contemporary theology, ideal for individual reflection, classroom work or flexible and distributed learning.

*Dramatic Encounters in the Bible* M. E. Andrew, 2013 This book began when the author realised that when people said they were fascinated by particular biblical passages they were usually ones that presented dramatic encounters between people and between God and people. Such are the passages interpreted in this book. They usually set a vivid scene that heightens the dramatic nature of the encounter and animated dialogue often directly addresses the reader. There is also animated action that is vividly striking and often sudden and unexpected. These features involve the readers themselves and may question them about what they expect. Indeed the dramatic encounters

provocatively lead to unexpected new life in the future      **An Exploration of Christian Theology** Don Thorsen, 2020-04-21 This introduction to Christian theology explores the whole Christian tradition in a simple and straightforward way Leading Wesleyan theologian Don Thorsen surveys the theological views represented within historic Christianity and discusses the variety of positions held without favoring one over another The book includes helpful end of chapter questions for further reflection and discussion a convenient glossary of theological terms and sidebars The second edition is marked by a thorough updating of the text and the addition of two new chapters on apologetics and the future of the unevangelized      **Dramatic Encounters in the Bible** M. Biblical Theology Ben Witherington, III, 2019-07-04 In Biblical Theology Ben Witherington III examines the theology of the Old and New Testaments as a totality Going beyond an account of carefully crafted Old and New Testament theologies he demonstrates the ideas that make the Bible a sacred book with a unified theology Witherington brings a distinctive methodology to this study Taking a constructive approach he first examines the foundations of the writers symbolic universe what they thought and presupposed about God and how they revealed those thoughts through the narratives of the Old and New Testaments He also shows how the historical contexts and intellectual worlds of the Old and New Testaments conditioned their narratives and in the process created a large coherent Biblical world view one that progressively reveals the character and action of God Thus the Yahweh of the Old Testament the Son in the Gospels and the Father Son and Spirit in the New Testament writings are viewed as persons who are part of the singular divine identity Witherington's progressive revelation approach allows each part of the canon to be read in its original context and with its original meaning      **How Catholics Encounter the Bible** Michael Peppard, 2024 In How Catholics Encounter the Bible award winning biblical scholar and historian Michael Peppard explores the paradoxical role of the Bible for Catholics a book central to their tradition but one which Catholics rarely read Instead as Peppard shows biblical ideas influence Catholics through diverse modes of storytelling artistic imagination and ritual Through examples of pilgrimage visual arts poetry music and even on Netflix Peppard shows how the Bible thrives among Catholics even if its printed text may be missing      **Feminist Christian Encounters** Angela Pears, 2019-07-16 Originally published in 2004 Feminist discourses have focused sustained and sometimes devastating critical attention on Christianity over the last fifty years Today feminisms remain significant but often ambiguous forces in contemporary Christian theology At a time in which questions about the success and viability of

feminisms are increasingly posed Feminist Christian Encounters makes a unique contribution to the ongoing investigation into the creative relationship between feminisms and Christianity Angela Pears identifies some of the key theological and methodological mechanisms by which Christian feminist theologies are informed sustained and made possible by feminist values and critiques Pears argues that certain strategies characterize the facilitation of this dialogue in contemporary Christian feminist theologies enabling theologians to accept the values and critiques of feminisms whilst at the same time proclaim some level of commitment to Christianity Engaging in a process of deconstruction of the methodologies of key Christian theological thinkers who have made use of feminisms in their theologies this book reveals the mechanisms of feminist Christian encounter at work **God's Design, 4th Edition** Elmer Martens, 2015-11-11 How does one summarize the thirty nine books of the Old Testament How might one determine the message of the Old Testament with others This book attempts an answer to these questions The answer is taken from a single Scripture passage Exodus 5 22 6 8 which is here considered a theological Table of Contents for the Old Testament In addition to such topics as Deliverance Community and Experiencing God the book has an extended discussion on Land a subject which deals with a wide range of interests but which only rarely receives attention in books on biblical theology The current edition features reflections and a set of discussion questions following each of the seventeen chapters a boon for university and seminary teachers and students and of large help for church study groups *The Christological Witness Function of the Old Testament Characters in the Gospel of John* Sanghee M Ahn, 2014-06-01 This book investigates the narrative function of the Old Testament characters in the Gospel of John The fascinating thesis is that the Hebrew characters in John's narrative uniformly function as a witness for the messianic identity of Jesus The Jewish scriptural traditions Hebrew and intertestamental ones are compared to shed light on John's indebtedness for its formation of his Christology A compelling argument ensues which informs our understanding not only of the Gospel itself but also of Jesus Christ revealed in the Gospel COMMENDATION Dr Ahn's thorough and careful study represents a solid contribution from which many will benefit All serious interpreters of the Johannine witness will want to refer to this work Mark A Seifrid Southern Baptist Theological Seminary USA **Imagining Theology** Garrett Green, 2020-03-17 The imagination is where the Creator chooses to meet his creatures says renowned theologian Garrett Green The Word of God and the work of the Holy Spirit set the imagination free for genuine and creative knowledge of God the world others and the self Green explains that theology is best understood as human imagination faithfully conformed to the Bible as the paradigmatic key to the Christian gospel He unpacks the implications of the imagination for a variety of theological issues such as interpretation aesthetics eschatology and the relationship between church and culture On the Road Encounters in Luke-Acts Octavian D. Baban, 2006-10-18 Contemporary reconstructions of Luke's theology of the Way should include in a more conscientious manner the contribution of Luke's post Easter on the road encounters the Emmaus Gaza and Damascus road narratives This book argues that Luke follows here the rules of Hellenistic mimesis imitation many

of which are illustrated in the novels dramas and history treatises of his time Filtering these rules through his own theology and literary taste he represents in the end the history and the proclamation of the early church in an attractive and challenging manner inviting his readers to good literature and to captivating spiritual experiences Apocalypticism in the Bible and Its World Frederick J. Murphy, 2012-08-01 2013 Biblical Archaeology Society BAS Award for Best Book Relating to the New Testament Frank Moore Cross Award American Schools of Oriental Research 2013 Apocalypticism is not a peripheral topic in biblical studies It represents the central characteristic transformation of Hebrew thought in the period of the Second Temple It therefore constituted the worldview of Jesus Paul and the earliest Christians and it is the context in which the New Testament books were written In this volume Frederick Murphy defines apocalypticism while discussing its origins where it comes into play in the Hebrew Bible and how it relates to Jesus and the New Testament **The Concept of Canonical Intertextuality and the Book of Daniel** Jordan M Scheetz, 2012-06-28 Scheetz undertakes to make the concepts of intertextuality and canon criticism more comprehensible in the field of biblical studies This volume is a combination of on one hand an observation of intertextuality canon criticism inner biblical exegesis intratextuality and kanonische intertextuelle Lektüre and on the other hand an inductive study of the Masoretic Text of Daniel of its connections with other texts of the Hebrew Bible and of clear passages in the Greek text of the New Testament Scheetz uses the Masoretic Text of Daniels as an appropriate testing ground through the medium of its multilingual character its diverging placement in various biblical canons and its concrete citations in some texts of the New Testament The end result of this study is a theory of canonical intertextuality unique in its definition in relation to the theories investigated as well as in its application to an entire biblical book and to other texts in the Old and New Testaments Christian Perspectives on Transforming Interreligious Encounter Peter C. **Encounter Between Eastern Orthodoxy and Radical Orthodoxy** Christoph Schneider, 2017-03-02 This book presents the first debate between the contemporary movement Radical Orthodoxy and Eastern Orthodox theologians. Leading international scholars offer new insights and reflections on a wide range of contemporary issues from a specifically theological and philosophical perspective. The ancient notion of divine Wisdom Sophia serves as a common point of reference in this encounter. Both Radical and Eastern Orthodoxy agree that the transfiguration of the world through the Word is at the very centre of the Christian faith. The book explores how this process of transformation can be envisaged with regard to epistemological, ontological, aesthetical, ecclesiological and political questions. Contributors to this volume include Rowan Williams, John Milbank, Antoine Arjakovsky, Michael Northcott, Nicholas Loudovikos, Andrew Louth and Catherine Pickstock.

***Storytelling the Bible at the Creation Museum, Ark Encounter, and Museum of the Bible*** Paul Thomas, 2020-04-16 Paul Thomas chronicles a multi-level reception study of the Bible at both the Creation Museum and the Ark Encounter in Kentucky, USA. Thomas explores the commercial presentation of biblical narratives and the reception of those narratives by the patrons of each attraction, focusing upon three topics: what do young Creationists believe, how they interpret their beliefs from the Bible, and what is the user experience at the museums. The volume begins by explaining how Answers in Genesis (AiG) uses Bible passages to support young Earth creationist arguments, allowing for the chance to consider the Bible via physical means. Thomas then examines how the Creation Museum and the Ark Encounter visitors receive the Bible as presented by AiG and how this presentation informs visitors' understanding of the text, exploring concepts such as the most prominent displays of the two attractions, the larger context of museums and theme parks, and the case studies of the Methuselah display and The Noah Interview. He concludes with the summary of the user experience generated by the attractions, analyzing the degree to which patrons accept, negotiate or resist the interpretation of the Bible offered by AiG.
