Encounters And Reflections Conversations With Seth Benardete:

Encounters and Reflections Seth Benardete, 2010-03-15 By turns wickedly funny and profoundly illuminating *Encounters and Reflections* presents a captivating and unconventional portrait of the life and works of Seth Benardete One of the leading scholars of ancient thought Benardete here reflects on both the people he knew and the topics that fascinated him throughout his career in a series of candid freewheeling conversations with Robert Berman Ronna Burger and Michael Davis The first part of the book discloses vignettes about fellow students colleagues and acquaintances of Benardete s who later became major figures in the academic and intellectual life of twentieth century America We glimpse the student days of Allan Bloom Stanley Rosen George Steiner and we discover the life of the mind as lived by well known scholars such as David Grene Jacob Klein and Benardete s mentor Leo Strauss We also encounter a number of other learned devoted and sometimes eccentric luminaries including T S Eliot James Baldwin Werner Jaeger John Davidson Beazley and Willard Quine In the book s second part Benardete reflects on his own intellectual growth and on his ever evolving understanding of the texts and ideas he spent a lifetime studying Revisiting some of his recurrent themes among them eros and the beautiful the city and the law and the gods and the human soul Benardete shares his views on thinkers such as Plato Homer and Heidegger as well as the relations between philosophy and science and between Christianity and ancient Roman thought Engaging and informative *Encounters and Reflections* brings Benardete s thought to life to enlighten and inspire a new generation of thinkers

Liberal Education, Civic Education, and the Canadian Regime David W. Livingstone, 2015-10-01 Shortly after Canadian confederation Thomas D Arcy McGee proclaimed that education was an essential condition of our political independence and that its role was to form citizens for the new regime Comparing this idea of education for citizenship or civic education to the modern goals of education *Liberal Education Civic Education and the Canadian Regime* explores the founders principles their sources and the challenges that threaten their vision for Canada The collection s first essays analyze the political thought of early Canadians such as Brown McGee Ryerson and Bourinot while later chapters examine enduring principles of liberal democracy derived from Aristotle de Tocqueville and Hobbes The final chapters bring the discussion forward to such topics as the decline of Canadian Catholic liberal arts colleges and the emerging role of our Supreme Court as a self appointed moral tutor Moreover as it deals with the changing roles of universities in contemporary Canada *Liberal Education Civic Education and the Canadian Regime* engages current debates about the value and place of a traditional liberal education and the consequences of turning our back on the concepts that inspired our founding leaders Considering whether Canada s early documents and traditions can revive past debates and shed light on contemporary issues this highly original collection presents education as an essential condition of our independence and asks whether current educational principles are threatening Canadians capacity for self government

"Escape to Life" Eckart Goebel, Sigrid Weigel, 2012-05-29 After 1933 New York City gave shelter to many leading German and German Jewish intellectuals Stripped of their German citizenship by

the Nazi regime these public figures either stayed in the New York area or moved on to California and other places This compendium adopting the title of a famous volume published by Klaus and Erika Mann in 1939 explores the impact the US and NYC in particular had on these authors as well as the influence they in turn exerted on US intellectual life Moreover it addresses the transformations that took place in the exiled intellectuals thinking when it was translated into another language and addressed to an American audience Among the individuals presented in this volume are such prominent names as T W Adorno H Arendt W Benjamin E Bloch B Brecht S Kracauer the Mann family S Morgenstern and E Panofsky The authors of the essays in this compendium were free to choose the angle biography theory politics or aspect a single work a personal constellation deemed best to illuminate the given intellectual s work Acclaimed NYC photographer Fred Stein a German Jewish refugee from Dresden produced numerous portraits of exiled intellectuals and artists A selection of these compelling portraits is reproduced in this book for the first time

Martin Buber Sam Berrin Shonkoff,2018-08-07 Martin Buber His Intellectual and Scholarly Legacy is a collection of contemporary reflections on one of the most pivotal figures of modern Jewish thought Born in Austria and reared in Galicia Buber 1878 1965 became a spiritual representative of Judaism in German culture before emigrating to Jerusalem on the brink of the Shoah His prolific writings on matters spanning the Hebrew Bible and New Testament to Hasidism and Zionism inspired diverse audiences throughout the world In this volume Sam Berrin Shonkoff has curated an illuminating array of essays on Buber s thought by leading intellectuals from five different countries Their treatments of Buber s dialogues with Christianity politics philosophy and Judaism exhibit Buber s ramified legacy and will surely stimulate fruitful discussion in our own time

[The Enduring Importance of Leo Strauss](#) Laurence Lampert,2022-12-22 The Enduring Importance of Leo Strauss takes on the crucial task of separating what is truly important in the work of Leo Strauss from the ephemeral politics associated with his school Laurence Lampert focuses on exotericism the use of artful rhetoric to simultaneously communicate a socially responsible message to the public at large and a more radical message of philosophic truth to a smaller more intellectually inclined audience Largely forgotten after the Enlightenment exotericism he shows deeply informed Strauss both as a reader and as a philosophic writer indeed Lampert argues Strauss learned from the finest practitioners of exoteric writing how to become one himself Examining some of Strauss s most important books and essays through this exoteric lens Lampert reevaluates not only Strauss but the philosophers from Plato to Halevi to Nietzsche with whom Strauss most deeply engaged Ultimately Lampert shows that Strauss s famous distinction between ancient and modern thinkers is primarily rhetorical one of the great examples of Strauss s exoteric craft Celebrating Strauss s achievements while recognizing one main shortcoming unlike Nietzsche he failed to appreciate the ramifications of modern natural science for philosophy and its public presentation Lampert illuminates Strauss as having even greater philosophic importance than we have thought before

Plato and Aristophanes Marina Marren,2021-11-15 In Plato and Aristophanes Marina Marren contends that our search for communal justice must

start with self examination The realization that there are things that we cannot know about ourselves unless we become the subject of a joke is integral to such self scrutiny Jokes provide a new perspective on our politics and ethics they are essential to our civic self awareness Marren makes this case by delving into Plato s Republic a foundational work of political philosophy While the Republic straightforwardly condemns the decadence and greed of a tyrant Plato s attack on political idealism is both solemn and comedic In fact Plato draws on the same comedic stock and tropes as do Aristophanes s plays Marren s book strikes up an innovative conversation between three works by Aristophanes Assembly Women Knights and Birds and Plato s philosophy prompting important questions about individual convictions and one s personal search for justice These dialogic works offer critiques of tyranny that are by turns brilliant scathing and exuberant making light of faults and ideals alike Philosophical comedy exposes despotism in individuals as well as systems of government claiming to be just and good This critique holds as much bite against contemporary injustices as it did at the time of Aristophanes and Plato An ingenious new work by an emerging scholar Plato and Aristophanes shows that comedy in tandem with philosophy and politics is essential to self examination And without such examination there is no hope for a just life

Leo Strauss on the Borders of Judaism, Philosophy, and History Jeffrey A. Bernstein, 2015-05-05 In Leo Strauss on the Borders of Judaism Philosophy and History Jeffrey A Bernstein explores how the thought of Leo Strauss amounts to a model for thinking about the connection between philosophy Jewish thought and history For Bernstein Strauss shows that a close study of the history of philosophy from the ancients to medievals to moderns is necessary for one to appreciate the fundamental distinction between the forms of life Strauss terms Jerusalem and Athens that is order through revealed Law and free philosophical thought respectively Through an investigation of Strauss s published texts examination of his intellectual biography and history and making use of correspondence archival materials and seminar transcripts Bernstein shows how Strauss s concern with the relation between Judaism and philosophy spanned his entire career His findings will be of use to those interested in the thought of Strauss the history of Jewish thought and the relation between religion philosophy and politics

Politics of Heaven Earl Shorris, 2007-07-24 A account of the events ideas and beliefs about the role of religion in today s government discusses how after the September 11th attacks there is a more glaring pervasiveness of religious doctrine throughout both major parties and in the formulating of key political decisions

The Cambridge Companion to Leo Strauss Steven B. Smith, 2009-05-11 Leo Strauss was a central figure in the twentieth century renaissance of political philosophy The essays of The Cambridge Companion to Leo Strauss provide a comprehensive and non partisan survey of the major themes and problems that constituted Strauss s work These include his revival of the great quarrel between the ancients and the moderns his examination of tension between Jerusalem and Athens and most controversially his recovery of the tradition of esoteric writing The volume also examines Strauss s complex relation to a range of contemporary political movements and thinkers including Edmund Husserl Martin Heidegger Max Weber Carl Schmitt and Gershom Scholem as well as the creation

of a distinctive school of Straussian political philosophy **Logoi and Muthoi** William Wians, 2019-06-01 Essays on Greek philosophy and literature from Homer and Hesiod to Aristotle In *Logoi and Muthoi* William Wians builds on his earlier volume *Logos and Muthos* highlighting the richness and complexity of these terms that were once set firmly in opposition to one another as reason versus myth or rationality versus irrationality It was once common to think of intellectual history representing a straightforward progression from mythology to rationality These volumes however demonstrate the value of taking the two together opening up and analyzing a range of interactions reactions tensions and ambiguities arising between literary and philosophical forms of discourse including philosophical themes in works not ordinarily considered in the canon of Greek philosophical texts This new volume considers such topics as the pre philosophical origins of Anaximander's calendar the philosophical significance of public performance and claims of poetic inspiration and the complex role of mythic figures including perhaps Socrates in Plato Taken together the essays offer new approaches to familiar texts and open up new possibilities for understanding the roles and relationships between *muthos* and *logos* in ancient Greek thought This is a stellar effort The essays are all of extremely high quality and interest The scholarship is rigorous and the content is innovative The conception of the book is highly original well grounded and well thought out William Wians's work as a scholar and as an editor has been consistently first rate and with this volume he has surpassed himself Rose M Cherubin George Mason University **Madness Triumphant** Lee Fratantuono 2, 2012-06-28 *Madness Triumphant* A Reading of Lucan's *Pharsalia* offers the most detailed and comprehensive analysis of Lucan's epic poem of the civil war between Caesar and Pompey to have appeared in English In the manner of his previous books on Virgil and Ovid Professor Fratantuono considers the *Pharsalia* as an epic investigation of the nature of fury and madness in Rome this time during the increasing insanity of Nero's reign The volume proceeds chapter by chapter book by book through Lucan's poem as it unfolds the thesis that the poet Lucan crafted an epic response to both Virgil and Ovid the closing movement in a three act tragedy of madness In response to the *Aeneid* Lucan raises the idea that the final ethnographic settlement of Trojans and Italians may not have been for the best while in response to the *Metamorphoses* he explores the idea that the immortality achieved by the poet may not after all prove to be a blessing An introduction and bibliography provide additional direction for the study of this greatest surviving work of literature from the so called Silver Age of Neronian literature while the individual chapters offer in depth bibliographical citations and extensive annotation as a guide to further study of the poem Lucan's poem is revealed to be the consummate hymn to fury as the poet offers a return to the opening of Homer's *Iliad* and the wrath of Achilles which is now viewed as part of an unending cycle of madness that will end only in the flames of a global conflagration that will consume all things The pervasive intertext of Lucan's epic poem with his predecessor Manilius' *Astronomica* is also investigated as the nature of Lucan's response to both Stoic and Epicurean antecedents is explored Manilius' stars are virtually sprinkled through the *Pharsalia* as the heavens offer a celestial canvas for the poet of fury to illustrate the beautiful lies that may

ultimately be shown to conceal even more seductive truths

Tacitus' Wonders James McNamara, Victoria Emma Pagán, 2022-02-10 This volume approaches the broad topic of wonder in the works of Tacitus encompassing paradox the marvellous and the admirable Recent scholarship on these themes in Roman literature has tended to focus on poetic genres with comparatively little attention paid to historiography Tacitus whose own judgments on what is worthy of note have often differed in interesting ways from the preoccupations of his readers is a fascinating focal point for this complementary perspective Scholarship on Tacitus has to date remained largely marked by a divide between the search for veracity as validated by modern historiographical standards and literary approaches and as a result wonders have either been ignored as unfit for an account of history or have been deprived of their force by being interpreted as valid only within the text While the modern ideal of historiographical objectivity tends to result in striving for consistent heuristic and methodological frameworks works as varied as Tacitus Histories Annals and opera minora can hardly be prefaced with a statement of methodology broad enough to escape misrepresenting their diversity In our age of specialization a streamlined methodological framework is a virtue but it should not be assumed that Tacitus had similar priorities and indeed the Histories and Annals deserve to be approached with openness towards the variety of perspectives that a tradition as rich as Latin historiographical prose can include within its scope This collection proposes ways to reconcile the divide between history and historiography by exploring contestable moments in the text that challenge readers to judge and interpret for themselves with individual chapters drawing on a range of interpretive approaches that mirror the wealth of authorial and reader specific responses in play

Leo Strauss on Plato's Euthyphro Hannes Kerber, Svetozar Y. Minkov, 2024-04-04 Leo Strauss famously asserted that the fundamental defining debate within Western civilization is that between Jerusalem and Athens piety and philosophy the Bible and Plato And yet surprisingly Strauss never published any of his thoughts on Plato's dialogue on piety the Euthyphro This volume presents for the first time Strauss's 1948 notebook on the dialogue written in preparation for a class at the New School for Social Research Featuring close analysis and line by line commentary the notebook opens a window onto a philosophic mind in action as Strauss asks questions of the classic text jots down observations and formulations and analyzes very specific terms and arguments but also steps back reviews the overall movement of the dialogue and reconsiders previous conclusions Beyond the notebook the volume also brings together all the known materials that lay out Strauss's thoughts on the Euthyphro This includes newly transcribed and edited public lectures illuminating appendixes critical essays by volume editors Hannes Kerber and Svetozar Y Minkov and scholar Wayne Ambler an account of Strauss's public lecture and a new English translation of Plato's Euthyphro by Seth Benardete a classicist and one of Strauss's students Engaging and inspiring Leo Strauss on Plato's Euthyphro is a vital resource for scholars and students of political theory readers interested in the intersection of philosophy and religion and a must have for anyone who studies Strauss

Stutter Marc Shell, 2009-06-30 In a book that explores the phenomenon of stuttering from its practical

and physical aspects to its historical profile to its existential implications Shell who has himself struggled with stuttering all his life plumbs the depths of this murky region between will and flesh intention and expression idea and word Looking into the difficulties encountered by people who stutter as do fifty million world wide Shell shows that stutterers share a kinship with many other speakers both impeded and fluent This book takes us back to a time when stuttering was believed to be diagnosis induced then on to the complex mix of physical and psychological causes that were later discovered Ranging from cartoon characters like Porky Pig to cultural icons like Marilyn Monroe from Moses to Hamlet Shell reveals how stuttering in literature plays a role in the formation of tone narrative progression and character From publisher description **Between Athens and Jerusalem** David Janssens,2009-01-01 Praised as a major political thinker of the twentieth century and vilified as the putative godfather of contemporary neoconservatism Leo Strauss 1899 1973 has been the object of heated controversy both in the United States and abroad This book offers a more balanced appraisal by focusing on Strauss s early writings By means of a close and comprehensive study of these texts David Janssens reconstructs the genesis of Strauss s thought from its earliest beginnings until his emigration to the United States in 1937 He discusses the first stages in Strauss s grappling with the theological political problem from his doctoral dissertation on Friedrich Heinrich Jacobi to his contributions to Zionist periodicals from his groundbreaking study of Spinoza s critique of religion to his research on Moses Mendelssohn and from his rediscovery of medieval Jewish and Islamic philosophy to his research on Hobbes Throughout Janssens traces Strauss s rediscovery of the Socratic way of life as a viable alternative to both modern philosophy and revealed religion

Leo Strauss and His Legacy John Albert Murley,2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss s students and their students students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss s own complete bibliography and that of one of his most revered students George Anastaplo *Eros in Plato, Rousseau, and Nietzsche* Laurence D. Cooper,2009-02-27 Human beings are restless souls ever driven by an insistent inner force not only to have more but to be more to be infinitely more Various philosophers have emphasized this type of ceaseless striving in their accounts of humanity as in Spinoza s notion of conatus and Hobbes s identification of a perpetual and restless desire of power after power In this book Laurence Cooper focuses his attention on three giants of the philosophic tradition for whom this inner force was a major preoccupation and something separate from and greater than the desire for self preservation Cooper s overarching purpose is to illuminate the nature of this source of existential longing and discontent and its implications for political life He concentrates especially on what these thinkers share in their understanding of this psychic power and how they view it ambivalently as the root not only of ambition vigorous virtue patriotism and philosophy but also of tyranny imperialism and varieties of fanaticism But he is not neglectful of the differences among their interpretations of the phenomenon either and especially highlights these in the concluding chapter *How Philosophy Became Socratic* Laurence Lampert,2010-07-15 Plato s dialogues show Socrates at

different ages beginning when he was about nineteen and already deeply immersed in philosophy and ending with his execution five decades later By presenting his model philosopher across a fifty year span of his life Plato leads his readers to wonder does that time period correspond to the development of Socrates thought In this magisterial investigation of the evolution of Socrates philosophy Laurence Lampert answers in the affirmative The chronological route that Plato maps for us Lampert argues reveals the enduring record of philosophy as it gradually took the form that came to dominate the life of the mind in the West The reader accompanies Socrates as he breaks with the century old tradition of philosophy turns to his own path gradually enters into a deeper understanding of nature and human nature and discovers the successful way to transmit his wisdom to the wider world Focusing on the final and most prominent step in that process and offering detailed textual analysis of Plato s Protagoras Charmides and Republic How Philosophy Became Socratic charts Socrates gradual discovery of a proper politics to shelter and advance philosophy

Philosophy as Stranger Wisdom Carlo Altini, 2022-09-01 What is philosophy and who is the philosopher What should be the relationship between the philosopher and the city And what should be the attitude that the philosopher must have with respect to tradition religion and politics These questions which have spanned the entire history of Western philosophical thought from ancient Greece onwards found original answers in one of the greatest figures of twentieth century culture Leo Strauss Philosophy as Stranger Wisdom thanks to a scrupulous study of his entire bibliography represents the first truly comprehensive and complete intellectual biography of Strauss The reader will find in these pages a Strauss who is not an American neoconservative theorist nor an orthodox Jew but rather an original reader and interpreter of classical authors from Thucydides and Plato to Machiavelli and Hobbes Carlo Altini presents us with a philosopher who escapes any attempt at classification who lived constantly in exile between theory and practice philosophy and politics immanence and transcendence and who considered philosophy the most important critical exercise of human reason always out of date and always out of place

Interpretation , 2002 A journal of political philosophy

This Captivating Realm of E-book Books: A Thorough Guide Revealing the Advantages of E-book Books: A World of Convenience and Flexibility E-book books, with their inherent portability and ease of availability, have freed readers from the constraints of hardcopy books. Encounters And Reflections Conversations With Seth Benardete Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information.

No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Encounters And Reflections Conversations With Seth Benardete PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Encounters And Reflections Conversations With Seth Benardete PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Encounters And Reflections Conversations With Seth Benardete free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be

discovered right at your fingertips.

FAQs About Encounters And Reflections Conversations With Seth Benardete Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
