Pieper Mooney, 2009-12-06 With the 2006 election of Michelle Bachelet as the first female president and women claiming fifty percent of her cabinet seats the political influence of Chilean women has taken a major

step forward Despite a seemingly liberal political climate Chile has a murky history on women s rights and progress has been slow tenuous and in many cases non existent Chronicling an era of unprecedented modernization and political transformation Jadwiga E Pieper Mooney examines the negotiations over women s rights and the politics of gender in Chile throughout the twentieth century Centering her study on motherhood Pieper Mooney explores dramatic changes in health policy population paradigms and understandings of human rights and reveals that motherhood is hardly a private matter defined only by individual women or couples Instead it is intimately tied to public policies and political competitions on nation state and international levels The increased legitimacy of women s demands for rights both locally and globally has led to some improvements in gender equity Yet feminists in contemporary Chile continue to face strong opposition from neoconservatism in the Catholic Church and a mixture of public apathy and legal wrangling over reproductive rights and health

Tu querido lector podrá viajar junto con Robert sin darte cuenta parte de la historia desde tu propia perspectiva y encontrar también lo que no estás esperando. Descríbelo. Ser un viaje interesante. Espacio institucional y encuentro terapéutico Albert Namer, 2003. *La Criminología que viene. Resultados del I Encuentro de Jóvenes Investigadores en Criminología* Francisco J. Castro Toledo, Ana B. Gómez Bellvís, David Buil-Gil, 2019-12-31. Desde hace algunas décadas la investigación criminológica en España ha sido y está siendo un ámbito de investigación especialmente prolífico y cada día son más los jóvenes que muestran su interés por iniciarse en la investigación académica en Criminología. La buena salud de esta rama de las ciencias sociales. En este sentido la Red Española de Jóvenes Investigadores en Criminología en adelante REJIC nació en 2015 en el marco de la Sociedad Española de Investigación Criminológica SEIC precisamente con el fin de servir de plataforma y punto de encuentro para aquellos jóvenes investigadores que se encuentran empezando sus carreras académicas en Criminología. Desde entonces REJIC ha generado diversos espacios para el encuentro, la discusión y la colaboración entre los jóvenes investigadores en Criminología siendo el I Encuentro de Jóvenes Investigadores en Criminología I EJC el primer congreso académico organizado por esta Red así como el primer foro científico diseñado estrictamente para jóvenes investigadores en Criminología tanto en España como en Europa continental. El I EJC no solo fue un éxito de participación contando con jóvenes investigadores procedentes de hasta 32 instituciones repartidas en ocho países: España, Italia, Reino Unido, Brasil, Chile, Países Bajos, Alemania y Suiza sino que recibió contribuciones de muy alto nivel intelectual y metodológico. Fue precisamente ese alto nivel académico lo que permitió plantear la posibilidad de seleccionar algunas de las contribuciones para su publicación en un número especial de la Revista Internacional *Journal of Criminal Science* considerada por la comunidad criminológica española como una revista de prestigio. Sin embargo por las propias limitaciones del formato del número especial y ante la calidad de las aportaciones al I Encuentro tomamos la decisión de compilar y publicar el resto de publicaciones en el presente libro. Ambos resultados tanto el del número especial como la presente obra colectiva muestran un futuro esperanzador del ámbito de la Criminología española que tiene unos jóvenes investigadores prometedores y que realizan aportaciones necesarias a la misma. Un encuentro misterioso. Un cuento navideño José Antonio Flores Vera, 2025-01-09. Un individuo solitario rechaza la Navidad. Nada de ella le gusta e intenta apartarse de todos los factores y símbolos de esta época. Una noche cuando se prepara para ver un maratón de películas navideñas que paradoja advierte que no hay sidra en la nevera así que sale a la calle para intentar comprar unas cuantas botellas. La calle se encuentra extrañamente solitaria, algo que no es propio de estos días. Cuando se dispone a entrar en su casa tiene un encuentro misterioso con la única persona que ha podido ver que bien podría formar parte de su imaginación o tal vez sea propio de una época tan repleta de magia y misterio. Este libro es muy descargado por los lectores. A lo largo del tiempo ha sido reescrito hasta encontrar una voz que coincida con la idea principal del autor. Esperamos que el lector también pueda encontrar esa voz y el sentido de la historia. *El encuentro de Hermes y Mnemósine* José Jair González López, 2022-11-22. La presente obra tiene como fin desarrollar determinadas reflexiones acerca de la

hermenutica como metodolog a de investigaci n en las Ciencias Sociales Puede ser sugerente concebirla como un an lisis met dico aplicado a la ense anza de la historia en contextos universitarios Tambi n se puede interpretar como un abordaje de la historia de la violencia colombiana y los acuerdos de paz Es plausible comprenderla como una descripci n de la hermenutica o como un recorrido epistemol gico extrapolable a las ciencias humanas
