**Crises and Cycles in Economic Dictionaries and Encyclopaedias** Daniele Besomi,2013-03-01 This book aims at investigating from the perspective of the major economic dictionaries the notions of economic crisis and cycle The project consists in giving an extensive summary of a number of significant entries on this subject with an introductory essay to each entry placing them and the dictionary to which they belong in their context giving some details on the author of the dictionary entry and assessing the entry s and its author s contribution The broad picture including the history of these encyclopedic tools will be examined in the introductory essays      **Encyclopædia of Accounting** George Lisle,1903      The New International Encyclopædia Frank Moore Colby,Talcott Williams,1917      Encyclopedia of African American Business Jessie Smith,2017-11-27 This two volume set showcases the achievements of African American entrepreneurs and the various businesses that they founded developed or promote as well as the accomplishments of many African American leaders both those whose work is well known and other achievers who have been neglected in history Nearly everyone is familiar with New York City s Wall Street a financial center of the world but much fewer individuals know about the black Wall Streets in Durham and Tulsa where prominent examples of successful African American leaders emerged Encyclopedia of African American Business Updated and Revised Edition tells the fascinating story that is the history of African American business providing readers with an inspiring image of the economic power of black people throughout their existence in the United States It continues the historical account of developments in the African American business community and its leaders describing the period from 18th century America to the present day The book describes current business leaders opens a fuller and deeper insight into the topics chosen and includes numerous statistical tables within the text and in a separate section at the back of the book The encyclopedia is arranged under three broad headings Entry List Topical Entry List and Africa American Business Leaders by Occupation This arrangement introduces readers to the contents of the work and enables them to easily find information about specific individuals topics or occupations The book will appeal to students from high school through graduate school as well as researchers library directors business enterprises and anyone interested in biographical information on African Americas who are business leaders will benefit from the work      *Encyclopedia Of International Economics And Global Trade (In 3 Volumes)* ,2020-03-23 In an era when trade and currency wars threaten to end a long standing period of growing trade and capital flows the economics of international trade investment and finance have become more important than ever This three volume Encyclopedia provides a comprehensive and up to date overview of the theory and evidence on the causes and consequences of global trade and the theory and evidence on the economics of international trade financial and monetary transactions It provides first of all a comprehensive set of entries explaining the key theoretical concepts in international economics as well as the latest empirical and simulation techniques used in the academic literature In addition various entries present the history behind and the controversies surrounding the core current

global trade and monetary institutions from the World Trade Organization to the European Monetary Union The three volumes also provide a serious discussion of today's central policy debates including the impact of globalization on employment wages and income distribution the imposition of controls on international financial flows the effects of tariffs and protectionist policies fixed versus flexible exchange rate regimes and the role of the multinational enterprise on global growth technical change and income distribution among many others     The New International Encyclopædia Daniel Coit Gilman, Harry Thurston Peck, Frank Moore Colby, 1907     *Outlines of Economics* Richard Theodore Ely, Thomas Sewall Adams, Max Otto Lorenz, Allyn Abbott Young, 1893     Encyclopedia of Library and Information Science: Volume 7 - Derunov: Konstantin Nikolaevitch Allen Kent, Harold Lancour, 1972-03-01 The Encyclopedia of Library and Information Science provides an outstanding resource in 33 published volumes with 2 helpful indexes This thorough reference set written by 1300 eminent international experts offers librarians information computer scientists bibliographers documentalists systems analysts and students convenient access to the techniques and tools of both library and information science Impeccably researched cross referenced alphabetized by subject and generously illustrated the Encyclopedia of Library and Information Science integrates the essential theoretical and practical information accumulating in this rapidly growing field     **Great Soviet Encyclopedia** Aleksandr Mikhaïlovich Prokhorov, 1973     **Elgar Encyclopedia on the Economics of Knowledge and Innovation** Antonelli, Cristiano, 2022-10-14 A landmark reference work in the field this Elgar Encyclopedia presents over 60 entries from scholars that have shaped the making of the economics of innovation as a distinct and specialised field of investigation within the broad range of economic disciplines This will be a critical read for economics scholars particularly those focusing on knowledge and innovation as it offers an understanding of the definitions of key terms in the field the founding tenets of the topic and the economics of knowledge and innovation in more specific contexts     **B.H. Blackwell** B.H. Blackwell Ltd, 1928     The SAGE Encyclopedia of Business Ethics and Society Robert W. Kolb, 2018-03-27 Spans the relationships among business ethics and society by including numerous entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment     The Decline of Laissez Faire, 1897-1917 Harold Underwood Faulkner, 2017-07-28 Part of a series of detailed reference manuals on American economic history this volume traces the development and growth of the factory system labour movements and foreign and domestic commerce     **The Oxford Encyclopedia of Economic History** Joel Mokyr, 2003 What were the economic roots of modern industrialism Were labor unions ever effective in raising workers living standards Did high levels of taxation in the past normally lead to economic decline These and similar questions profoundly inform a wide range of intertwined social issues whose complexity scope and depth become fully evident in the Encyclopedia Due to the interdisciplinary nature of the field the Encyclopedia is divided not only by chronological and geographic boundaries but also by related subfields such as

agricultural history demographic history business history and the histories of technology migration and transportation The articles all written and signed by international contributors include scholars from Europe Latin America Africa and Asia Covering economic history in all areas of the world and segments of economies from prehistoric times to the present The Oxford Encyclopedia of Economic History is the ideal resource for students economists and general readers offering a unique glimpse into this integral part of world history      **The ^AOxford Encyclopedia of Economic History** Joel

Mokyr,2003-10-16 What were the economic roots of modern industrialism Were labor unions ever effective in raising workers living standards Did high levels of taxation in the past normally lead to economic decline These and similar questions profoundly inform a wide range of intertwined social issues whose complexity scope and depth become fully evident in the Encyclopedia Due to the interdisciplinary nature of the field the Encyclopedia is divided not only by chronological and geographic boundaries but also by related subfields such as agricultural history demographic history business history and the histories of technology migration and transportation The articles all written and signed by international contributors include scholars from Europe Latin America Africa and Asia Covering economic history in all areas of the world and segments of economies from prehistoric times to the present The Oxford Encyclopedia of Economic History is the ideal resource for students economists and general readers offering a unique glimpse into this integral part of world history      Principles of

Economic Sociology Richard Swedberg,2009-10-08 The last fifteen years have witnessed an explosion in the popularity creativity and productiveness of economic sociology an approach that traces its roots back to Max Weber This important new text offers a comprehensive and up to date overview of economic sociology It also advances the field theoretically by highlighting in one analysis the crucial economic roles of both interests and social relations Richard Swedberg describes the field s critical insights into economic life giving particular attention to the effects of culture on economic phenomena and the ways that economic actions are embedded in social structures He examines the full range of economic institutions and explicates the relationship of the economy to politics law culture and gender Swedberg notes that sociologists too often fail to properly emphasize the role that self interested behavior plays in economic decisions while economists frequently underestimate the importance of social relations Thus he argues that the next major task for economic sociology is to develop a theoretical and empirical understanding of how interests and social relations work in combination to affect economic action Written by an author whose name is synonymous with economic sociology this text constitutes a sorely needed advanced synthesis and a blueprint for the future of this burgeoning field      **Encyclopedia of Political Economy: A-K** Phillip

Anthony O'Hara,1999 Based on developments in political economy since the 1960s this text is a compendium of the main principles concepts problems institutions schools and policies associated with political economy It is a comprehensive introduction to the field      *The Progress of Economics* Warren Benjamin Catlin,1962      *Economics and Regulation in China*

Michael Faure,Guangdong Xu,2013-10-15 This book from a top international group of scholars explores the ways in which

economic tools can be used to improve the quality of regulation in general and legislative tools in particular As the role of law becomes increasingly important in China the question arises of how effective regulatory and legislative tools can be developed to accompany the Chinese evolution towards a welfare state China therefore provides a unique case study for scholars and policymakers interested in examining how regulation can play a role in promoting sustainable development Economics and Regulation in China goes beyond traditional economic analysis of law by focusing specifically on the question of how economic tools can guide the quality of legislation To this end the book centres in on three areas regulation as a tool of economic growth competition policy and environmental policy Not only are these three domains of great importance for China but they are also relevant for a broad scholarship interested in the economic analysis of law This volume contributes to discussions on how ex ante evaluation of legislative proposals and ex post analysis can increase the effectiveness and efficiency of regulation using economic tools offering insights that go beyond the particular case of China The analysis offered by this book makes it an invaluable resource for academics and policymakers alike      *Encyclopedia of Banking and Finance* Glenn Gaywayne Munn,1927
