A Revised History for Advanced Level & Colleges Nassoro Habib Mbwana, 2017-11-10. The book is a response of the suggestions and opinions provided to me by the students on writing a text that could be beneficial for them and other readers. The book covers the period from the fifteenth century to the present 2014. It includes the development of Europe from mercantilism to a new imperialism, globalization and a neocolonial situation and underdevelopment to the less developed countries in the southern hemisphere. It also justifies and revises important areas in the current 2009 syllabus which had been left by other authors in writing history texts for the advanced level. Therefore the book justifies some areas that are beyond the syllabus but the questions do appear in examinations. The book is directed to be useful for A level and college students, the teachers and other readers who have an interest with history.
