Americans have been an important element of colonial fantasy in North America ever since European settlements were established in the seventeenth century. Native burial grounds and Native ghosts have long played a role in both regional and local folklore and in the national literature of the United States and Canada as settlers struggled to create a new identity for themselves that melded their European heritage with their new North American frontier surroundings. In this interdisciplinary volume, Colleen E. Boyd and Coll Thrush bring together scholars from a variety of fields to discuss this North American fascination with the phantom Native American. *Phantom Past: Indigenous Presence* explores the importance of ancestral spirits and historic places in Indigenous and settler communities as they relate to territory and history in particular cultural, political, social, historical, and environmental contexts. From examinations of how individuals reacted to historical cases of hauntings to how Native phantoms have functioned in the literature of North Americans to interdisciplinary studies of how such beliefs and narratives allowed European settlers and Indigenous people to make sense of the legacies of colonialism and conquest, these essays show how the past and the present are intertwined through these stories.

**The American Indian Experience** Liz Sonneborn, 2010-08-01. Supplemented with quotes and engaging articles from USA TODAY, the Nation's No. 1 Newspaper, *The American Indian Experience* shines a spotlight on American Indians and their many exciting contributions to American society. From artists and athletes to religious leaders and chefs, American Indians enrich American life. Novelists such as Louise Erdrich and Sherman Alexie offer enlightening and often humorous glimpses into their life experiences and tribal traditions. Super athlete Jim Thorpe excelled in track and field as well as numerous other sports, breaking down cultural barriers to earn gold medals in the pentathlon and the decathlon at the 1912 Olympics in Stockholm, Sweden. SuAnne Big Crow displayed amazing skills as a basketball player for the Lady Thorpes, her South Dakota high school's team. She became a legend in 1988 when she performed the Lakota Sioux shawl dance on the court in Lead, South Dakota, silencing the crowd who had been shouting anti-American Indian slurs. Buffy Sainte Marie became one of the nation's best-known folksingers, while actor-musician Floyd Westerman captivated audiences in the groundbreaking 1990 film *Dances with Wolves*. Read this informative title to learn more about how American Indians contribute to the United States cultural mosaic, enriching our nation with a wide range of traditions, customs, and life experiences.
