Constance Franklin,1989      *Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education* Miloslav  
Rechcigl Jr.,2021-11-02 As pointed out in my last two publications no comprehensive study has been undertaken about the  
American Learned Men and Women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with  
the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their  
European ancestral homes or whether they have descended from them Whereas in the two mentioned monographs the  
emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and  
engineering respectively the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters  
and in education With respect to women although most professional fields were closed to them through much of the  
nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates  
*Jewish Artists* John Castagno,2010-08-16 John Castagno s Artists Signatures and Monograms have become the standard  
reference source for galleries museums libraries and collectors around the world Whether used to identify authenticate or  
verify signatures and works of both well known and little known artists Castagno s work has no equal In this new volume  
Castagno has collected more than 1 100 signatures and monograms of Jewish artists as well as signatures of artists whose  
work reflects Jewish themes In addition to the standard signature entries found in Castagno s other books this volume  
features additional biographical information providing a more complete profile of the artist and his or her work All artists are  
listed with the most updated information on nationality birth and or death dates The entries direct the researcher to many  
biographical and bibliographical sources not found on web site searches and many of the resources offer additional  
references Several individual listings provide gallery referrals and catalog auction dates which can be used to buy or sell a  
particular artist s work The use of Jewish Artists Signatures and Monograms provides the researcher a reference tool not  
duplicated elsewhere one that will save many hours of research      *Encyclopedia of Living Artists* ,1999      **Index to**  
**American Reference Books Annual** ,2000      **Notable American Women with Czechoslovak Roots** Miloslav Rechcigl  
Jr.,2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women this is not  
at all a reflection of the paucity of work done by these women as this publication demonstrates This monograph is a

compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role      **Guide to American Directories** ,1989      **The British Museum**
