*This Year's Model* Elizabeth Wissinger, 2015-09-18 Over the last four decades the fashion modeling industry has become a lightning rod for debates about Western beauty ideals the sexual objectification of women and consumer desire Yet fashion models still captivate embodying all that is cool glam hip and desirable They are a fixture in tabloids magazines fashion blogs and television Why exactly are models so appealing And how do these women succeed in so soundly holding our attention In *This Year's Model* Elizabeth Wissinger weaves together in depth interviews and research at model castings photo shoots and runway shows to offer a glimpse into the life of the model throughout the 20th and 21st centuries Once an ad hoc occupation the model life now involves a great deal of physical and virtual management of the body or what Wissinger terms glamour labor Wissinger argues that glamour labor the specialized modeling work of self styling crafting a look and building an image has been amplified by the rise of digital media as new technologies make tinkering with the body's form and image easy Models can now present self fashioning self surveillance and self branding as essential behaviors for anyone who is truly in the know and in fashion Countless regular people make it their mission to achieve this ideal not realizing that technology is key to creating the unattainable standard of beauty the model upholds and as Wissinger argues this has been the case for decades before Photoshop even existed Both a vividly illustrated historical survey and an incisive critique of fashion media *This Year's Model* demonstrates the lasting cultural influence of this unique form of embodied labor *The United States Catalog* Mary Burnham, Carol Hurd, 1928

**Show Town** Holly George,2016-10-26 Like many western boomtowns at the turn of the twentieth century Spokane Washington enjoyed a lively theatrical scene ranging from plays concerts and operas to salacious variety and vaudeville shows Yet even as Spokaneites took pride in their city s reputation as a good show town the more genteel among them worried about its Wild West atmosphere In *Show Town* historian Holly George correlates the clash of tastes and sensibilities among Spokane s theater patrons with a larger shift in values occurring throughout the Inland West and the nation during a period of rapid social change George begins this multifaceted story in 1890 when two Spokane

developers built the lavish Auditorium Theater as a kind of advertisement for the young city. The new venue catered to a class of people made wealthy by speculation railroads and mining. Yet the refined entertainment the Auditorium offered conflicted with the rollicking shows that played in the town's variety theaters designed to draw in the migratory workers primarily single men who provided labor for the same industries that made the fortunes of Spokane's elite. As well to do Spokaneites attempted to clamp down on the variety theaters' performances at even the city's more respectable legitimate playhouses began to reflect a movement away from Victorian sensibilities to a more modern desire for self fulfillment particularly among women. Theaters joined the debate over modern femininity by presenting plays on issues ranging from woman's suffrage to shifting marital expectations. At the same time national theater monopolies transmitted to the people of Spokane new styles and tastes that mirrored larger cultural trends. Lucidly written and meticulously researched *Show Town* is a groundbreaking work of cultural history. By examining one city's theatrical scene in all its complex dimensions this book expands our understanding of the forces that shaped the urban American West.

Their pinstripe swag is a symbol of making it worn across the globe.
