Lushington,1850      Poetry and Heroism Richard McCombs,2025-04-08 Kierkegaard lamented that many people find life distressingly empty devoid of consolation and a cause for despair and set out to provide a remedy to this malaise As a singular kind of poet and thinker he employed a holistic approach which he strikingly called dialectical lyric to the all important question of how we should live His poetic task is to praise ideals and heroes who represent them in order to make readers profoundly appreciate the worth of the ideals to help them experience intimately and concretely what it is like to serve something of infinite value and thus to awaken them to their own heroic vocations His task as a thinker or dialectician is to articulate the essence of competing ways of life and to distinguish them from one another so that it is possible to choose between them responsibly and without confusion In Poetry and Heroism readers will encounter Kierkegaard s alluring invitation to live poetically and heroically or to become the hero of one s own life by striving passionately to become a faithful replica of ideals which can give profound meaning to human existence and which can help readers discover what Kierkegaard calls one s eternal validity      **The Collected Poetry of Francis Thompson** Francis Thompson,1913
