Third Series* Library of Congress. Copyright Office, 1963 Includes Part 1 Number 1 Books and Pamphlets Including Serials and Contributions to Periodicals January June *Introducing Story-Strategic Methods* Robert Strauss, 2017-03-17 The purpose of *Introducing Story Strategic Methods* is to awaken us in the cross cultural context Our natural tendency is to be asleep to our own cultural values and core worldview assumptions This tendency applies as well to our expectations in the cross cultural context For example in what ways would a justice pattern of culture orient our speech and behavior To what degree is a justice pattern of culture different from an honor pattern of culture The book asserts that culture matters in effective communication Going further to what degree does a story told from the Bible nullify the power of culture Often we assume that the biblical story trumps culture It does not The book affirms rigorously that culture is much more powerful than we first suppose If in fact culture trumps the biblical story Therefore understanding and skills are required for effective engagement across cultures Strategic storytelling is a twelve step methodology that addresses the problems of miscommunication and syncretism that plague the cross cultural context It offers a step by step solution that promises success Insights are firmly rooted in Scripture and equally grounded in empirical research from the social sciences The stories told throughout the book are true The answers are compelling *The Young Christian at University* Hayford Akowuah, 2017-09-15 There are so many things that happen as you're away from home And all these things will try and take your attention away from God So how does one stay focused on God with all these challenges This book talks about some of the commonly known challenges that students go through and how to overcome them The book also contains a twenty one day devotional which will enable you to stay focused and connected to God *God's EPIC Adventure* Winn Griffin, 2007-10 Griffin uses Bishop Tom Wright's five act play model as a way of presenting Scripture as a full length story in order to assist the reader in a better reading experience of the text Christian **Great joy, sermons and prayer-meeting talks. Revised** Dwight Lyman Moody, 1883 *God's Library* Brent Nongbri, 2018-08-21 A provocative book from a highly original scholar challenging much of what we know about early Christian manuscripts In this bold and groundbreaking book Brent Nongbri provides an up to date introduction to the major collections of early Christian manuscripts and demonstrates that much of what we thought we knew about these books and fragments is mistaken While biblical scholars have expended much effort in their study of the texts contained within our earliest Christian manuscripts there has been a surprising lack of interest in thinking about these books as material objects

with individual unique histories We have too often ignored the ways that the antiquities market obscures our knowledge of the origins of these manuscripts Through painstaking archival research and detailed studies of our most important collections of early Christian manuscripts Nongbri vividly shows how the earliest Christian books are more than just carriers of texts or samples of handwriting They are three dimensional archaeological artifacts with fascinating stories to tell if we are willing to listen
