This book promotes the research of present day women working in ancient and medieval philosophy with more than 60 women having contributed in some way to the volume in a fruitful collaboration. It contains 22 papers organized into ten distinct parts spanning the sixth century BCE to the fifteenth century CE. Each part has the same structure: it features first a paper which sets up the discussion and then one or two responses that open new perspectives and engage in further reflections. Our authors' contributions address pivotal moments and players in the history of philosophy: women philosophers in antiquity Cleobulina of Rhodes, Plato, Lucretius, Bardaisan of Edessa, Alexander of Aphrodisias, Plotinus, Porphyry, Peter Abelard, Robert Kilwardby, William Ockham, John Buridan and Isotta Nogarola. The result is a thought provoking collection of papers that will be of interest to historians of philosophy from all horizons. Far from being an isolated effort, this book is a contribution to the ever growing number of initiatives which endeavour to showcase the work of women in philosophy.

*Making Contact* Alan Steinfeld, 2021-05-04 I feel it is one of the best approaches I have found to grasp the most jarring enigma humanity has ever faced. George Noory host of Coast to Coast AM: We cannot separate the earth from its greater cosmic environment. What is needed is a new story and Alan Steinfeld's *Making Contact* is part of that story. Deepak Chopra Author *Total Meditation*: How can we prepare for an event that is literally beyond anything humanity has ever faced. *Making Contact* presents multiple perspectives on what no longer can be denied: UFOs and their occupants are visiting our world. The book answers questions which remain in the wake of the recent Pentagon's disclosures as to who and why these beings are here. The volume contains original writings by the leading experts of the phenomena such as Linda Moulton Howe, Earthfiles reporter, Whitley Strieber, best selling author of *Communion*, Professor John E. Mack, former head of the Harvard Medical School of psychiatry and an alien abduction investigator, Darryl Anka, internationally known for his communication with the extraterrestrial, Bashar, Nick Pope, former UK Ministry of Defense UFO investigator, Grant Cameron, expert on American presidents and UFOs, Drs. J. J. and Desiree Hurtak, globalists and founders of the worldwide organization The Academy for Future Science, Caroline Cory, director of *Superhuman* and *ET Contact*, Mary Rodwell, author of *The New Human* about star seed children, Henrietta Weekes, actress and writer expressing the poetic aspects of making contact. Alan Steinfeld contributes and curates the collection with 30 years of experience with the subject. The Foreword by George Noory of Coast to Coast AM kicks off the volume with his veteran overview of the need to wake up to the new realities of extraterrestrial existence. At this critical juncture in the government's official acknowledgement of the reality of UFOs, UAPs, scientists, politicians and mainstream news outlets have no idea what to make

of these startling revelations or the outpouring of sightings and contact experiences currently being reported on a global scale The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena The variety of viewpoints expressed in the volume provide a solid foundation for the preparation of the greatest challenge to ever face humankind Making Contact stands as the essential handbook for embracing the most exalted moment in history Meeting the cosmic others     *Science Abstracts* ,1928     *Christian Citizenship Training Course, Vol. 2, Form #12.008* Sovereignty Education and Defense Ministry (SEDM),2020-02-06 Good citizenship from a Christian Perspective     **Invisible Worlds** ,2013-10-14 To investigate the unexplained laws of Nature and the powers latent in humanity is one object of the Theosophical Society Annie Besant 1847 1933 outspoken feminist political activist and early president of the TS thought that psychic and spiritual development should be available to everyone not just a chosen few In her many books and articles providing guidelines her goal was not to help students develop supernormal powers but to help them increase consciousness in order to receive instruction from the ascended Masters Besant believed this work had positively changed her life and wanted others to enjoy the same benefit Although penned a century ago Besant s wisdom on the subject is still germane Her prose is clear and inspiring and Kurt Leland s introduction and notes are well informed He helpfully divides Besant s writings into four parts Occultism Light and Dark Higher Life Training the Investigation of Different Worlds and the Science of the Superphysical
