Encyclopaedia Arcane Chronomancy The Power Of Time:

Chronomancy Robin Duke,2002-08-01 Encyclopaedia Arcane Chronomancy The Power Of Time *The Slayer's Guide to Female Gamers* James Desborough,2002-11-26 This book examines a source of much mystery and consternation to your average role player The Female Gamer and the female of the species in general The only culture present here should be examined under a slide and given a long Latin name before being exterminated with penicillin None of this should be taken as offensive though it probably will be If you cannot see that we are also taking the Mickey out of male gamers as much if not more than gamers of the female persuasion then you need a humour transplant and a kick up your pert well rounded tightly chain mail clad arse Please accept that most gamers do not have issues with women they have a subscription a complete collection from issue one and fancy binders to keep them in Female gamers are a completely unknown quantity to the vast and overwhelming majority of gamers though matters have been ever so slowly changing in that regard As these creatures become more populous in the gaming fraternity it behooves the male gamer to at least make an attempt understand this creature and to make preparations for their increasing invasion It would not do to be caught unawares by any new creature or trap and every adventurer s motto should be Be prepared rather than Experience points Chaaaaaarge *Encyclopaedia Arcane* A Hahn,Adrian Bott,2003-12-10 This volume presents the first ever serious study of the long neglected questions of why material components are used in spells what logic governs their use and whether or not it is possible to change them We look at the typical components used in arcane spells and outline the key principles on which they work An exhaustive treatment of the standard arcane spells is then provided which will inject new life and creativity into spellcasting By daring to challenge the wisdom of the ages and use their own home brewed recipes rather than keeping slavishly to the old ones players may gain hitherto inaccessible levels of spell potency Beware however for there is a price he who presumes to tamper with magic must be very sure of himself or he will cause an imbalance in the arcane forces and he will be the first to suffer for it Even the slightest error can cause a side effect While some of these are relatively harmless others can cause disfigurement crippling injury or even death To the courageous mages who are willing to read on this is a risk well worth taking *Encyclopedia of Time* ,2009
