3 bookseller's catalogues Robert Faulder,1782 Ancient Israel in Egypt Daniel Tompsett,2023-02-07 This book looks back over thousands of years to explore the period in Egyptian history when the Bible identifies that Ancient Israel was resident in Egypt It asks and answers one very simple question What new things can we learn about this period of history if we treat the Bible as a valid historical document Whereas this topic is often approached from either the perspective of the Bible or Egyptology this work genuinely attempts to occupy the ground between the two It uses Scripture like a torch carried into the deepest recesses of the established historical facts and theories concerning the late Middle Kingdom period the Second Intermediate period and the early New Kingdom period in Egyptian history Along the way it considers some of the latest discoveries innovations and theories from the world of Egyptology and unearths a trove of tangible points of connection As such the narrative forms a two way perspective where the biblical account illuminates stubbornly opaque moments in Egyptian history and chronology and where the meticulous work of Egyptologists provides appropriate additional background to the Bible The result is a sharper perspective of an ancient account that has a surprisingly current application for us all
