Gems,2006-01-01 The Athletic Crusade is the first book to systematically analyze the role of sports in the expansion of U S empire from the 1890s through World War II Gerald R Gems details how white Anglo Saxon Protestant males set the standard for inclusion within American society transferred that standard to foreign territories and subtly used American sports to instill allegedly desirable racial moral and commercial virtues in colonial subjects In the realm of such expansion sports provided a less harsh less militaristic means of instilling belief in a dominant system s values and principles than more overt methods such as war The process of change however had unexpected consequences as subordinate groups adapted or even rejected American overtures Sport became a means for nonwhites to challenge whiteness Social Darwinism and cultural hegemony by establishing their own physical prowess claiming a measure of esteem and creating a greater sense of national identity Gems shows the direct influence of sports in Hawaii the Philippines Puerto Rico Cuba and the Dominican Republic and explores their comparatively minimal influence in countries such as China and Japan Amid increasing globalization The Athletic Crusade offers a welcome perspective on how the United States has attempted to spread its influence in the past and the implications for the future of indigenous and other societies

**Crossing Parish Boundaries** Timothy B. Neary, 2016-10-14 Controversy erupted in spring 2001 when Chicago's mostly white Southside Catholic Conference youth sports league rejected the application of the predominantly black St Sabina grade school Fifty years after Brown v Board of Education interracialism seemed stubbornly unattainable and the national spotlight once again turned to the history of racial conflict in Catholic parishes It's widely understood that midcentury working class white ethnic Catholics were among the most virulent racists but as *Crossing Parish Boundaries* shows that's not the whole story In this book Timothy B Neary reveals the history of Bishop Bernard Sheil's Catholic Youth Organization CYO which brought together thousands of young people of all races and religions from Chicago's racially segregated neighborhoods to take part in sports and educational programming Tens of thousands of boys and girls participated in basketball track and field and the most popular sport of all boxing which regularly filled Chicago Stadium with roaring crowds The history of Bishop Sheil and the CYO shows a cosmopolitan version of American Catholicism one that is usually overshadowed by accounts of white ethnic Catholics aggressively resisting the racial integration of their working class neighborhoods By telling the story of Catholic sponsored interracial cooperation within Chicago *Crossing Parish Boundaries* complicates our understanding of northern urban race relations in the mid twentieth century
