**The Bloomsbury Encyclopedia of the American Enlightenment** Marc G. Spencer,2015      **Encyclopedia of the Enlightenment** ,2003      **The Unfinished Enlightenment** Joanna Stalnaker,2011-05-02 In *The Unfinished Enlightenment* Joanna Stalnaker offers a fresh look at the French Enlightenment by focusing on the era's vast collective attempt to compile an ongoing and provisional description of the world Through a series of readings of natural histories encyclopedias scientific poetry and urban topographies the book uncovers the deep epistemological and literary tensions that made description a central preoccupation for authors such as Buffon Bernardin de Saint Pierre Diderot Delille and Mercier Stalnaker argues that Enlightenment description was the site of competing truth claims that would eventually resolve themselves in the modern polarity between literature and science By the mid nineteenth century the now habitual association between description and the novel was already firmly anchored in French culture but just a century earlier in the diverse network of articles on description in Diderot and d'Alembert's *Encyclopédie* and in the works derived from it there was not a single mention of the

novel Instead we find articles on description in natural history geometry belles lettres and poetry Stalnaker builds on the premise that the tendency to view description as the inevitable and subservient partner of narration rather than as a universal tool for making sense of knowledge in all fields has obscured the central place of description in Enlightenment discourse As a result we have neglected some of the most original and experimental works of the eighteenth century *The Bloomsbury Encyclopedia of the American Enlightenment* Mark G. Spencer, 2015 The Bloomsbury Encyclopedia of the American Enlightenment is the first reference work on this key subject in early American history With over 500 original essays on key American Enlightenment figures it provides a comprehensive account to complement the intense scholarly activity that has recently centered on the European Enlightenment
