Encyclopedia of the American Presidency Leonard Williams Levy, Louis Fisher, 1994 Encyclopedia of the American Presidency Andrew Jackson through Theodore Roosevelt **Encyclopedia of the American Presidency: S-Y, Index**, 1994 *Encyclopedia of the American Presidency: J-R*, 1994 Encyclopedia of the American Presidency: S-Y, 1994 Encyclopedia of the American Presidency: E-I, 1994 **Encyclopedia of the American Presidency: S-Y**, 1994 Contains 1 011 articles by 335 contributors from all regions of the country representing many disciplines and institutions captures the origin evolution and constant unfolding of the American presidency The Illustrated Encyclopedia of the Presidents of America Jon Roper, 2012 Contains a brief biography and analysis of all forty four presidents from George

Washington to Barack Obama and discusses the history and major events of the United States explaining how each president impacted history

The ^APresidency of the United States Richard M. Pious,2010-04-10 The Presidency of the United States is an illustrated A to Z guide to the U S Presidency including biographical sketches of each President and Vice President along with articles on presidential powers presidential history theories about the presidency presidential elections advisors and agencies and information about the daily workings of the White House The second edition is completely revised up to March 2001 with new Biographies of George W Bush and Dick Cheney and completely updated biographies of Bill Clinton and Al Gore

The Development of the American Presidency Richard J. Ellis,2015-06-26 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding beyond the current newspaper headlines The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines and practice quizzes to help students master the book s lessons The second edition a new chapter on unilateral powers that brings greater attention to domestic policymaking

The American Presidency Encyclopaedia Britannica,Encyclopedia Britannica Editorial,2009-03 Explores the lives and contributions of the people who have held the office from George Washington to Barack Obama Each presidential profile includes a detailed biography the president s signature who served as vice president a profile of the first lady and timelines

President Encyclopedia 1789-1809 Hicks,2008-12-01 An In Depth Look At The American Presidents Washington Adams And Jefferson

The Presidency and the Law David Gray Adler,Michael A. Genovese,2002 Political scandals have always demonstrated the capacity of our executive officials for self inflicted injuries and the Clinton administration was no exception Unilateral warmaking claims of executive privilege and immunity and last minute pardons all tested the limits of presidential power while the excesses of the Special Prosecutor cast doubts on available remedies For eight years Republicans and Democrats engaged in guerrilla warfare aimed at destroying the careers and lives of their adversaries while tests of presidential power were resolved by the courts resulting in a reshaping of the

scope and power of the presidency itself This book examines the many controversial and important battles that led to the shrinking of the presidency under the law during the Clinton administration Located at the intersection of law and politics it helps readers understand the dramatic changes that took place in the relationship of presidential power to the law during the Clinton years and shows how one president's actions and congressional and legal reactions to them have altered presidential prerogatives in ways that his successors cannot ignore The Presidency and the Law offers an assessment of changes in constitutional and legal understanding of the American presidency exploring such topics as war power executive privilege pardon power impeachment executive immunity independent counsel and campaign finance In examining these collisions between president and the law its distinguished contributors bring the lessons of Watergate and Iran Contra into the Clinton era and contribute to a Madisonian view that presidents should not operate outside statutory and constitutional constraints While the essays offer several criticisms of that administration's exercise of power and its interpretation of constitutional provisions and law many of the authors have been supportive of Clinton and his policy pursuits and all seek to examine the potential impact of the Clinton administration without being predictive or legalistic They offer instead commentary analysis and criticism that examine the legality and constitutionality of President Clinton's actions within a broader political and historical context The presidency is constitutionally weaker and politically more vulnerable than the office Bill Clinton assumed in 1993 and it remains to be seen what impact these changes will have on the presidency in the 21st century This book points the way to assessing that impact and is essential reading for anyone concerned with the future of our democracy

Unveiling the Power of Verbal Art: An Emotional Sojourn through **Encyclopedia On The American Presidency**

In a global inundated with monitors and the cacophony of immediate interaction, the profound energy and emotional resonance of verbal beauty usually fade into obscurity, eclipsed by the regular onslaught of sound and distractions.
