Encyclopedia Sherlockiana The Complete A To Z Guide To The World Of The Great Detective:

Encyclopedia Sherlockiana Matthew Bunson,1994 A guide to Sherlock Holmes and his various incarnations in literature and film includes entries on every case and character *Historical Dictionary of Sherlock Holmes* Neil McCaw,2019-11-05 Historical Dictionary of Sherlock Holmes contains a variety of information about Arthur Conan Doyle s Sherlock Holmes stories as both narratives and also cultural phenomena The volume will help readers look deeper into those stories and the meanings of the various reference points within them as well as achieving a deeper understanding of the range of contexts of Holmes Conan Doyle and detective fiction as a genre This book examines the broad global Sherlock Holmes phenomenon related to the ways in which the stories have been adapted into a range of other media as well as the cultural status of Holmes all over the world Historical Dictionary of Sherlock Holmes contains a chronology an introduction and an extensive bibliography The dictionary section has over 1 000 cross referenced entries that contain detailed examinations of the themes and features of the 60 stories that make up the Sherlock Holmes canon This book is an excellent resource for students researchers and anyone wanting to know more about Arthur Conan Doyle s Sherlock Holmes stories

Jack the Ripper Gary Coville,Patrick Lucanio,2015-06-14 The identity of Jack the Ripper has consumed public curiosity since he first tormented the East End of London in 1888 Numerous theories have been offered as to his identity but he remains in the shadows where it seems only imaginative literature has been able to elucidate his meaning to the modern world This work surveys the literary film television and radio treatments of Jack the Ripper and his crimes The works of fiction are thoroughly analyzed as are the major nonfiction works that have offered various theories about the Ripper s identity Works whose narratives are obviously inspired by Jack the Ripper and his crimes are also discussed The Writer's Ultimate Research Guide Ellen Metter,1995 With hundreds of listings of books and databases this book saves writers research time and frustration by pointing them straight to the information they need to create better more accurate fiction and nonfiction *Sherlock Holmes - The Hero With a Thousand Faces: Volume 2* David MacGregor,2022-06-22 Picking up the trail with the incredibly influential films of Basil Rathbone and Nigel Bruce Volume II goes on to explore the antiheroic Sherlock Holmes films of the 1970s and then the somewhat rocky journey of Holmes into the medium of television actors Alan Wheatley Douglas Wilmer and Peter Cushing all declared their respective TV series as the worst experience of their professional careers Television finally found its definitive Holmes in Jeremy Brett s portrayal for Granada Television and then the BBC s Sherlock had flashed brilliantly across the cultural sky before crashing and burning in spectacular fashion Still despite its ignominious end Benedict Cumberbatch s version of Sherlock Holmes quite literally changed the face of Sherlockian fandom overnight as studious middle aged white men now found themselves sharing uneasy ground with a younger more diverse and more female audience Now a full fledged transmedia phenomenon Sherlock Holmes can be any gender ethnicity or species and is celebrated in fan fiction and fanvids as well as conventions that are far more inclusive than

Sherlock Holmes societies of the past Vincent Starrett's poetic notion that Sherlock Holmes is a character who never lived and so can never die has never been more true and the Digital Age promises any number of new versions of Sherlock Holmes to come

The Criminal Mastermind of Baker Street Rob Nunn, 2017-09-19 What if Sherlock Holmes had turned to crime instead of detection THE CRIMINAL MASTERMIND OF BAKER STREET by Rob Nunn investigates this very concept Holmes famously said that when a clever man turns his brains to crime it is the worst of all A sinister influence is at work in Victorian London with Sherlock Holmes and Doctor Watson running a hidden criminal empire THE CRIMINAL MASTERMIND OF BAKER STREET explores all of Sir Arthur Conan Doyle's original stories through the lens of Holmes as a criminal while adding many new exciting tales of Holmes daring to delight its readers

The Talented Mrs. Mandelbaum Margalit Fox, 2024-07-02 America's first great organized crime lord was a lady a nice Jewish mother named Mrs Mandelbaum A tour de force With a pickpocket's finesse Margalit Fox lures us into the criminal underworld of Gilded Age New York Liza Mundy author of The Sisterhood A PARADE BEST BOOK OF THE YEAR In 1850 an impoverished twenty five year old named Fredericka Mandelbaum came to New York in steerage and worked as a peddler on the streets of Lower Manhattan By the 1870s she was a fixture of high society and an admired philanthropist How was she able to ascend from tenement poverty to vast wealth In the intervening years Marm Mandelbaum had become the country's most notorious fence a receiver of stolen goods and a criminal mastermind By the mid 1880s as much as 10 million worth of purloined luxury goods nearly 300 million today had passed through her Lower East Side shop Called the nucleus and center of the whole organization of crime she planned robberies of cash gold and diamonds throughout the country But Mrs Mandelbaum wasn't just a successful crook She was a business visionary one of the first entrepreneurs in America to systemize the scattershot enterprise of property crime Handpicking a cadre of the finest bank robbers housebreakers and shoplifters she handled logistics and organized supply chains turning theft into a viable scalable business The Talented Mrs Mandelbaum paints a vivid portrait of Gilded Age New York a city teeming with nefarious rogues capitalist power brokers and Tammany Hall bigwigs all straddling the line between underworld enterprise and legitimate commerce Combining deep historical research with the narrative flair for which she is celebrated Margalit Fox tells the unforgettable true story of a once famous heroine whose life exemplifies America's cherished rags to riches narrative while simultaneously upending it entirely

Film Adaptation and Its Discontents Thomas Leitch, 2007-06-15 Most books on film adaptation the relation between films and their literary sources focus on a series of

close one to one comparisons between specific films and canonical novels This volume identifies and investigates a far wider array of problems posed by the process of adaptation Beginning with an examination of why adaptation study has so often supported the institution of literature rather than fostering the practice of literacy Thomas Leitch considers how the creators of short silent films attempted to give them the weight of literature what sorts of fidelity are possible in an adaptation of sacred scripture what it means for an adaptation to pose as an introduction to rather than a transcription of a literary classic and why and how some films have sought impossibly close fidelity to their sources After examining the surprisingly divergent fidelity claims made by three different kinds of canonical adaptations Leitch s analysis moves beyond literary sources to consider why a small number of adapters have risen to the status of auteurs and how illustrated books comic strips video games and true stories have been adapted to the screen The range of films studied from silent Shakespeare to Sherlock Holmes to The Lord of the Rings is as broad as the problems that come under review *Convergence Culture Reconsidered* Claudia Georgi, Brigitte Johanna Glaser, 2015 Taking media scholar Henry Jenkins s concept of convergence culture and the related notions of participatory culture and transmedia storytelling as points of departure the essays compiled in the present volume provide terminological clarification offer exemplary case studies and discuss the broader implications of such developments for the humanities Most of the contributions were originally presented at the transatlantic conference Convergence Culture Reconsidered organized by the editors at the Georg August Universit t G ttingen Germany in October 2013 Applying perspectives as diverse as literary cultural and media studies digital humanities translation studies art history musicology and ecology they assemble a stimulating wealth of interdisciplinary and innovative approaches that will appeal to students as well as experts in any of these research areas **American Reference Books Annual** Juneal M.

Chenoweth, 1995-04-15 With more than 1600 descriptive and evaluative entries ARBA continues its 26 year tradition as a comprehensive review source for reference works published or distributed in the US ARBA 95 encompasses the subject spectrum covering such broad areas as general reference history education economics and business and science and technology Of special note in this edition is increased coverage of CD ROM products More than 350 reviewers provide reviews that cover strengths and weaknesses of the reference works *Adapting Detective Fiction* Neil McCaw, 2011-01-20

Sherlock Holmes. Selected Stories Arthur Conan Doyle, 2014-04-10 Detection is or ought to be an exact science For more than a century the Holmes stories have held a strange almost inexplicable grip on the popular imagination They are intimately associated with late Victorian and Edwardian society yet curiously timeless in their appeal The characters of Sherlock Holmes and Dr Watson together with their housekeeper Mrs Hudson and their address at 221B Baker Street are as familiar today as when they made their first appearance in the late 1880s The stories have been endlessly interpreted adapted and modernized but still it is to Arthur Conan Doyle s originals that we return This new selection of some of the best of them is designed to give readers a full sense of their world the brooding fog of London ruined heirs in creaking mansions
