Encyclopedia Of Talmudic Sages:

The Encyclopedia of Talmudic Sages Gershom Bader,1988 **The Encyclopedia of Talmudic Sages** Gershom Bader,1993 **Find it in the Talmud** Mordechai Judovits,2014 The Talmud an ancient and seminal text central to Rabbinic Judaism is the focal point of this reference book With more than 6 000 entries this book serves as a path finder for those interested in the Talmud and a useful tool for scholars when searching for a particular Talmudic subject The book also contains stories anecdotes and sayings recorded in the Talmud while placing an emphasis on topics of ethics morality charity decency and proper conduct *Essential Figures in the Talmud* Ronald L. Eisenberg,2013 The Talmud chronicles the early development of rabbinic Judaism through the writings and commentaries of the rabbis whose teachings form its foundation However this key religious text is expansive consisting of 63 books containing extensive discussions and interpretations of the Mishnah accumulated over several centuries Sifting through the huge number of names mentioned in the Talmud to find information about one figure can be tedious and time consuming and most reference guides either provide only brief unhelpful entries on every rabbi including minor figures or are so extensive that they can be more intimidating than the original text In *Essential Figures in the Talmud* Dr Ronald L Eisenberg explains the importance of the more than 250 figures who are most vital to an understanding and appreciation of Talmudic texts This valuable reference guide consists of short biographies illustrating the significance of these figures while explaining their points of view with numerous quotations from rabbinic literature Taking material from the vast expanse of the Talmud and Midrash this book demonstrates the broad interests of the rabbis whose writings are the foundation of rabbinic Judaism Both religious studies and rabbinical students and casual readers of the Talmud will benefit from the comprehensive entries on the most frequently discussed rabbis and will gain valuable insights from this reader friendly text Complete in a single volume this guide strikes a satisfying balance between the sparse uninformative books and comprehensive but overly complex references that are currently the only places for inquisitive Talmud readers to turn For any reader who wishes to gain a better understanding of Talmudic literature Eisenberg s text is just as essential as the figures listed within [The Retelling of Chronicles in Jewish Tradition and Literature](#) Isaac Kalimi,2009-06-30 Isaac Kalimi reveals the history of the book of Chronicles from Hellenistic times to the beginning of critical biblical scholarship at the dawn of the 17th century This comprehensive examination focuses first and foremost on the use of Chronicles in Jewish societies through the generations and highlights the attitudes and biases of writers translators historians artists exegetes theologians and philosophers toward the book The reader is made aware of what the biblical text has meant and what it has accomplished in the many contexts in which it has been presented Throughout the volume Kalimi strives to describe the journey of Chronicles not only along the route of Jewish history and interpretation but also in relation to the book s non Jewish heritage namely Christianity demonstrating the differences and distinctiveness of the former In contrast the majority of commentaries on Chronicles written from the mid 19th century to the

present day have contained little or nothing about the application interpretation and reception history of Chronicles by Jews and Christians for hundreds of years *Jewish Views of the Afterlife* Simcha Paull Raphael,2019-04-15 Originally published in 1994 *Jewish Views of the Afterlife* is a classic study of ideas of afterlife and postmortem survival in Jewish tradition and mysticism As both a scholar and pastoral counselor Raphael guides the reader through 4 000 years of Jewish thought on the afterlife by investigating pertinent sacred texts produced in each era Through a compilation of ideas found in the Bible Apocrypha rabbinic literature medieval philosophy medieval Midrash Kabbalah Hasidism and Yiddish literature the reader learns how Judaism conceived of the fate of the individual after death throughout Jewish history In addition this book explores the implications of Jewish afterlife beliefs for a renewed understanding of traditional rituals of funeral burial shiva kaddish and more This newly released twenty fifth anniversary edition presents new material on little known Jewish mystical teachings on reincarnation a chapter on Spirits Ghosts and Dybbuks in Yiddish Literature and a foreword by the renowned scholar of Jewish mysticism Rabbi Arthur Green Both historical and contemporary this book provides a rich resource for scholars and laypeople and for teachers and students and makes an important Jewish contribution to the growing contemporary psychology of death and dying Values That Shape the World Faye Lincoln,2021-08-23 In *Values that Shape the World* Ancient Precepts Modern Concepts In her work Lincoln dissects and intersects millennia of history in the context of the Judeo Christian principles that have driven and continue to drive the evolution and revolution of today s highly volatile world Lincoln is a writer who views Biblical history through her lens of second generation Holocaust experience **The Jewish Encyclopedia: Bencemero-Chazanuth** Isidore Singer,1902 **The Jewish Encyclopedia** Joseph Jacobs,1906 The Jewish Encyclopedia: a Descriptive Record of the History, Religion, Literature, and Customs of the Jewish People from the Earliest Times to the Present Day ,1906 *The Jewish Encyclopedia* Isidore Singer,Cyrus Adler,1904 *The Encyclopedia Americana* ,1905 Reader's Guide to Judaism Michael Terry,2013-12-02 The Reader s Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly *The Universal Jewish Encyclopedia* ... Anheier,Stefan Toepler,2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In
