Pioneer Violin Virtuose in the Early Twentieth Century Tatjana Goldberg, 2019-05-24 Tatjana Goldberg reveals the extent to which gender and socially constructed identity influenced female violinists separate but unequal status in a great male dominated virtuoso lineage by focussing on the few that stood out: the American Maud Powell 1867-1920, Australian born Alma Moodie 1898-1943 and the British Marie Hall 1884-1956. Despite breaking down traditional gender based patriarchal social and cultural norms becoming celebrated soloists and greatly contributing towards violin works and the early recording industry, Powell and Hall they received little historical recognition. Goldberg provides a more complete picture of their artistic achievements and the impact they had on audiences.

The Late Victorian Folksong Revival E. David Gregory, 2010-04-13 In *The Late Victorian Folksong Revival* The Persistence of English Melody 1878-1903 E. David Gregory provides a reliable and comprehensive history of the birth and early development of the first English folksong revival. Continuing where Victorian Songhunters' first book left off, Gregory systematically explores what the Late Victorian folksong collectors discovered in the field and what they published for posterity, identifying differences between the songs noted from oral tradition and those published in print. In doing so he determines the extent to which the

collectors distorted what they found when publishing the results of their research in an era when some folksong texts were deemed unsuitable for polite ears The book provides a reliable overall survey of the birth of a movement tracing the genesis and development of the first English folksong revival It discusses the work of more than a dozen song collectors focusing in particular on three key figures the pioneer folklorist in the English west country Reverend Sabine Baring Gould Frank Kidson who greatly increased the known corpus of Yorkshire song and Lucy Broadwood who collected mainly in the counties of Sussex and Surrey and with Kidson and others was instrumental in founding the Folk Song Society in the late 1890s The book includes copious examples of the song tunes and texts collected including transcriptions of nearly 300 traditional ballads broadside ballads folk lyrics occupational songs carols shanties and national songs demonstrating the abundance and high quality of the songs recovered by these early collectors

Empire Ways Bernard Porter,2015-10-30 The British Empire was an astonishingly complex and varied

phenomenon not to be reduced to any of the simple generalisations or theories that are often taken to characterise it One way of illustrating this and so conveying some of the subtle flavour of the thing itself is to descend from the over arching to the particular and describe and discuss aspects of it in detail This book by the well known imperial historian Bernard Porter ranges among a wide range of the events and personalities that shaped or were shaped by British imperialism or by its decline in the post war years These include chapters on science drugs battles proconsuls an odd assortment of imperialists including Kipling Lady Hester Stanhope and TE Lawrence architecture music the role of MI6 and the reputation of the Empire since its demise Together the chapters inform explain provoke and occasionally amuse but above all they demonstrate the kaleidoscopic variety and ambivalence of Britain s imperial history
