Elizabeth's London Liza Picard, 2014-01-28 Liza Picard immerses her readers in the spectacular details of daily life in the London of Queen Elizabeth 1558-1603. Beginning with the River Thames she examines the city on the north bank still largely confined within the old Roman walls. The wealthy lived in mansions upriver and the royal palaces were even farther up at Westminster. On the south bank theaters and spectacles drew the crowds and Southwark and Bermondsey were bustling with trade. Picard examines the Elizabethan streets and the traffic in them; she surveys building methods and shows us the decor of the rich and the not so rich. Her account overflows with particulars of domestic life right down to what was likely to be growing in London gardens. Picard then turns her eye to the Londoners themselves, many of whom were afflicted by the plague, smallpox, and other diseases. The diagnosis was frequently bizarre and the treatment could do more harm than good. But there was comfort to be had in simple, homely pleasures and cares could be forgotten in a playhouse or the bull-baiting and bear-baiting rings or watching a good cockfight. The more sober-minded might go to hear a lecture at Gresham College or the latest preacher at Paul's Cross. Immigrants posed problems for Londoners, who though proud of England's religious tolerance were concerned about the damage these skilled migrants might do to their own livelihoods despite the dominance of livery companies and their apprentice system. Henry VIII's destruction of the monasteries had caused a crisis in poverty management that was still acute, resulting in begging with begging licenses and a parochial poor rate paid by the better off. Liza Picard's wonderfully vivid prose enables us to share the satisfaction and delights as well as the vexations and horrors of the everyday lives of the denizens of sixteenth-century London.

St Paul's Cathedral Precinct in Early Modern Literature and Culture Roze Hentschell, 2020-06-16 Prior to the 1666 fire of London, St Paul's Cathedral was an important central site for religious, commercial, and social life in London. The literature of the period, both fictional and historical, reveals a great interest in the space and shows it to be complex and contested with multiple functions and uses beyond its status as a church. St Paul's Cathedral Precinct in Early Modern Literature and Culture: Spatial Practices animates the cathedral space by focusing on the everyday functions of the building, deepening and sometimes complicating previous works on St Paul's Cathedral. St Paul's Cathedral Precinct in Early Modern Literature and Culture is a study of London's cathedral, its immediate surroundings, and its everyday users in early modern literary and historical documents and images, with special emphasis on the late sixteenth and early seventeenth centuries. It discusses representations of several of the seemingly discrete spaces of the precinct to reveal how these spaces overlap with and inform one another spatially and argues that specific locations should be seen as mutually constitutive and in a dynamic and ever-evolving state. The varied uses of the precinct, including the embodied spatial practices of early modern Londoners and visitors, are examined, including the walkers in the nave, sermon goers, those who shopped for books, the residents of the precinct, the choristers, and those who were devoted to church repairs and renovations.

Elizabeth's London Liza Picard, 2013-05-23 Reading this book is like taking a ride on a

marvellously exhilarating time machine alive with colour surprise and sheer merriment Jan Morris Elizabethan London reveals the practical details of everyday life so often ignored in conventional history books It begins with the River Thames the lifeblood of Elizabethan London before turning to the streets and the traffic in them Liza Picard surveys building methods and shows us the interior decor of the rich and the not so rich and what they were likely to be growing in their gardens Then the Londoners of the time take the stage in all their amazing finery Plague smallpox and other diseases afflicted them But food and drink sex and marriage and family life provided comfort Cares could be forgotten in a playhouse or the bull baiting of bear baiting rings or watching a good cockfight Liza Picard s wonderfully skilful and vivid evocation of the London of Elizabeth I enables us to share the delights as well as the horrors of the everyday lives of our sixteenth century ancestors
