Elizabethton Michael Depew, Lanette Depew, 2004 The bustling city of Elizabethton Tennessee located on the convergence of the Watauga and Doe Rivers is the product of a long and rich history For centuries its fertile ground and ample wildlife sustained the Cherokee Indians who later leased and sold a vast amount of land to settlers in the mid 1700s In 1772 these settlers formed the Watauga Association becoming what Teddy Roosevelt called the first men of American birth to establish a free and independent community on the continent The era of industrialization resulted in several factories and mills all along Elizabethton's rivers creating a commercial paradise that continues to thrive today **Old Butler** Michael DePew, Lanette DePew, 2005 In 1820 Ezekial Zeke Smith built a gristmill on the bank of Roan Creek forming the community known as Smith Hill Following the Civil War it was renamed Butler in honor of Col Roderick Random Butler Much of the city's early development can be attributed to the establishment of the Aeon Seminary in 1871 and the advent of the Virginia and South Western Railroad which provided transportation for residents and the developing logging industry In 1933 the scenic landscape of the Watauga Valley was altered forever when the Tennessee Valley Authority was created by Franklin D Roosevelt's New Deal legislation TVA provided electric power for the state and controlled the flooding of the rivers in the region In December 1948 the gates of the Watauga Dam were closed and water began to fill the Watauga Reservoir until Butler Tennessee was laid to rest at the bottom of Watauga Lake The residents of Butler and the surrounding communities were forced to relinquish demolish or relocate more than 125 homes and 50 businesses *Johnson City* Sonya A. Haskins, 2005-06-08 The Johnson City area was originally settled in 1777 by pioneers from North Carolina with land grants who were dissatisfied with their representation in North Carolina These local citizens held a convention and formed the state of Franklin in 1784 This state was never recognized by Congress It fizzled out in 1788 and Tennessee was formed in 1796 More settlers came to the new state but the area was destined to grow into a city when a combination of railroad connections in the area sparked growth during the late 19th century In 1903 the creation of the National Soldiers Home brought disabled veterans of the Spanish American War and the Civil War to Johnson City Readers of this book will enjoy viewing photographs and reading about early residents prominent homes and historic buildings such as the East Tennessee Normal School which opened in 1911 Many of the more than 200 photographs in this volume have never before been published *Carter County* Jackie Peters, Dawn Trivette Peters, 2012-09-10 In the 1760s the first Europeans crossed the Blue Ridge Mountains from North Carolina into the Valley of Virginia to settle the area that now comprises Carter County Tennessee They illegally settled the fertile bottomlands already cleared by Native Americans along the banks of Watauga River where Elizabethton is now situated This was in direct defiance of British law forbidding settlements west of the Appalachian Mountains The settlers became known as the Overmountain Men In 1775 they obtained clear title to the Indian land they had illegally occupied for years Carter County was established in 1796 from Washington District North Carolina Early residents relied on natural

resources for food and employment and the mountains and streams supplied an abundance of wild game for hunters and trappers Throughout the 1800s iron ore was mined and furnaces operated along watercourses Throughout the early 1900s lumber companies offered logging and sawmill jobs and in the 1920s two huge textile mills began operating in Elizabethton bringing Carter County into the industrial age American Book Publishing Record ,2003 *Bristol to Knoxville* Elena Irish Zimmerman,1996-10-01 Bristol to Knoxville A Postcard Tour takes us on a journey back to a simpler time 1939 and invites us to tour the towns of East Tennessee by means of the picture postcard The 1930s were fascinating years in America It was a time of struggle and yet of hope of hardship and yet of optimism America fought her way through the Depression to emerge the better for it and those who came through were determined to live the American dream In 1939 as in previous decades the postcard was a supremely popular means of fast and easy communication Postcard companies sent their photographers all over America to cities and crossroads alike These photographers captured on film scenes that would prove popular commercially but in doing so they were unknowingly creating a tremendous archive of historical images that are of great value today for the insights they offer into the way life was lived in the early twentieth century D.D. Dougherty, Lillie Dougherty and the Early Years of Appalachian State Doris Perry Stam,2024-10-02 The 125 year history of Appalachian State University rests on the ambitious yet selfless dream of empowering impoverished mountain families through education Dauphin Disco Dougherty his wife Lillie Shull Dougherty and his bachelor brother Blanford Barnard Dougherty founded a small semi private high school in 1899 at great personal cost and would only be able to sustain its growth to a state teacher s college through their fortitude of character and commitment Drawing extensively on primary sources some of which have appeared in no previous book this history presents the first 30 years of the university s life and background With over 100 historic images and dozens of first hand accounts and interviews the text uncovers forgotten foundations and fascinating personal details of the school s founders bringing the first 30 years of App State to life *Images of America* North Ogden Historical Museum,2010 **Elizabethton** Michael Depew,Lanette Depew,2004-08-25 The bustling city of Elizabethton Tennessee located on the convergence of the Watauga and Doe Rivers is the product of a long and rich history For centuries its fertile ground and ample wildlife sustained the Cherokee Indians who later leased and sold a vast amount of land to settlers in the mid 1700s In 1772 these settlers formed the Watauga Association becoming what Teddy Roosevelt called the first men of American birth to establish a free and independent community on the continent The era of industrialization resulted in several factories and mills all along Elizabethtons rivers creating a commercial paradise that continues to thrive today *Catalog of Copyright Entries.
