Britt,Phillip S. Barie,Andrew B. Peitzman,Gregory Jurkovich,2012-06-04 Acute Care Surgery is a comprehensive textbook covering the related fields of trauma critical care and emergency general surgery The full spectrum of Acute Care Surgery is expertly addressed with each chapter highlighting cutting edge advances in the field and underscoring state of the art management paradigms In an effort to create the most definitive reference on Acute Care Surgery an evidence based approach is emphasized for all content included Also notable controversies are discussed in detail often accompanied by data driven resolutions **The National Union Catalogs, 1963-** ,1964 **Operative Strategy in General Surgery** Jameson L. Chassin,2013-11-11 Operative Strategy is the advance plan that the surgeon develops to anticipate and avoid the technical pitfalls and danger points of an operation The goal is to make each operation safe and free from complications This book covers all operations in general surgery the digestive tract breast abdominal wall and selected head and neck and endocrine operations After discussing the concept and operative strategy Dr Chassin presents a detailed description of each operation copiously illustrated with the detailed elegant drawings of Caspar Henselmann An essential reference for all residents and practicing surgeons It should be readily available to medical residents and have a place in the library of every surgeon Rodney Maingot Journal of the Royal Society of Medicine *Zollinger's Atlas of Surgical Operations, Ninth Edition* Zollinger Jr.,E. Ellison,2010-10-08 The classic step by step atlas of general surgery procedures now in color and updated with the latest laparoscopic operations A Doody s Core Title for 2011 1615 color highlighted illustrations a beautifully illustrated atlas of modern surgical procedures While in other atlases line drawings may simplify and operative photographs may add realism the illustrations in this atlas allow the surgeon to visualize both the anatomy and the operation Beyond this the softly colored illustrations are aesthetically pleasing and invite reading of the accompanying narrative In sum while the ninth edition of Zollinger s Atlas of Surgical Operations differs from the early editions in many ways it nonetheless evokes the enduring qualities of its predecessors and will guide yet another generation of surgeons JAMA For more than half a century Zollinger s Atlas of Surgical Operations has been the gold standard reference for learning how to perform the most common surgical procedures using safe well established techniques The ninth edition continues this tradition of excellence with the addition of color illustrations and coverage of more than 230 procedures including many of the most important laparoscopic operations Following the proven effective

design of previous editions each procedure is fully explained on two pages The right page contains beautifully rendered line drawings with color highlights that depict every important action a surgeon must consider while performing the operation The facing page includes consistently formatted coverage of indications preoperative preparation anesthesia position operative preparation incision and exposure procedure closure and postoperative care Features Coverage of gastrointestinal hepatobiliary pancreatic vascular gynecologic and additional procedures including hernia repair vascular access breast procedures sentinel lymph node biopsy thyroidectomy and many more New coverage of the latest laparoscopic procedures including right and left colectomy distal pancreatectomy with splenic preservation right and left adrenalectomy bariatric roux en Y gastric bypass and adjustable gastric banding and more Time tested updated and enhanced by color Zollinger's remains the ultimate teaching atlas of surgery **Chassin's Operative Strategy in General Surgery** Carol E.H.

Scott-Conner, 2013-11-19 The Fourth Edition of Chassin's Operative Strategy in General Surgery An Expositive Atlas is designed to expand this comprehensive and unique general surgery reference while remaining true to the special character of the work This unique text continues to provide an emphasis on surgical strategy that is unmatched by other textbooks of surgical technique It continues to comprehensively cover all non vascular operations commonly performed by general surgeons As always Chassin's explains the conceptual basis of each operation outlines strategies to avoid common pitfalls and carefully describes and beautifully illustrates the technical steps of each operation The Fourth Edition has been expanded and updated by adding both new procedures and new features A significant new feature Documentation Basics has been added to each chapter providing a bulleted list of key features that need to be listed in the operative note to accurately describe extent of procedure and enhance accuracy of coding General surgery continues to evolve Procedures are added and many operations are done through new minimal access approaches However as a surgeon may be called upon to perform an operation that has become rare Chassin's unique legacy material has been retained for reference In addition 17 new chapters have been added including 4 new chapters on colorectal surgery Over 1100 elegant illustrations and new radiographs accompany detailed textual explanations More than ever Chassin's Operative Strategy in General Surgery An Expositive Atlas Fourth Edition is an indispensable reference for all surgical residents and practicing surgeons *Eponyma v medicíně*
