**E. M. Forster's Posthumous Fiction** Norman Page, 1977      **The Ruling Passion** Christopher Lane, 1995 In *The Ruling Passion* Christopher Lane examines the relationship between masculinity homosexual desire and empire in British colonialist and imperialist fictions at the turn of the twentieth century Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on sublimated desire this book presents a counterhistory of the empire's many layers of conflict and ambivalence Through attentive readings of sexual and political allegory in the work of Kipling Forster James Beerbohm Firbank and others and deft use of psychoanalytic theory *The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure power and mastery intimacy and antagonism By foregrounding the shattering effects of male homosexuality and interracial desire and by insisting on the centrality of unconscious fantasy and the death drive *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery      *An E. M. Forster Chronology* J. Stape, 2016-07-27 This chronology provides a concise and accurate outline of Forster's personal literary and intellectual life from year to year in a series of crisply written diary entries While the main focus is on his career as a writer of fiction most of which falls between 1901 and 1924 the chronicle format also sheds new light on the extent and nature of Forster's political and public commitments during his middle years and into an active old age Travel friendships and wide reading are also documented to achieve a coherent picture of a full life Drawing on numerous unpublished sources including widely scattered letters and the Forster archive at King's College Cambridge this chronology makes available a wealth of new information about Forster the man and writer

**Twenty-First-Century Readings of E. M. Forster's 'Maurice'** Emma Sutton, Tsung-Han Tsai, 2020-03-26 This is the first book length study of Forster's posthumously published novel Nine essays focus exclusively on *Maurice* and its dynamic afterlives in literature film and new media during the twentieth and twenty first centuries Begun in 1913 and revised over almost fifty years *Maurice* became a defining text in Forster's work and a canonical example of queer fiction Yet the critical tendency to read *Maurice* primarily as a revelation of Forster's homosexuality has obscured important biographical political and aesthetic contexts for this novel This collection places *Maurice* among early twentieth century debates about politics philosophy religion gender Aestheticism and allegory Essays explore how the novel interacts with literary predecessors and contemporaries including John Bunyan Oscar Wilde Havelock Ellis and Edward Carpenter and how it was shaped by personal relationships such as Forster's friendship with Florence Barger They close read the textual variants of Forster's manuscripts and examine the novel's genesis and revisions They consider the volatility of its reception analysing how it galvanizes subsequent generations of writers and artists including Christopher Isherwood Alan Hollinghurst Damon Galgut James Ivory and twenty first century online fanfiction writers What emerges from the volume is the complexity of the novel as a text and

Modernism, Male Friendship, and the First World War Sarah Cole,2003-08-28 Sarah Cole examines the rich literary and cultural history of masculine intimacy in the twentieth century Cole approaches this complex and neglected topic from many perspectives as a reflection of the exceptional social power wielded by the institutions that housed and structured male bonds as a matter of closeted and thwarted homoerotics as part of the story of the First World War Cole shows that the terrain of masculine fellowship provides an important context for understanding key literary features of the modernist period She foregrounds such crucial themes as the over determined relations between imperial wanderers in Conrad s tales the broken friendships that permeate Forster s fictions Lawrence s desperate urge to make culture out of blood brotherhood and the intense bereavement of the war poet Cole argues that these dramas of compelling and often tortured male friendship have helped to define a particular spirit and voice within the literary canon
