Embrace the Future R Gopalakrishnan, Hrishi Bhattacharyya, 2024-02-18 ONCE UPON A TIME there was a family whose very name connoted wealth The Vanderbilts had a vast empire built on freight through steamboats and railroads Over a few generations the wealth worth billions in today's money had been frittered away and the business itself faded as new options came up in the freight business Their story remains an enduring example of what happens when business leaders fail to embrace the future and transform BUSINESS TRANSFORMATION is a live subject one that authors R Gopalakrishnan and Hrishi Bhattacharyya have between them a hundred plus years of leading in their companies Their learnings supported by numerous examples make for riveting reading One chief lesson why such transformations succeed or fail has to do with combining the art and science of the change the heart and the mind and getting the balance of the two right In life as in business to effect a transformation one needs a compelling narrative one that inspires the organisation Important too is to see transformation as a continuous endeavour and made a part of work culture rather than to consider it an exercise undertaken only in a crisis *Embrace the Future* is a major book by two business leaders that will appeal to anyone who has faced change in today's fluid business environment most of us As Gopalakrishnan and Bhattacharyya emphasise companies that fail to adapt are destined to perish One needs to learn from the past manage the present and prepare for the future We must imagine the future we desire and then fold it into the present

United States Congressional Serial Set, Serial No. 14877, Senate Reports Nos. 302-342 United States Congress. House of Representatives, *Preserving a Strong United States Postal Service* United States. Congress. Senate. Committee on Governmental Affairs, 2004 *Embracing God's Future without Forgetting the Past* Michael K. Girlinghouse, 2019-08-06 Many congregations today are dealing with changes that have led to decline and significant loss In *Embracing God's Future without Forgetting the Past* Michael K Girlinghouse argues that until a congregation comes to terms with its perceived losses through a healthy process of grief it will be paralyzed in the present and unable to think creatively about the future Acknowledging and expressing grief will give the congregation the courage to redefine its relationship with the past and draw strength and encouragement from its memories as it steps into the future Drawing on more than thirty years of ministry experience in varied settings and concurrent study and teaching about loss grief and nostalgia Girlinghouse shows clergy church staff and lay leaders how they can work through the experience of loss and grief both personally and in their congregation Part 1 discusses loss and grief using a contemporary task based model for the grief process It also introduces recent research on the value of nostalgia In part 2 Girlinghouse helps leaders tell their congregation's story including its losses examine how that story fits in our current social context and explore ways to accept the reality of its losses and express grief over them Part 3 considers ways congregations can think more adaptively and creatively about the future without forgetting or devaluing the past Girlinghouse presents

appreciative inquiry as a tool to discover and build on a congregation's strengths while coming to terms with its losses Part 4 is about embracing God's future for the congregation remembering forward and making the changes necessary to move from the sadness of loss to the joy of taking up life again Each chapter includes a Bible study and questions for reflection and discussion
