**The Queen** Catherine Ryan, 2018-01-16 Her Royal Highness Queen Elizabeth II has reigned

for 64 years longer than any British monarch in history During that time the Queen has endured the ups and downs that long life will bring She was a beacon of hope during and after the Second World War in difficult times when the world faced a precarious future and she has served as a role model for generations of men and women who continue to be in awe of her commitment to service sacrifice and the Commonwealth of nations over which she rules The abdication of her uncle Edward VIII in 1936 turned her family's world upside down When her father was crowned King George VI Elizabeth was thrust into the eye of the storm as a future queen A shy and reserved child she grew into a wise and insightful monarch who has dealt ably with nine British Prime Ministers during her long reign from Winston Churchill to Theresa May It was of course not always straightforward and the Queen has found herself in hot water several times most notably during the marriage of Prince Charles and Diana Princess of Wales When Diana was tragically killed in a car crash the standing of the Royal Family was probably at its lowest ebb It is unlikely that we will ever see a monarch reign so long or so effectively again holding together a disparate group of nations each with its own aspirations customs and traditions Catherine Ryan has written an intriguing biography of one of the most famous women of modern times who at 91 years old still seems fit and healthy and looks very unlikely to hand over the reins to her successors any time soon [DK Life Stories Queen Elizabeth II](#)

almost for granted setting the standard people now expect of a British monarch The longest lived and second longest reigning monarch in British history Elizabeth II has overseen her country during a time of incredible turmoil and ever accelerating change providing a stable figure at the heart of a nation going through seemingly endless upheavals Her impact in this regard extends beyond the United Kingdom and all the way to those countries of the Commonwealth over which she is still monarch This book provides readers with an intimate look at Queen Elizabeth's encounters with divine figures including her powerful meeting with Jesus and the Father The Queen shares her impressions of heaven revealing her thoughts on the eternal world the people she has met and the impact heaven has had on her personal transformation Insights into her relationships with Princess Diana Mary Magdalene and other notable figures further enrich the narrative *Queen Elizabeth II* Charles River Editors, 2015-05-21 Includes pictures Includes quotes by the Queen about her life and reign Includes online resources and a bibliography for further reading Includes a table of contents When I was twenty one I pledged my life to the service of our people and I asked for God's help to make good that vow Although that vow was made in my salad days when I was green in judgement I do not regret nor retract one word of it Elizabeth II Until the implementation of new legislation on March 26 2015 men were given preference to women in the British royal line This system of male primogeniture meant that women seldom inherited the throne and even when they did they were often dominated by male councillors Those women who married British kings gained the title of Queen but they were queen consorts holding the title with no power This makes Elizabeth II one of a select few queens regnant queens ruling in their own right and one of even fewer to set her own course in the history of her family and its throne This is ironic given that history and Elizabeth's relation to preceding monarchs made it highly unlikely that she would ever even inherit the throne It was only the abdication of her uncle in circumstances that shocked the world that put the young Princess Elizabeth's father on the throne and made her the heir In less tumultuous times hers would not have been the head that wore the crown Nonetheless Queen Elizabeth II has become so much a part of British society and culture that her presence is taken almost for granted setting the standard people now expect of a British monarch The longest lived and second longest reigning monarch in British history Elizabeth II has overseen her country during a time of incredible turmoil and ever accelerating change providing a stable figure at the heart of a nation going through seemingly endless upheavals Her impact in this regard extends beyond the United Kingdom and all the way to those countries of the Commonwealth over which she is still monarch In too many ways to count hers has been an extraordinary reign but even as she has been able to portray herself as a figure of tradition she has been a modern queen in many respects so even as she reaches old age and her subjects are forced to consider what life will be like without her she has set the Royal Family on a path to modernity *Queen Elizabeth II The Life and Legacy of Britain's Second Longest Reigning Monarch* traces the life of Elizabeth II and the history of her reign Along with pictures of important people places and events you will learn about Queen Elizabeth II like never before in no time at all **Queen Elizabeth II** Adam West, 2019-07 This book serves as
