Ella Climbs A Mountain:

Ella Climbs a Mountain Anita Harper, Mike Jackson, 1977 *Where the Mountain Casts Its Shadow* Maria Coffey, 2007-04-01 Maria Coffey's *Where the Mountain Casts Its Shadow* is a powerful affecting and important book that exposes the far reaching personal costs of extreme adventure Without risk say mountaineers there would be none of the self knowledge that comes from pushing life to its extremes For them perhaps it is worth the cost But when tragedy strikes what happens to the people left behind Why would anyone choose to invest in a future with a high altitude risk taker What is life like in the shadow of the mountain Such questions have long been taboo in the world of mountaineering Now the spouses parents and children of internationally renowned climbers finally break their silence speaking out about the dark side of adventure Maria Coffey confronted one of the harshest realities of mountaineering when her partner Joe Tasker disappeared on the Northeast Ridge of Everest in 1982 In *Where the Mountain Casts Its Shadow* Coffey offers an intimate portrait of adventure and the conflicting beauty passion and devastation of this alluring obsession Through interviews with the world's top climbers or their widows and families Jim Wickwire Conrad Anker Lynn Hill Joe Simpson Chris Bonington Ed Viesturs Anatoli Boukreev Alex Lowe and many others she explores what compels men and women to give their lives to the high mountains She asks why despite the countless tragedies the world continues to laud their exploits With an insider's understanding Coffey reveals the consequences of loving people who pursue such risk the exhilarating highs and inevitable lows the stress of long separations the constant threat of bereavement and the lives shattered in the wake of climbing accidents **The Will to Climb** Ed Viesturs, David Roberts, 2012-10-23 The bestselling author of *The Mountain and No Shortcuts to the Top* chronicles his three attempts to climb the world's tenth highest and statistically deadliest peak while exploring the dramatic and tragic history of others who have made or attempted the ascent Viesturs and Roberts have written an exhaustively researched and wonderfully compelling history of the most fascinating and dangerous of the Himalayan giants David Breashers veteran mountaineer and documentary filmmaker director of IMAX film *Everest* As a high school student Ed Viesturs read and was captivated by the French climber Maurice Herzog's famous and grisly account of the first ascent of Annapurna in 1950 When he began his own campaign to climb the world's fourteen highest peaks in the late 1980s Viesturs looked forward with trepidation to undertaking Annapurna himself Two failures to summit in 2000 and 2002 made Annapurna his nemesis His successful 2005 ascent was the triumphant capstone of his climbing quest In *The Will to Climb* Viesturs and co author David Roberts bring the extraordinary challenges of Annapurna to vivid life through edge of your seat accounts of the greatest climbs in the mountain's history and of his own failed attempts and eventual success In the process Viesturs ponders what Annapurna reveals about some of our most fundamental moral and spiritual questions questions he believes that we need to answer to lead our lives well *Sideshow* JC Brown, 2020-02-29 Grieving from his brother's passing Terry Rogers travels to Ticky Forest to commemorate one last photo with his friends He soon ventures

deeper into the forest alone and encounters a crazed family with special abilities The Sound of Music FAQ Barry Monush,2015-02-01 FAQ The Sound of Music FAQ is a comprehensive encyclopedia like reference to the world's most popular movie musical Rather than focusing on the often told stories of this classic movie this book looks at the 1965 Oscar winner in relation to its source including the true von Trapp family story and the Broadway musical from which it was derived The Sound of Music FAQ explores such facts and trivia as the movie's phenomenal original run in cinemas during which it dominated the box office for a staggering amount of time and became the highest grossing movie of the 1960s and of all time its long and varied life on home video and primetime television the bestselling soundtrack and many other related recordings information behind the stunning Austrian locations the critical feedback the many stage revivals and the continuing references homages reunions and tributes related to it over the many decades since its release *More Than Words Can Say* Marv Goldberg,1998-11-05 The story of the Ink Spots is a rags to riches story beloved in American mythology The success of the Ink Spots inspired many others to attempt some merely mimicking their popular and musical success They were without question the most influential black vocal group of the 1940s and one of the earliest to sing sweet ballads which they elevated to an art form although an increasingly formulaic one Goldberg gets behind the streamers and glitter of the Ink Spots and the publicity machines of record labels and provides the story of the group's creation its music and its monumental impact on the course of American music More Than Words Can Say uncovers the mythos and origins of the Ink Spots from the dramatic stories of finding the band name to the dozens of individuals who still claim to be original members of the group Goldberg interviews some of the singers musicians and arrangers associated with the original Ink Spots who provide invaluable first hand accounts of the group The book discusses the musical environment of the Ink Spots including the ASCAP BMI War gas rationing War of the Record Speeds vinyl shortages and all the lawsuits Additionally Goldberg has searched tirelessly through Billboard magazine and theater reviews to get a sense of the Ink Spots contemporary reception Also included is a bibliography of sources and a complete alphabetical listing of Ink Spots recordings released on Decca or Victor labels A fascinating story filled with excellently researched information and exciting anecdotes Goldberg's text brings out the authentic story of the Ink Spots from their origins in the early 1930s through the tumultuous recording world of 1940s and 1950s America *The Mountain* Ed Viesturs,2014-04-29 The only American to have climbed all fourteen of the world's eight thousand meter peaks sets his sights on Mount Everest in a work that combines his own climbs as well as narratives of famous climbs throughout the last century *Ella's Wish* Jerry S.
