The

Eisenhower Years Richard T. Stanley, 2012-06 The Fabulous Fifties were America's Happy Days The Eisenhower Years produced amazing contributions to our American culture and to other cultures around the world In so many ways Americans innovated and the world imitated from Elvis Presley and rock n roll to the Salk anti polio vaccine America's contributions to the world included motion pictures and the Broadway stage radio and television amateur and professional sports jazz the blues country and Western music traditional ballads and popular songs and rock n roll domestic and international business and trade public and private educational opportunities and a rich and varied literature While Americans did not invent all these categories they nevertheless took each to new heights during the Eisenhower Years and shared their bounty with the world The Eisenhower Years generally speaking were happier more stable more prosperous more optimistic and simpler times than the preceding decades of the 1930's and 40's and the increasingly turbulent 1960's and 70's that followed In fact America's exuberance in so many areas of the arts and everyday life was omnipresent As for political and military achievements President Eisenhower kept us safely out of war and was wise enough to stay out of the way of America's artists and entrepreneurs As a result the Eisenhower Years should forever be remembered as those Happy Days *Disney Voice Actors* Thomas S.
