## **Elusive Prophet:**

**The Elusive Prophet** Johannes de Moor, 2021-10-01 The Israelite prophets as historical persons as literary characters and as anonymous artists Whereas modern methods of literary analysis have brought the artistic qualities of the books of the Prophets increasingly into focus during the past century various modes of deconstruction have made the historical prophets themselves an ever more elusive phenomenon Passages in the Old Testament describing their work and experiences are not read as biography anymore but as literary fiction intended to picture the prophets as heroes of faith The real prophets were the anonymous artists who were responsible for the final editing of the legacy of the historical prophets and who often used the authority of their predecessors to promulgate their own theological views This volume brings together studies about this theme by members of the British and Dutch societies for Old Testament study Attempts to recover some of the biographical data and authentic experiences of the prophets alternate with penetrating analyses of the theological depth and stylistic virtuosity of the prophetic books The volume will be particularly useful to all those interested in the interpretation of the prophetic books of the Old Testament

**Ahad Ha'am Elusive Prophet** Steven J Zipperstein, 2012-08-27 An incisive biography of the guiding intellectual presence and chief internal critic of Zionism during the movement's formative years between the 1880s and the 1920s Ahad Ha'am One of the People was the pen name of Asher Ginzberg 1856-1927 a Russian Jew whose life intersected nearly every important trend and current in contemporary Jewry His influence extended to figures as varied as the scholar of mysticism Gershom Scholem the Hebrew poet Hayyim Nahman Bialik and the historian Simon Dubnow Theodor Herzl may have been the political leader of the Zionist movement but Ahad Ha'am exerted a rare perhaps unequalled authority within Jewish culture through his writings Ahad Ha'am was a Hebrew essayist of extraordinary knowledge and skill a public intellectual who spoke with refreshing candour on every controversial issue of the day He was the first Zionist to call attention to the issue of Palestinian Arabs He was a critic of the use of aggression as a tool in advancing Jewish nationalism and a foe of clericalism in Jewish public life His analysis of the prehistory of Israeli political culture was incisive and prescient Steven J Zipperstein offers all those interested in contemporary Jewry in Zionism and in the ambiguities of modern nationalism a wide ranging perceptive reassessment of Ahad Ha'am's life against the back drop of his contentious political world This influential figure comes to life in a penetrating and engaging examination of his relations with his father with Herzl and with his devotees and opponents alike Zipperstein explores the tensions of a man continually torn between sublimation and self-revelation between detachment and deep commitment to his people between irony and lyricism between the inspiration of his study and the excitement of the streets As a Zionist intellectual Ahad Ha'am rejected both xenophobia and assimilation seeking for the Jews

at the First Meeting of the European Association for Biblical Studies Utrecht 6-9 August 2000 The Persian era in Ancient Israel's history is an intriguing period The time span between Cyrus the Great and Alexander the Great was a theatre of shifts and changes These changes are observable in daily life in the organisation of society as well as in various religious phenomena The essays in this volume originate from a seminar about developments and movements in the religion of Israel after the Exile which was part of the first meeting of the European Association for Biblical Studies Utrecht 2000 The essays deal with questions like How did religion help inhabitants of Yehud to cope with the new reality How did this new reality influence the re-formulation of Yahwism What was the character of the existing Yahwism that was reformulated Rainer Albertz PhD Heidelberg 1972 Habilitation Heidelberg 1977 is ordinary Professor of Old Testament Studies at the University of Münster Westfalen Germany His most recent book is *Die Exilszeit 6. Vanderhooft *New Evidence Pertaining to the Transition from Neo-Babylonian to Achaemenid Administration in Palestine* **Amos** Rainer Kessler, 2025-07-30 This commentary examines the book of Amos as it appears in the Hebrew Bible a collection of messages from a prophet in the 8th century BCE who warned that the Kingdom of Israel would fall because of the wrongs of its wealthy elite Despite this warning the book ultimately offers hope for a restored future to the survivors in Judah and Israel The analysis traces how Amos's original message now only faintly visible was reshaped by later scribes after Israel's fall leading to the final version likely completed during the Persian period *Reconsidering the Date and Provenance of the Book of Hosea* James M. Bos, 2013-04-11 This study argues that the book of Hosea ought to be understood and read as a text that was composed in Persian period Yehud rather than in eighth century Israel The author challenges the traditional scholarship and emphasizes that there is the evidence to suggest that the book should be viewed as a Judahite text a book that was composed in the late sixth or early fifth century B.C.E. Bos provides an overview of the state of prophetic research as well as a discussion of genre and the generation of prophetic books linguistic dating and provenance and a survey of Hosea research Bos discusses various aspects of the book of Hosea that aim to prove his argument the book was composed in Persian period Yehud the anti-monarchical ideology of the book the dual theme of Exile and Return which is consistent with the discourse found in other Judahite books dating to the sixth century and the historiographical traditions

**Tradition and Transformation in the Book of Chronicles** P.C. Beentjes, 2008-11-30 This monograph contributes to a better understanding of the Book of Chronicles The past forty years have seen a complete transformation in the study of the Book of Chronicles The former domination of Chronicles by parallel texts in the Books of Samuel and Kings made way for studying the historical sociological literary theological and ideological aspects of Chronicles in their own right This book/document is now increasingly recognized as being of major interest to the Second Temple Period Reading the book of

Chronicles it appears that the Chronicler is constantly transforming Israel's traditions into a new theological and ideological system. In this study attention is therefore paid both to specific texts such as 1 Chronicles 17:21, 2 Chronicles 20:26 and to particular central themes such as the special function of Jerusalem and the peculiar way of how the Chronicler presents prophets, war narratives and genealogies. Isaiah 6-12 H.G.M. Williamson, 2018-02-08. This eagerly anticipated volume is the second installment in H.G.M. Williamson's International Critical Commentary on first Isaiah. For over one hundred years International Critical Commentaries have had a special place among works on the Bible. They bring together all the relevant aids to exegesis: linguistic, textual, archaeological, historical, literary and theological, to help the reader understand the meaning of the books of the Old and New Testaments. Williamson continues in this tradition, adding to his already published volume on Isaiah 1-5. Covering the next seven chapters of Isaiah, Williamson incorporates a range of secondary scholarly material with examination of all the key textual and critical issues surrounding the text. **Particularism and Universalism in Modern**

**Jewish Thought** Svante Lundgren, 2001. Explores how modern Judaism has balanced between universalism and particularism.

*The Christological Witness Function of the Old Testament Characters in the Gospel of John* Sanghee M. Ahn, 2014-06-01. This book investigates the narrative function of the Old Testament characters in the Gospel of John. The fascinating thesis is that the Hebrew characters in John's narrative uniformly function as a witness for the messianic identity of Jesus. The Jewish scriptural traditions, Hebrew and intertestamental ones, are compared to shed light on John's indebtedness for its formation of his Christology. A compelling argument ensues which informs our understanding not only of the Gospel itself but also of Jesus Christ revealed in the Gospel. **COMMENDATION** Dr. Ahn's thorough and careful study represents a solid contribution from which many will benefit. All serious interpreters of the Johannine witness will want to refer to this work. Mark A. Seifrid, Southern Baptist Theological Seminary, USA. *The Books of Kings* André Lemaire, Baruch Halpern, Matthew Joel Adams, 2010. This collaborative commentary or dictionary of Kings explores cross-cutting aspects of Kings, ranging from the analysis of its composition, historically regarded to its transmission and reception. Ample attention is accorded sources, figures and peoples who play a part in the book. The commentary deals with Kings' treatment in translation and role in later ancient literature. While our comments do not proceed verse by verse, the volume furnishes guidance from contributors highly qualified to advance contemporary discussion on the book's historical background, its literary intentions and characteristics, and on themes and motifs central to its understanding, both of itself and of the world from which it arose. This volume functions as a meta-commentary, offering windows into the secondary literature but assembling data more fully than is the case in individual commentaries.
