

THE EMERALD WHALER

by William
J. Laubenstein

*A saga of the sea and men
who risked all for freedom.*

Emerald Whaler

A Gutmann

Emerald Whaler:

The Emerald Whaler William J. Laubenstein, 1960 True adventure of the rescue from Australian imprisonment of six Irish political rebels in 1876 engineered by Fenian sympathizers and an intrepid Yankee whaling crew *The Emerald Whaler - Primary Source Edition* William J. Laubenstein, 2014-02 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book *Petticoat Whalers* Joan Druett, 2001 First US Edition The first comprehensive book on whaling wives at sea written for a general audience [John Devoy's Catalpa Expedition](#) Philip Fennell, Marie King, 2008-04 The story of John Devoy's 1876 Catalpa rescue is a tale of heroism creativity and the triumph of independent spirit in pursuit of freedom The daily log on board the whaling ship Catalpa begins with the typical recount of a crew intact and a spirit unfettered but such quiet words deceive the truth of the audacious enterprise that came to be known as one of the most important rescues in Irish American history John Devoy's men rescued six Irish political prisoners from the Australian coast allowing millions of fellow Irishmen and American Fenians many of whom secretly financed the dangerous plot to draw courage from the newly exiled prisoners Philip Fennell and Marie King tell the story from John Devoy's own records and the ship's logbooks John Devoy's Catalpa Expedition includes an introduction by Terry Golway and the personal diaries letters and reports from John Devoy and his men **The Great Shame** Thomas Keneally, 2010-09-22 Thomas Keneally recounts history with the uncanny skill of a great novelist whose only interest is to lay bare the human heart in all its hope and pain As he was able to do in Schindler's List he shows us in The Great Shame a people despised and rejected to the point of death who in the face of all their sorrows manage to keep their souls This story of oppression famine and emigration a principal chapter in the story of man's inhumanity to man becomes in Keneally's hands an act of resurrection Irishmen and Irishwomen of a century and a half ago live once more within the pages of this book Thomas Cahill author of How the Irish Saved Civilization In the nineteenth century Ireland lost half of its population to famine emigration to the United States and Canada and the forced transportation of convicts to Australia The forebears of Thomas Keneally author of Schindler's List were victims of that tragedy and in The Great Shame Keneally has written an astonishing monumental work that tells the full story of the Irish diaspora with the narrative grip and flair of a great novel Based on unique research among little known sources this masterly book surveys eighty years of Irish history through the eyes of political prisoners including Keneally's ancestors who left Ireland in chains and eventually found glory in one form or another in Australia and America We meet William Smith O'Brien leader of an uprising at the height of the Irish Famine who rose from solitary confinement in Australia to become the

Mandela of his age Thomas Francis Meagher whose escape from Australian captivity led to a glittering American career as an orator a Union general and governor of Montana John Mitchel who became a Confederate newspaper reporter gave two of his sons to the Southern cause was imprisoned with Jefferson Davis and returned to Ireland to become mayor of Tipperary and John Boyle O Reilly who fled a life sentence in Australia to become one of nineteenth century America s leading literary lights Through the lives of many such men and women famous and obscure some heroes and some fools most a little of both all of them stubborn acutely sensitive and devastatingly charming we become immersed in the Irish experience and its astonishing history From Ireland to Canada and the United States to the bush towns of Australia we are plunged into stories of tragedy survival and triumph All are vividly portrayed in Keneally s spellbinding prose as he reveals the enormous influence the exiled Irish have had on the English speaking world A terrible and personal saga history delivered with a scholar s density of detail but with the individualizing power of a multi talented novelist William Kennedy *Whaling Will Never Do For Me* Briton Cooper Busch,2021-10-21 I just begin to find out that whaling will never do for me and have determined to leave the ship here if possible That sentiment expressed by a foremast hand aboard the ship Caroline in 1843 is one shared by many of the whalemens in this fascinating book Interest in Herman Melville s Moby Dick has contributed to a substantial literature on the history and lore of the industry But not until now has the vast body of surviving whaleship logs and journals been used to paint an encompassing picture of the difficult but colorful life aboard nineteenth century American whaling vessels Briton Cooper Busch author of a definitive history of the American sealing industry in this book only incidentally discusses the actual chase for whales His focus instead is the life of whalemens at sea and particularly the harsh discipline that kept men aboard through long and often dispiriting years Busch depicts the complex social world aboard ship defining and detailing such issues as crime and punishment competing racial elements the social distance between officers and men sexual behavior and the role of women aboard ships For oppressed discouraged or simply bored whalemens several escapes existed from the rarest of all mutiny through labor protests of various types to individual desertion or appeal to an American consul abroad To each of these topics Busch devotes a chapter He also provides glimpses of those occasional moments of relief such as a Fourth of July celebration and such somber moments as a death at sea Fascinating details and original quotations from individual whalemens make this book more than a study of general trends For anyone with even a casual interest in whaling it is indispensable *Commercial Fisheries Review* ,1961 *The Columbia Guide to Irish American History* Timothy J. Meagher,2005-09-14 Once seen as threats to mainstream society Irish Americans have become an integral part of the American story More than 40 million Americans claim Irish descent and the culture and traditions of Ireland and Irish Americans have left an indelible mark on U S society Timothy J Meagher fuses an overview of Irish American history with an analysis of historians debates an annotated bibliography a chronology of critical events and a glossary discussing crucial individuals organizations and dates He addresses a range of key issues in Irish American history

from the first Irish settlements in the seventeenth century through the famine years in the nineteenth century to the volatility of 1960s America and beyond The result is a definitive guide to understanding the complexities and paradoxes that have defined the Irish American experience Throughout the work Meagher invokes comparisons to Irish experiences in Canada Britain and Australia to challenge common perceptions of Irish American history He examines the shifting patterns of Irish migration discusses the role of the Catholic church in the Irish immigrant experience and considers the Irish American influence in U S politics and modern urban popular culture Meagher pays special attention to Irish American families and the roles of men and women the emergence of the Irish as a governing class in American politics the paradox of their combination of fervent American patriotism and passionate Irish nationalism and their complex and sometimes tragic relations with African and Asian Americans

The Grey Undercurrent Felix Schürmann,2023-04-03 By extending their voyages to all oceans from the 1760s onward whaling vessels from North America and Europe spanned a novel net of hunting grounds maritime routes supply posts and transport chains across the globe For obtaining provisions cutting firewood recruiting additional men and transshipping whale products these highly mobile hunters regularly frequented coastal places and islands along their routes which were largely determined by the migratory movements of their prey American style pelagic whaling thus constituted a significant though often overlooked factor in connecting people and places between distant world regions during the long nineteenth century Focusing on Africa this book investigates side effects resulting from stopovers by whalers for littoral societies on the economic social political and cultural level For this purpose it draws on eight local case studies four from Africa s west coast and four from its east coast In the overall picture the book shows a broad range of effects and side effects of different forms and strengths which it figures as a grey undercurrent of global history

The Lookout ,1959 A List of the Reported Dangers to Navigation in the Pacific Ocean, Whose Positions are Doubtful, Or Not Found on the Charts in General Use ,1866 *Ontario Library Review* ,1961 The Bookseller ,1903 *Book Review Digest* ,1961 *The Bulletin* ,1962 Paradise Past Robert W. Kirk,2012-11-07 In the 400 years from Magellan s entrance into Pacific waters to 1920 the lives of the people of the South Pacific were utterly transformed Exotic diseases from Europe and America particularly the worldwide influenza pandemic were deadly for islanders Ardent missionaries changed the belief systems and lives of nearly all Polynesians Aborigines and those Papuans and Melanesians living in areas accessible to westerners By 1920 every island and atoll in the South Seas had been claimed as a colony or protectorate of a power such as Britain France or the United States Factors aiding this imperial sweep included European outposts such as Sydney advances in maritime technology the work of missionaries a desire to profit from the area s relatively sparse resources and international rivalry that led to the scramble for colonies The coming of westerners as this book points out was not entirely negative as head hunting cannibalism chronic warfare human sacrifice and other practices were diminished but whole cultures were irreversibly changed or even eradicated
