Ejercito Popular Republicano 193639 Spanish Republican Arms 193639:

Foreign volunteers and International Brigades in the Spanish civil war (1936-39) Bruno Mugnai, 2019-04-16 The International Brigades Spanish Brigadas Internacionales were military units made up of volunteers from different countries who traveled to Spain to fight for the Second Spanish Republic in the Spanish Civil War between 1936 and 1939 The number of combatant volunteers has been estimated at between 32 000 35 000 though with no more than about 20 000 active at any one time A further 10 000 people probably participated in non combatant roles and about 3 000 5 000 foreigners were members of CNT or POUM 1 They came from a claimed 53 nations to fight against the Spanish Falangist forces led by General Francisco Franco who was assisted by German and Italian forces The Spanish Civil War, 1936-39 Mark Falcoff, Fredrick B. Pike, 1982 **The Spanish Civil War** Charles J Esdaile, 2018-10-10 The Spanish Civil War A Military History takes a new military approach to the conflict that tore Spain apart from 1936 to 1939 In many histories the war has been treated as a primarily political event with the military narrative subsumed into a much broader picture of the Spain of 1936 9 in which the chief themes are revolution and counter revolution While remaining conscious of the politics of the struggle this book looks at the war as above all a military event and as one in whose outbreak specifically military issues particularly the split in the armed forces produced by the long struggle in Morocco 1909 27 were fundamental Across nine chapters that consider the war from beginning to endgame Charles J Esdaile revisits traditional themes from a new perspective deconstructs many epics and puts received ideas to the test as well as introducing readers to foreign language historiography that has previously been largely inaccessible to an anglophone audience In taking this new approach The Spanish Civil War A Military History is essential reading for all students of twentieth century Spain *El ejército republicano en la guerra civil* Michael Alpert, 1989 Este libro se dedica a estudiar e ilustrar la evolución de una institución militar que correspondió a una visión española de cómo luchar contra la sublevación militar del 18 de julio de 1936 Obra basada en fuentes primarias principalmente los archivos del ejército de la República y los recuerdos de personas que lucharon en él ofrece conclusiones a primera vista sorprendentes y que no coinciden con las opiniones generalizadas sobre el tema Esforzándose por tratar la historia con visión académica el autor describe la génesis del Ejército desde una agrupación de milicias semiautónomas hasta su final organización según modelos estrictamente castrenses que en cierta manera resultaron más conservadores que los de su enemigo con una estructura dominada por militares profesionales aunque todavía caracterizada por divisiones políticas El autor examina los conflictos interiores del ejército de la República demostrando cómo la escisión entre la política revolucionaria de la guerra civil y la perspectiva de defensa de la legalidad republicana se reflejó en la teoría organizativa y la praxis operativa de las fuerzas militares de la República **Tank Combat in Spain** Anthony J. Candil, 2021-05-03 Recounts in considerable detail how Germany Italy and Soviet Russia intervened in Spain supplying troops and equipment to the warring sides ARMOR Magazine Although Spain had been for many years on the periphery of the great

affairs of Europe within a few months of the Civil War breaking out in 1936 three out of the four major European powers Italy Germany and the Soviet Union decided to intervene Spain turned out to be the perfect proving ground to carry out controlled realistic experiments with live weapons and troops This book covers the theories of the three main contributors that provided armor to the warring parties in the civil war how those contributions shaped combat and how the lessons learned were then applied to tank combat in World War II The use of tanks in the Spanish Civil War wedded traditional war to modern technology The fighting in Spain did not offer any easy answers however to the question of infantry armor cooperation primarily because the tanks supplied were not very worthy and had been supplied in small numbers even though the Republicans organized an armored division The situation for the tanks on the Nationalist side was so bad in practical terms that they reused captured Russian armor in their units Tank employment in Spain did offer many lessons but the lessons did not always lie in what was done or accomplished but precisely on what was not done and was not accomplished Offers important insight into the employment of tanks during the war lessons learned or not learned by the participating armed forces

Globe at War *Republic of Egos* Michael Seidman, 2002-11-23 Most histories of the Spanish Civil War 1936-1939 have examined major leaders or well established political and social groups to explore class gender and ideological struggles The war in Spain was marked by momentous conflicts between democracy and dictatorship Communism and fascism anarchism and authoritarianism and Catholicism and anticlericalism that still provoke our fascination In *Republic of Egos* Michael Seidman focuses instead on the personal and individual experiences of the common men and women who were actors in a struggle that defined a generation and helped to shape our world By examining the roles of anonymous individuals families and small groups who fought for their own interests and survival and not necessarily for an abstract or revolutionary cause Seidman reveals a powerful but rarely considered pressure on the outcome of history He shows how price controls and inflation in the Republican zone encouraged peasant hoarding black marketing and unrest among urban workers Soldiers of the Republican Army responded to material shortages by looting deserting and fraternizing with the enemy Seidman's focus on average seemingly nonpolitical individuals provides a new vision of both the experience and outcome of the war

The Spanish Republic at War 1936-1939 Helen Graham, 2002-12-19 This book is a comprehensive 2002 analysis of the Spanish left during the civil war of 1936-9

I volontari stranieri e le brigate internazionali in Spagna (1936-1939) Bruno Mugnai, 2014-05-14 Brigate Internazionali fu il nome collettivo dato ai gruppi di volontari che si recarono in Spagna per appoggiare l'esercito repubblicano e combattere le forze fasciste comandate dal generale Francisco Franco durante la guerra civile spagnola Le Brigate Internazionali si distinsero nella difesa di Madrid nella battaglia di Guadalajara e in altre occasioni vedi seguito In questo approfondito studio realizzato dall'esperto Bruno Mugnai vengono affrontate tutte le vicende collegate all'epica storia di questi combattenti
