Folly And Intelligence In Political Thought:

Folly and Intelligence in Political Thought William Kluback,1990 A serious and profound discussion of some of the more important problems of modern thought readable and truly enjoyable Wherever the reader turns he is captivated by the originality of thought and its applicability to contemporary events This is a unique and distinguished book well worth the reader s time

The Philosopher's Index ,1993 Vols for 1969 include a section of abstracts

Routledge Companion to Intelligence Studies Robert Dover,Michael S. Goodman,Claudia Hillebrand,2013-09-05 The Routledge Companion to Intelligence Studies provides a broad overview of the growing field of intelligence studies The recent growth of interest in intelligence and security studies has led to an increased demand for popular depictions of intelligence and reference works to explain the architecture and underpinnings of intelligence activity Divided into five comprehensive sections this Companion provides a strong survey of the cutting edge research in the field of intelligence studies Part I The evolution of intelligence studies Part II Abstract approaches to intelligence Part III Historical approaches to intelligence Part IV Systems of intelligence Part V Contemporary challenges With a broad focus on the origins practices and nature of intelligence the book not only addresses classical issues but also examines topics of recent interest in security studies The overarching aim is to reveal the rich tapestry of intelligence studies in both a sophisticated and accessible way This Companion will be essential reading for students of intelligence studies and strategic studies and highly recommended for students of defence studies foreign policy Cold War studies diplomacy and international relations in general

Allen's Indian mail and register of intelligence for British and foreign India ,1889

Stupidity in Politics Nobutaka Otake,2020-10-11 Stupidity permeates our perception and practice of politics We frequently accuse politicians bureaucrats journalists voters elites and the masses for their stupidities In fact it is not only populist politicians sensational journalism and uneducated voters who are accused of stupidity Similar accusations can be and in fact have been made concerning those who criticize them as well It seems that stupidity is ubiquitous unable to be contained within or attributed to one specific political position personal trait or even ignorance and erroneous reasoning Undertaking a theoretical investigation of stupidity this book challenges the assumption that stupidity can be avoided Otake argues that the very ubiquity of stupidity implies its unavoidability that we cannot contain it in such domains as error ignorance or post truth What we witness is rather that one s reasoning can be sound evidence based and stupid In revealing this unavoidability he contends that stupidity is an ineluctable problem not only of politics but also of thinking We become stupid because we think It is impossible to distinguish a priori stupid thought from upright righteous thought Moreover the failure to address the unavoidability of stupidity leads political theory to the failure to acknowledge the productive moments that experiences of stupidity harbor within Such productive moments constitute the potential of stupidity that radical new ideas can emerge out of our seemingly banal and stupid thinking in our daily political activity

Roger Morrice and the Puritan Whigs Mark Goldie,2016 Mark Goldie s authoritative and highly readable

introduction to the political and religious landscape of Britain during the turbulent era of later Stuart rule. An exceptionally significant monograph and without doubt one of the most important to appear in the field of Restoration history in the last twenty years. Mark Goldie has done more than anyone else to illuminate the political and religious assumptions of late seventeenth century Englishmen. Dr Grant Tapsell, University of Oxford, Roger Morrice and the Puritan Whigs explains a movement that illuminates the world of its emblematic representative and explores one of the most remarkable documents of the seventeenth century. Morrice's *Entring Book* was supremely well informed, passionately committed and relentlessly opinionated. Chronicling the years 1677 to 1691, nearly a million words in length, it is the fullest surviving record of the tumultuous final years of the Stuart regime, from the Popish Plot and Exclusion Crisis to the Glorious Revolution. Morrice was a Puritan clergyman turned confidential reporter for leading Whig politicians, a barometer of opinion for whom reliable information was vital for public action. Just twenty years after Pepys's *Diary*, the *Entring Book* depicts a darker England gripped by a new crisis of popery and arbitrary government. Mark Goldie's deeply considered book examines the fortunes of Puritanism in the later Stuart age. It offers a story of disillusion and diminishing struggles for survival in the face of intolerance and of self-understanding among those who hoped to transform England through Godly rule. Yet the book also tells a countervailing story of revitalized and transformed Puritanism. Puritans worked through parliament, the royal court and the households of gentry, merchants, lawyers and clergy. Setting out to galvanize civil society, they mobilized public opinion, organized electorates and deployed the arts of journalism, influence and persuasion. This book has been adapted with a new substantial introduction and updated bibliography from the first volume of the *Entring Book* of Roger Morrice. Mark Goldie is Professor of Intellectual History at the University of Cambridge and a Fellow of Churchill College. [The Cumulative Book Index](#), 1990. A world list of books in the English language. *The Social & Political Ideas of Some Great Thinkers of the Renaissance and the Reformation* Fossey, John Cobb Hearnshaw, 1925. **Intelligence and Politics** James T. Shotwell, 1921.

Greek Political Theory Sir Ernest Barker, 2013-06-19. Much has been written about the interpretation of Plato in the last thirty years. Once interpreted as a revolutionary of the left and a prophet of Socialism, he has lately been interpreted as a revolutionary of the Right and a forerunner of Fascism. In this book, Plato appears as himself, a revolutionary indeed and even an authoritarian, but a revolutionary of the pure idea of the Good and an authoritarian of the pure reason, unattached either to the Right or the Left. *A Historical Sociology of Disability* Bill Hughes, 2019-09-26. Covering the period from Antiquity to Early Modernity, *A Historical Sociology of Disability* argues that disabled people have been treated in Western society as good to mistreat and with the rise of Christianity, good to be good to. It examines the place and role of disabled people in the moral economy of the successive cultures that have constituted Western civilisation. This book is the story of disability as it is imagined and reimagined through the cultural lens of ableism. It is a story of invalidation of the material habituations of culture and moral sentiment that paint pictures of disability as what not to be. The author examines the forces of moral

regulation that fall violently in behind the dehumanising ontological fait accompli of disability invalidation and explores the ways in which the normate community conceived of narrated and acted in relation to disability A Historical Sociology of Disability will be of interest to all scholars students and activists working in the field of Disability Studies as well as sociology education philosophy theology and history It will appeal to anyone who is interested in the past present and future of the last civil rights movement

Life Examined Nick Garside,Jonathan Lavery,Charles Wells,2021-12-15 Life Examined is an anthology of carefully edited readings designed to serve as an introduction to many of the fundamental concepts of ethical and socio political thought It includes primary sources from a variety of traditions with selections that range chronologically from ancient times through to the present day These readings have been thoughtfully selected edited and contextualized to provide students with opportunities to sharpen their capacities for critical and theoretical reflection The book begins with three key texts that frame the historical discourse Subsequent chapters are organized around ethical themes and theoretical questions that have animated debates throughout the ages including the nature of practical rationality scientific reasoning wisdom the law equality power violence and identity

Intelligence - Theories and Applications Rainer M. Holm-Hadulla,Joachim Funke,Michael Wink,2022-06-29 Intelligence allows people to understand events and to shape their surrounding environment This book delves deeper into the theories and applications of intelligence showing it is a multifaceted concept defined and explained differently by prestigious experts of various disciplines in their own research The book provides interdisciplinary connections of intelligence as it relates to a variety of clearly outlined subject areas and should lead to a deep understanding of the phenomenon as it pertains to practical applications in different domains Contributors in this volume present results from evolutionary biology mathematics artificial intelligence medicine psychology cultural studies economy political sciences and philosophy Individual scientific models are integrated in an interdisciplinary concept of wisdom This volume will help enhance the common understanding of intelligence for fellow researchers and scientists alike

Flattery and the History of Political Thought Daniel J. Kapust,2018-01-25 Flattery is an often overlooked political phenomenon even though it has interested thinkers from classical Athens to eighteenth century America Drawing a distinction between moralistic and strategic flattery this book offers new interpretations of a range of texts from the history of political thought Discussing Cicero Pliny Castiglione Machiavelli Hobbes Mandeville Smith and the Federalist Anti Federalist debates the book engages and enriches contemporary political theory debates about rhetoric republicanism and democratic theory among other topics Flattery and the History of Political Thought shows both the historical importance and continued relevance of flattery for political theory Additionally the study is interdisciplinary in both subject and approach engaging classics literature rhetoric and history scholarship it aims to bring a range of disciplines into conversation with each other as it explores a neglected and yet important topic

Political Philosophy Richard G. Stevens,2010-10-18 This book by Richard G Stevens is a comprehensive introduction to the nature of political philosophy It offers definitions of

philosophy and politics showing the tension between the two and the origin of political philosophy as a means of resolution of that tension Plato and Aristotle are examined in order to see the search for the best political order Inquiry is then made into political philosophy s new tension brought about by the growth of revealed religion in the Middle Ages It then examines the changes introduced by modernity and gives an overview of postmodern political thought The book covers the most influential philosophers and directs readers to the classics of political philosophy guiding them in studying them It is an approachable introduction to a complex subject not just a history of it It is a point of entry into the subject for students and for others as well

On Politics: A History of Political Thought: From Herodotus to the Present Alan Ryan, 2012-10-22 Looks at the history of politics from Hobbes to the twenty first century

A History of Political Thought Bruce Haddock, 2005-09-16 Combines historical and theoretical analysis setting political thought in the context of various frameworks of the modern world From the impact of the French and American revolutions through reaction and constitutional consolidation this book traces the contrasting criteria invoked to justify particular forms of political order from 1789
