Gaist, 2009-12-04 *Igniting the Power of Community* The Role of CBOs and NGOs in Global Public Health introduces readers to the pursuit and potential of community based organizations and nongovernmental organizations to transform global public health At a time of unprecedented challenges economic crises social inequalities environmental stressors emerging health threats these organizations are initiating and driving change often being the first to call attention to the issues and increasingly forging significant and sustainable solutions Through concrete examples success stories and cautionary tales from experienced practitioners *Igniting the Power of Community* demonstrates why understanding the roles of the diverse organizations of this sector is vital to anyone concerned with improving health and public health today This forward thinking book explains how citizen sector organizations work their immediate and long term impact on public health and the key players and business dynamics involved With an emphasis on innovative approaches it provides an insiders view into practical considerations regarding organizational structure financing and operations A sampling of the coverage The new era

of social entrepreneurship and philanthropy Sustainability in international public health NGOs Front line perspectives from both well established and grassroots CBOs Faith based organizations and public health NGOs and the military evolving relationships in conflict and disaster zones Understanding the environmental health movement and its impact Project YEAH a youth AIDS organizations story Whether you are involved in clinical care health research public health programs or policy development and implementation this book provides key insights and skills and will serve as an invaluable resource in working most effectively with and within these dynamic organizations body Community Gardening in an Unlikely City Tyler Schafer, 2020-12-10 Community gardening is as much about community as it is gardening and compared to growing plants cultivating community is far more difficult In Community Gardening in an Unlikely City The Struggle to Grow Together in Las Vegas Schafer documents his time as a member of a fledgling Las Vegas community garden and the process through which a rotating group of gardeners try to forge community He demonstrates the ways in which choices gardeners make about what goals to pursue or who belongs or what story to tell about their collective efforts influence how they and others experience and interpret the garden The garden culture that emerges over time shapes how or whether community is practiced at the garden and has important consequences for the gardeners abilities to connect with the low income Black and Latinx community in which it is located Schafer s analysis provides important insights about urban culture the environment and food justice in the American Southwest and a sober look into the often messy process and practice of community

**Urban Regeneration, Community Power and the (In)Significance of 'Race'** Paul J. Maginn, 2017-11-30 The concepts of community consultation and participation have come to dominate academic and policy debate about urban regeneration partnerships However there has been relatively little discussion about the nature of community power within regeneration partnerships Adopting an ethnographic approach in the study of community participation and power and the significance of race in three ethnically diverse neighbourhoods in London this book highlights that there has been a pluralistic turn in British urban regeneration policy Local communities often portrayed as the least powerful partner within partnerships are shown to use various strategies to influence decision making thus giving rise to a new typology of pluralism pragmatic hyper and paternalistic Furthermore the significance of race and racism within community forums and regeneration partnerships is challenged The playful use of the term In Significance in the title is linked to the argument that although racism exists race does not always matter **Geographies of Food and Power** Amy Trauger, 2022-08-17 This book provides a comprehensive overview of the production and consumption of food suitable for use in undergraduate classrooms either at the intermediate or advanced level It takes an intersectional approach to difference and power and approaches standard subjects in the geography of food with a fresh perspective focusing on inequality uneven production and legacies of colonialism The book also focuses on places and regions often overlooked in conventional narratives such as the Americas in the domestication of plants The topics covered in the textbook include descriptions and analyses of food systems

histories of agricultural development with a focus on the roles of different regions major commodities such as meat grains and produce with a focus on the place of production contemporary challenges in the food system including labor disasters conflict and climate change recent and emerging trends in food and agriculture such as lab grown meat and vertical urban farms Geographies of Food and Power takes a synthetic approach by discussing food as something produced within an interconnected system in which labor food quality and the environment are considered together It will be a valuable resource for students of human geography environmental geography economic geography food studies and development **The**

Anglin,2017-09-25 Growing local economies empowering communities revitalizing downtowns developing entrepreneurship building leadership and enhancing nonprofits you can achieve all these benefits and more with a comprehensive and

strategic revitalization plan

Chronicling the struggle of local revitalization as organizers move from trial and error to effective revitalization strategies

Promoting Sustainable Local and Community Economic Development documents the current transformation in community revitalization from market based incentives to mixed strategies of public sector learning partnerships and community capacity

Knowledge about the field and what works is growing but not always publicized and readily accessible

This reference surveys the breadth of innovative place and people development practices presenting lessons and examples at a general and textured level putting information about innovative ways to change influence and improve the economic development process within easy reach

Roland Anglin brings his unique vantage point to the topic his experience as a practitioner and applied academic allowed him to see how community economic development practices grow over time in size scale and impact

He highlights the difference between what is now termed community economic development CED and traditional local economic development practice specifically the priority placed on community involvement in economic development partnerships between the private sector and government

The book includes case studies that demonstrate what has and has not worked in revitalization efforts as well as how active public and private sector partnerships have been the most effective in revitalization efforts

A Resource Guide is included at the end of the book for readers who may want a more expansive understanding of community economic development

*The Healing Power of Community* Lusijah Marx, Graham Harriman, Robin McCoy Brooks, 2024-07-04

The Healing Power of Community offers a diverse cross section of interdisciplinary and depth psychological perspectives in support of using mutual aid approaches in all levels of group and community practice as a remedy for individualism and social and political divisions centering social justice

Written by three distinct voices who collaborated at the height of the AIDS crisis the book begins with an autoethnographic study of Project Quest an HIV AIDS clinic established in 1989 before looking at how the lessons learnt from this clinic can be applied to our current global mental health climate

Filled with clinical and theoretical applications chapters include content on what mutual aid communities are rethinking professionalism and boundaries in a crisis healing collective trauma group psychotherapy psychodrama depth psychology and how mental health professionals can support radical change of key structures in nonprofit clinics public administration private practice and research

Arguing for their approach of radicalizing mental health and community based practice today the book examines how this can be achieved by moving beyond individual level approaches creating new frameworks to meet the mental health needs of our era in creative ways

This book is designed to engage clinical social workers and mental health care clinicians working in community based mental health as well as those involved in community psychology collective trauma and grief HIV AIDS advocacy policy making and political advocacy
