Footprints In Cyprus An Illustrated History:

Footprints in Cyprus John Nicolas Coldstream,1982 **Footprints in Cyprus** David Hunt,1982 *Footprints in Cyprus* John Nicolas Coldstream,1994 Cyprus Marc Dubin,2002 Covering both the North and the South of Cyprus with equal detail and objectivity this guide includes features on the island s turbulent history and current politics It provides accounts of the island s attractions from the popular beach resorts to the remote hillside villages and reviews of the best places to eat drink and sleep for every budget **Footprints in Cyprus** John Nicolas Coldstream,1982 *Historical Dictionary of Cyprus* Farid Mirbagheri,Emilios A. Solomou,2021-12-10 As a major tourist destination and the most eastern member of the European Union housing two British Sovereign Bases and sitting at the intersection of three continents Cyprus attracts international attention in more ways than one hence the complex web of converging and conflicting outside interests that has marked and scarred the country s history Since 2009 when the previous edition appeared further big changes have occurred with the United Nations led efforts to bring about a settlement to the Cyprus problem as well as the latest on the exploration of hydrocarbon in the eastern Mediterranean seabed *Historical Dictionary of Cyprus Second Edition* contains a chronology an introduction and an extensive bibliography The dictionary section has several hundred cross referenced entries on important personalities politics economy foreign relations religion architecture and culture This book is an excellent resource for students researchers and anyone wanting to know more about Cyprus **The Trial of the Templars in Cyprus** Anne Gilmour-Bryson,2021-09-20 This major study includes a translation of all testimony heard during the Templar trial in Cyprus in 1310 or 1311 The trial is of immense importance to the study of the history of the order because of the large number of Templar witnesses seventy six many of high rank and the ancillary testimony of fifty six noblemen burghers and members of the regular and secular clergy What makes the trial especially significant is that torture appears not to have been used allowing witnesses to give their opinion of the order free of the usual constraint A large amount of testimony omitted from the Latin edition appears here for the first time Witnesses are cross referenced to other Templar trials or to Cypriot notarial documents The work is completed by photographs maps an exhaustive index lists of witnesses and bibliography *Religion and Social Transformations in Cyprus* Giorgos Papantoniou,2012-10-19 By focusing on religion this monograph represents the first extended attempt to explore how the socio cultural infrastructure of Cyprus was affected by the transition from segmented administration by many Cypriot kings to the island wide government by a foreign Ptolemaic correspondent **A Study of the Circulation of Ceramics in Cyprus from the 3rd Century BC to the 3rd Century AD** John Lund,2015-10-26 This is the first monograph devoted solely to the ceramics of Cyprus in the Hellenistic and Roman Periods The island was by then no longer divided into kingdoms but unified politically first under Ptolemaic Egypt and later as a province in the Roman Empire Submission to foreign rule was previously thought to have diluted if not obliterated the time honoured distinctive Cypriot character The ceramic evidence suggests otherwise The distribution of local and imported

pottery in Cyprus points to the existence of several regional exchange networks a division that also seems reflected by other evidence The similarities in material culture exchange patterns and preferential practices are suggestive of a certain level of regional collective self awareness From the 1st century BC onwards Cyprus became increasingly engulfed by mass produced and standardized ceramic fine wares which seem ultimately to have put many of the indigenous makers of similar products out of business or forced them to modify their output Also the ceramic record gradually became less diverse during the Roman Period than before developments which we today might be inclined to view as symptoms of an early form of globalisation

The Rough Guide to Cyprus Marc Dubin,2009-02-02 The Rough Guide to Cyprus in epub format explores every corner of this Mediterranean paradise from the fine sandy beaches and wooded hillsides to the ancient churches and buzzing bars The guide is fully up dated taking in the island s entry into the EU with new sections offering a guide to Cyprus s hearty traditional cuisine and its rich artistic and religious architecture breathtaking Ottoman mosques Byzantine churches and gothic cathedrals The introduction covers what not to miss and is illustrated with stunning photography showcasing Cyprus s dramatic natural beauty There are dozens of reviews from the best restaurants nightlife and hotels in Cyprus to the top shopping spots entertainment and outdoor activities as well as all the essential information you need for the trip of a lifetime The Rough Guide to Cyprus is the essential guidebook to this divided island covering both North and South with an insider s eye Make the most of your time with The Rough Guide to Cyprus

Cyprus in the Long Late Antiquity

Panayiotis Panayides,Ine Jacobs,2023-01-24 Cyprus was a thriving and densely populated late antique province Contrary to what used to be thought the Arab raids of the mid seventh century did not abruptly bring the island s prosperity to an end Recent research instead highlights long lasting continuity in both urban and rural contexts This volume brings together historians and archaeologists working on diverse aspects of Cyprus between the sixth and eighth centuries They discuss topics as varied as rural prosperity urban endurance artisanal production civic and private religion and maritime connectivity The role of the imperial administration and of the Church is touched upon in several contributions Other articles place Cyprus back into its wider Mediterranean context Together they produce a comprehensive impression of the quality of life on the island in the long late antiquity

The Geckos of Bellapais Joachim Sartorius,2015-02-15 The history of Cyprus offers a reflection of larger world history Coveted by a succession of foreign powers it has been repeatedly occupied the Phoenicians Greeks Romans Byzantines crusaders Venetians Genoese Ottomans and British have all left their mark on this Mediterranean island Alongside the Roman and early Byzantine ruins of Salamis other impressive monuments date from the Frankish and Venetian times including the Abbey of Bellapais the fortified harbor of Kyrenia the magnificent cathedrals of Nicosia and Famagusta the setting for Shakespeare s Othello In *The Geckos of Bellapais* Joachim Sartorius shares the cultures and legends colors and lights of the Levant He explores the island s history including its division after the Turkish invasion of 1974 and the difficulties that followed A revealing exploration of Cyprus after the Turkish partition and an evocative account

of one poet's life on one of the most beautiful islands in the Mediterranean this book belongs among the world's best travel writing

Mother of the Lamb Matthew J. Milliner, 2022-10-04 *Mother of the Lamb* tells the remarkable story of a Byzantine image that emerged from the losing side of the Crusades Called the Virgin of the Passion in the East and Our Lady of Perpetual Help in the West the icon has expanded beyond its Byzantine origins to become one of the most pervasive images of our time It boasts multiple major shrines on nearly every continent and is reflected in every epoch of art history since its origin even making an appearance at the Olympics in 2012 Matthew Milliner first chronicles the story of the icon's creation and emergence in the immediate aftermath of the Third Crusade whereupon the icon became a surprising emblem of defeat its own fame expanding in inverse proportion to Christendom's political contraction Originally born as a Christian response to the Christian violence of the Crusades it marked the moment when Mary's ministry of suffering love truly began Having traced the icon's origin and ubiquity Milliner teases out the painting's theological depth and continues the story of the icon's evolution and significance from its origins to the present day As the story of the icon moves well beyond Byzantine art history both temporally and thematically it engages religion politics contemporary art and feminist concerns at once Always though the icon exemplifies dignity in suffering a lesson that through this image Byzantium bequeathed to the wider world Encapsulating eleven centuries of development of the mourning Mary in Byzantium the Virgin of the Passion emerges as a commendable icon of humility a perennial watchword signaling the perils of imagined political glory The Virgin of the Passion emblemizing political humility the powerful agency of women and the value of inter Christian and extra Christian concord is an exemplary Marian image for the fledgling twenty first century

The Transport Amphorae and Trade of Cyprus Mark L. Lawall, John Lund, 2013-12-31 Placed as a stepping stone on the sea route between Europe and the New East Cyprus has always been a meeting place of many cultures Though rarely united politically through many millennia of history and for extended periods subject to foreign rule the island nonetheless managed to maintain specific and unique identities This publication seeks to throw new light on important aspects of the economy of Cyprus between c 700 BC and AD 700 through a concerted study of the transport amphorae found in and around the island These standardised containers of fired clay were commonly used for shipping foodstuffs from their places of production to the consumers in antiquity Completely preserved or found only in fragments such vessels are a prime source of information about the island's exports and imports of agricultural products and ultimately about the fluctuations in the economy of Cyprus through a crucial millennium and a half of her history The jars thus contribute both to our understanding

of the changing intensities of Cypriot connections with other centres around the Mediterranean and to the documentation of regional patterning within the island itself
