For England Poems Written During Estrang:

Word and Self Estranged in English Texts, 1550-1660 L.E. Semler, 2016-12-05 The essays in *Word and Self Estranged in English Texts 1550-1660* consider diverse historical contexts for writing about strangeness. They draw on current practices of reading to present contrasts and analogies within and between various social understandings. In so doing, they reveal an interplay of thematic and stylistic modes that tells us a great deal about how and why certain aspects of life and thinking were estranged in sixteenth and seventeenth century thinking. The collection's unique strength is that it makes specific bridges between contemporary perspectives and early modern connotations of strangeness and inhibition. The subjects of these essays are strange to our ways of thinking because of their obvious distance from us in time and culture. And yet curiously far from being entirely alien to these texts, some of the most modern thinking about paradigms, texts, concepts connects with the early modern in unexpected ways. Milton meets the contemporary competent reader, Wittgenstein meets Robert Cawdrey, Shakespeare embraces the teenager, and Marvell matches wits with French mathematician René Thom. Additionally, the early modern texts posit their own others or sites of estrangement: Moorishness, Persian art, even the human body with which they perform their own astonishing maneuvers of estrangement and alignment. In reading Renaissance works from our own time and inviting them to reflect upon our own time, *Word and Self Estranged in English Texts 1550-1660* offers a vital reinterpretation of early modern texts.

Poetry of Witness: The Tradition in English, 1500-2001 Carolyn Forché, Duncan Wu, 2014-01-27 A groundbreaking anthology containing the work of poets who have witnessed war, imprisonment, torture, and slavery. A companion volume to *Against Forgetting*, *Poetry of Witness* is the first anthology to reveal a tradition that runs through English language poetry. The 300 poems collected here were composed at an extreme of human endurance while their authors awaited execution, endured imprisonment, fought on the battlefield, or labored on the brink of breakdown or death. All bear witness to historical events and the irresistibility of

their impact Alongside Shakespeare Milton and Wordsworth this volume includes such writers as Anne Askew tortured and executed for her religious beliefs during the reign of Henry VIII Phillis Wheatley abducted by slave traders Samuel Bamford present at the Peterloo Massacre in 1819 William Blake who witnessed the Gordon Riots of 1780 and Samuel Menashe survivor of the Battle of the Bulge Poetry of Witness argues that such poets are a perennial feature of human history and it presents the best of that tradition proving that their work ranks alongside the greatest in the language
